PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if swallowed, inhaled or absorbed through the skin. Avoid contact with eyes, skin or clothing. Users should remove clothing immediately if pesticide gets inside. Then wash thoroughly and put on clean clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid	
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a poison control center or doctor for treatment advice.
If swallowed:	<ul style="list-style-type: none"> • Call a poison control center or doctor immediately for treatment advice. • Have person sip a glass of water if able to swallow. • Do not induce vomiting unless told to do so by a poison control center or doctor. • Do not give anything by mouth to an unconscious person.
If on skin or clothing:	<ul style="list-style-type: none"> • Take off contaminated clothing. • Rinse skin immediately with plenty of water for 15-20 minutes. • Call a poison control center or doctor for treatment advice.
If inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. • Call a poison control center or doctor for further treatment advice.
Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For Emergency Medical Information call (888) 208-1368.	

Environmental Hazards

This product is toxic to fish. Drift and runoff may adversely affect aquatic organisms. To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather will help to ensure that wind does not blow pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the garden will help to prevent run off to water bodies or drainage systems.

Directions for Use

It is a violation of Federal law to use this product in any manner inconsistent with its labeling.

Product Information

WK08201 prevents most weeds from germinating for up to 4 months in flower beds, and around ground covers, trees and shrubs. Although this product will not kill existing weeds, it will prevent new listed weeds from sprouting – eliminating the need for difficult and time-consuming hand weeding. Without weeds, your valuable plants can grow larger and stronger. Your beds will stay neat and weed-free all* season long.

Precautions and Restrictions

NOT FOR USE ON PLANTS BEING GROWN FOR SALE OR OTHER COMMERCIAL USE, OR FOR COMMERCIAL SEED PRODUCTION OR FOR RESEARCH PURPOSES. FOR USE ON PLANTS INTENDED FOR AESTHETIC PURPOSES OR CLIMATIC MODIFICATIONS AND BEING GROWN IN ORNAMENTAL GARDENS.

Do not apply this product in a way that will contact any person or pet, either directly or through drift. Keep people and pets out of the area during application.

For Residential and Household Use

Not for use on lawns.

Only apply WK08201 to established ornamental plants listed on this label. Do not apply to plants that are under stress. Do not over-apply or mix this product into the soil, as injury may occur to plants which are sensitive to WK08201. **This product is not for use on lawns**, or for use in enclosed areas, such as greenhouses. Do not apply another herbicide within 4 weeks of application of this product.

Do not apply more than 4.25 lbs. of this product per 1,000 sq. ft. per application, and no more than 12.75 lbs. of this product per 1,000 sq. ft. per year.

In the state of New York, do not apply more than 2.1 lbs. per 1,000 sq. ft. per year equivalent to 0.25 pounds of active ingredient per acre). Use of this product in Nassau and Suffolk counties of New York is prohibited.

Entry Restrictions

Do not allow people or pets to enter the treated area until dusts have settled. If product is watered-in, do not enter or allow others to enter the treated areas (except those involved in the watering) until the watering-in is complete and the surface is dry.

When to apply WK08201

Apply WK08201 during the growing season only around established plants. WK08201 should not be used on flower seeds. It can be used after flowering plants have germinated and are 2-3 inches tall. Since it does not kill existing weeds, you must first remove any that have already begun to grow. By applying WK08201 as early as possible, you can eliminate the need for hand weeding.

Rain does not wash this product out of the soil. To keep ornamental beds weed-free* all season long, reapply WK08201 every 4 months.

*See use directions for complete list of treated weeds.

How to apply WK08201

To avoid plant injury, do not apply WK08201 when foliage is wet. When plants are dry, sprinkle WK08201 on soil surface at rate given below. Once activated by watering, WK08201 forms a weed control barrier in the top layer of soil, preventing weed seeds from germinating. Disturbance to the soil surface after activation may result in erratic weed control.

7/13

Applying around established plants

For flowers, roses, herbs, ground covers, ornamental grasses, shrubs and trees: sprinkle WK08201 evenly over the entire soil surface, at the rate of 0.68 oz. per 10 sq. ft. (see picture below), being sure to keep granules away from plant roots and foliage. Water WK08201 into soil surface. Always wash or brush off stray granules from plant foliage to avoid damage or discoloration.

Surface application rate

Sprinkle WK08201 as shown on soil surface. [INSERT IMAGE W/ COIN]

Applying WK08201 with mulch

For best weed control, apply WK08201 after spreading mulch on your flower and shrub beds. Sprinkle WK08201 on top of mulch at surface rate (see picture on right), being sure to keep granules away from plant foliage. Water WK08201 into mulch. Always wash or brush stray granules from plant foliage to avoid damage or discoloration.
