SUBJECT: Applications for Pesticide Notification
PREEN® The Weed Preventer EPA Reg. No. 961-280
GREENVIEW® PREEN 'N Green EPA Reg. No. 961-283
✓ CONFRONT® Plus Fertilizer EPA Reg. No. 961-395
PREEN® Garden Weed Preventer Plus Fertilizer EPA Reg. No. 961-407
Applications Dated October 25, 2006

Dear Mr. Rohland:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above products. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The labels submitted with the applications have been stamped "Notification" and will be placed in our records.

If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

Before buying this product, read the Warranty Section elsewhere on this label.
If terms are not acceptable, return the unopened container to the place of purchase at once.

Properly maintained turfgrass plays a valuable role in maintaining and improving our environment. In addition to its aesthetic and functional benefits, turfgrass helps to improve air and water quality. Please join us in protecting our lakes, streams, and rivers by using this and all plant nutrients responsibly; follow all label directions, do not apply to frozen ground or standing water, clean up spills, promptly remove fertilizers from impervious surfaces like walkways, driveways, and patios, and do not allow any fertilizer product to be washed into storm drain systems.

NOTIFICATION

NOV. 20 2006

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

NOT FOR USE ON TURF BEING GROWN FOR SALE OR OTHER COMMERCIAL USE AS SOD, OR FOR COMMERCIAL SEED PRODUCTION OR FOR RESEARCH PURPOSES.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Avoid breathing dust. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wear long-sleeved shirt and long pants, socks, shoes, chemical-resistant gloves (such as Natural Rubber, Selection Category A) and protective eyewear (goggles, face shield or safety glasses) when applying. Remove and wash contaminated clothing before reuse.

User Safety Recommendations

- Users should:
 - Wash hands after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet.
 - Remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing.
 - Wash the outside of gloves before removing. As soon as possible, wash thoroughly and change into clean clothing.

FIRST AID

IF IN EYES: Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a poison control center or doctor for treatment advice.

IF ON SKIN OR CLOTHING: Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.

IF SWALLOWED: Call a poison control center or doctor immediately for treatment advice. Have person sip a glass of water if able to swallow. Do not induce vomiting unless told to do so by a poison control center or doctor. Do not give anything by mouth to an unconscious person.

IF INHALED: Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably by mouth-to-mouth, if possible. Call a poison control center or doctor for further treatment advice.

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Have the product container or label with you when calling a poison control center or doctor or going for treatment. You may also contact 1-888-208-1368 for emergency medical treatment information.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and aquatic invertebrates. Drift or runoff from treated areas may be hazardous to aquatic organisms and non-target plants. Do not apply directly to water, to areas where surface water is present, or to intertidal areas below the mean high water mark. Do not contaminate water when cleaning equipment or disposing of equipment washwaters.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

PESTICIDE STORAGE: Store this product only in its original container in a cool, dry, secured storage area out of the reach of children. Do not store in or around the home. In case of spill, carefully sweep up material and use as directed, or dispose of material according to pesticide disposal directions below.

PESTICIDE DISPOSAL: Pesticide wastes are toxic. Improper disposal of excess pesticide or rinsate is a violation of Federal Law. If these wastes cannot be disposed of by use according to label instructions, contact your State Pesticide or Environmental Control Agency, or the Hazardous Waste representative at the nearest EPA Regional Office for guidance.

CONTAINER DISPOSAL: Completely empty bag into application equipment. Then dispose of empty bag in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke.

GENERAL INFORMATION

Lebanon ProScape Fertilizer Plus Confront 3 Herbicide provides broad-spectrum postemergence control of annual and perennial broadleaf weeds in established turf, including residential lawns, golf courses, sports fields, roadsides, cemeteries, and around commercial buildings and other commercial and residential turf areas. Apply during warm weather when weeds are actively growing. Application under drought conditions may provide less than desirable results. Applications to moist foliage helps granules adhere to weed surface and will improve control.

