Field bindweed  
Ground ivy

Herb  
Knotweed  
Oxalis  
Painwort  
Pigweed

Shepherd's purse  
Spotted deadnettle  
Yarrow  
Wild carrot

**EXTENDED FEEDING**—Specially developed formula provides sustained feeding of turf grasses, without burning when applied as directed.

**WHEN TO APPLY:** Apply any time during growing season. For most effective broadleaf weed control, apply when weeds are still small and most easily killed. NOTE—May damage bentgrasses, St. Augustine, centipede, carpetgrass, clover and dichondra—also grass seedlings on newly seeded lawns.

**HOW TO APPLY:** Follow directions carefully for best results.

1. Measure lawn area to be treated. Apply evenly at rate of one bag for each 10,000 sq. ft.
2. Apply with **Shaws'n Duff** Model 105 Spreader set at 5 1/2.
3. **IMPORTANT:** Apply when grass is moist (after a rain, sprinkling or dew). Do not water lawn after material is applied. Watering will wash off weed killing material.
4. For most effective broadleaf weed killing action, avoid unnecessary disturbance of treated areas for 48 hours after application.

## SPREADER SETTINGS

The settings listed below are calculated to apply GREENVIEW Modern TWO-WAY GREEN POWER® at the recommended rate. These settings are approximate. Check application rate of your spreader before applying. Settings may vary with type, age and condition of spreader.

Spreader	Setting	Spreader	Setting	Spreader	Setting
<b>Shaws'n Duff</b> Model 105	5 1/2	Sears	4 1/2	Jackson (drop type)	4 1/2

Used in the fall, Greenview WINTER GREEN fertilizes your lawn for all winter.

The special fall formula helps your grass survive the ravages of winter and green up faster in the spring.

WINTER GREEN helps promote sturdier, deeper root growth. This encourages underground feeding and actually thickens a lawn.

WINTER GREEN by Greenview. The Fall Fertilizer.

**CAUTION:** Avoid contact with skin, eyes or clothing. Avoid inhaling dust. Avoid contamination of foodstuffs, feeds, and fish ponds. Wash thoroughly after using.

Do not store near seed, fertilizer, insecticides or fungicides. Avoid contact with valuable shrubs, plants, or flowers. Vapors from this product may injure susceptible plants in the immediate vicinity. Do not contaminate water used for domestic or irrigation purposes.

Do not reuse empty bag. Dispose of through regular refuse collection system. Do not burn.

The manufacturer makes no warranties, express or implied, concerning this product, other than what is stated beyond the description on the face hereof. All statements made concerning this product apply only when used as directed.