USE PRECAUTIONS AND RESTRICTIONS

Be sure that use of this product conforms to all applicable regulations
Restrictions on Retreatment: Do not apply more than 2 broadcast applications per year per treatment site. To minimize the potential for grass injury, additional applications should not be made within 4 weeks of a previous application.
 Do not use Lebanon ProScape Fertilizer Plus Confront 3 Herbicide on golf course putting greens or tees.
 Do not use on grass species, such as bentgrass or St. Augustinegrass, unless injury can be tolerated.
Avoid off target application: Applications should be made so as to avoid spreading material off target. Avoid getting granules in shrub bed or other areas where they may seriously injure susceptible plants.
 Do not apply to exposed suckers or roots of shallow rooted trees or shrubs.
 Do not apply Lebanon ProScape Fertilizer Plus Confront 3 Herbicide directly to, or otherwise permit it to come into direct contact with cotton, grapes, tobacco, vegetable crops, flowers, fruit or ornamental trees, or other desirable broadleaf plants.
 Do not apply under conditions that may have a potential to run-off to surface water or adjacent land. Where possible, use methods which reduce soil erosion, such as no-till, limited till and contour plowing; these methods also reduce pesticide run-off. Use of vegetation filter strips is recommended along rivers, creeks, streams, wetlands, etc.
 Do not apply on ditches used to transport irrigation water. Do not apply where runoff or irrigation water may flow onto susceptible crops as injury may result.

Lebanon ProScape Fertilizer Plus Confront 3 Herbicide is recommended for use on the following established turfgrass species:

Established Warm Season Turf Grasses "			
Common Name	Scientific Name	Common Name	Scientific Name
bentgrass	<i>Agrostis species</i>	Bahiagrass	<i>Paspalum notatum var. sauriae parodi</i>
bluegrass, Kentucky	<i>Poa pratensis</i>	Bermudagrass	<i>Cynodon dactylon</i>
fescue, chewing	<i>Festuca rubra var. commutata</i>	Centipedegrass	<i>Eremochloa ophiuroides</i>
fescue, creeping red	<i>Festuca rubra</i>	Zoysiagrass	<i>Zoysia japonica</i>
fescue, sheeps	<i>Festuca ovina</i>	Zoysiagrass	<i>Zoysia tenuifolia</i>
fescue, tall	<i>Festuca arundinaceae</i>	St. Augustinegrass	<i>Stenotaphrum secundatum</i>
ryegrass, perennial	<i>Lolium perenne</i>	fescue, tall (growing in warm season areas)	<i>Festuca arundinaceae</i>

Use Lebanon ProScape Fertilizer Plus Confront 3 Herbicide on these species only at the 150 lbs. per acre (3.5 lbs. per 1,000 sq. ft.) rate and only if some injury can be tolerated. For use of Lebanon ProScape Fertilizer Plus Confront 3 Herbicide on a turf species not recommended on this label, the user may determine the suitability for such uses by treating a small area at a recommended rate. Prior to treatment of larger areas, the treated area should be observed for any sign of herbicidal injury during 30 days of normal growing conditions to determine if the treatment is safe to the target turf species. The user assumes the responsibility for any plant damage or other liability resulting from use of this product on turf species not recommended on this label.

LABELED USES

TURF
Broadcast Treatment of Ornamental Turf
 Apply 150 to 174 lbs. per acre (3.5 to 4 lbs. per 1,000 sq. ft.) of Lebanon ProScape Fertilizer Plus Confront 3 Herbicide to control broadleaf weeds growing in established turf. Apply from early spring through fall when weeds are actively growing. Broadleaf weed species germinate at different times. Only emerged weeds present at time of application are controlled. Additional applications should be made four weeks apart to minimize grass injury. Newly seeded turf should be mowed two or three times before being treated. Do not water for 24 hours after application. Do not reseed for 3 weeks after application.

APPLICATION INSTRUCTIONS

For best results, apply this product evenly and uniformly over the turfgrass area, avoiding streaking, skips or overlaps. Before each application, calibrate the spreader according to the equipment manufacturer's directions. Adjust the spreader so the spreader delivers the appropriate application rate as recommended above.
 NOTE: Supplemental applications of lawn fertilizer are needed to achieve a minimum 1 pound nitrogen per 1,000 sq. ft.

WARRANTY

The Manufacturer warrants that this product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, expressed or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to Manufacturer, and Buyer assumes the risk of any such use.
