Subject: Label Amendment – Clarifying Use Rate Expression
Product Name: Lebanon Herbicide Granules Formula D-11
EPA Registration Number: 961-412
Submission Dated: January 19, 2010
Decision Number: 426747

The label amendment referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended is acceptable provided that you make the following changes to the product labeling:

- 1) Under the HOW TO USE optional heading on page 2, delete the bracket at the end of the sentence for the statement to read "1. Apply this product at the rate of 3.4 lbs. per 1000 sq. ft. to yield 0.163 lbs. of active ingredient per acre."
- 2) On page 4, delete the phrase "used by professional turf managers" from the marketing claim 1 or delete the claim entirely. This product is for residential use only.
- 3) Per the Label Review Manual, delete "specially" from marketing claim 21 on page 5 which states "This product is specially formulated.....".
- 4) Per the Label Review Manual, delete or relocated to the warranty section of the label marketing claim 31 on page 5 which reads "NOTICE: Buyer assumes all responsibility for safety and use not in accordance with directions."
- 5) Delete the term "recommended" from marketing claim 37 on page 5.
- 6) Per the Label Review Manual, on page 6 under the Optional Weed Control Marketing Claims delete the term "latest technology" from marketing claim 3 or delete the claim entirely. Note: The most recently approved product formulations are greater than 6 months old making claims of new technology in weed control invalid.
- 7) Correct typographical error in claim 1 under Optional Fertilizer Claims on page 6.

SEE NEXT PAGE FOR ADDITIONAL COMMENTS

- 8) The following claims under Optional Fertilizer Claims on page 6-8 must be deleted from the label or resubmitted with explanations or qualifying statements:
- a) 6. 20% less nutrients required for the same great lawn [turf] results
 - b) 7. 20% lower rates of applied nutrient results in lower costs while still getting more of the applied nutrients absorbed into the plant [lawn] [turf] so less can be applied at a lower cost.
 - c) 8. Allows for easier nutrient up-take into the plant [lawn][turf] thus promoting stronger and deeper rooting
 - d) 9. Allows the use of less nitrogen
 - e) 10. Easier for lawns [turf] to absorb
 - f) 11. Easier on the gardener & increases the likelihood of success
 - g) 12. Easier on the gardener for a greener, thicker lawn [turf]
 - h) 13. Easier way to a greener, thicker lawn [turf]
 - i) 22. Faster establishment
 - j) 34. Grows plants [lawns][turf] faster
 - k) 64. The fertilizer that improves efficiency and lowers application rates providing high quality lawns [turf] at a reduced cost
 - l) 68. Utilizes less fertilizer
 - m) 69. Zero phosphate helps protect our waterways. Note to Registrant: This claim may contradict the Guaranteed Analysis on page 1 of the label where a percentage of "Available Phosphate" is listed. In order to make this claim, the percentage of phosphate in the product must be 0%. This claim is acceptable only if the percentage of phosphate in the product is 0%.
 - n) 70. No phosphate helps protect our waterways. Note to Registrant: This claim may contradict the Guaranteed Analysis on page 1 of the label where a percentage of "Available Phosphate" is listed. In order to make this claim, the percentage of phosphate in the product must be 0%. This claim is acceptable only if the percentage of phosphate in the product is 0%.
 - o) 79. Helps nature grow your lawn [turf]
 - p) 80. Helps nature grow your plants
 - q) 81. Helping nature grow your lawn [turf]
 - r) 82. Helping nature feed your lawn [turf]
 - s) 83. Helping nature grow your plants
 - t) 85. Helps nature grow & [and] thicken your lawn [turf]
 - u) 86. Helps nature unlock nutrients in your soil
 - v) 87. Helps nature create [a] beautiful lawn [turf]
 - w) 88. Helps nature create [a] beautiful thick, green lawn [turf]
 - x) 89. Helping nature grow [a] beautiful lawn [turf]
 - y) 104. Plants [lawns][turf]use[s] nitrogen more efficiently so you need less

- 9) The following marketing claims on page 8 under the Green-Smart and NutriLife Fertilizer header must be deleted from the label or resubmitted without the term “Green-Smart” or “Green-Smart Formula”:
- a) 1. Green Smart Formula TM
 - b) 2. [contains][with] Green-Smart Formula TM
 - c) 3. Green-Smart improves plant [lawn][turf] and soil health
 - d) 7. Green-Smart Formula TM is a trademark of Lebanon Seaboard Corporation
 - e) 8. Green-Smart Formula TM logo
 - f) 9. Contains NutriLife® [Green-Smart Formula TM][Green-Smart]
 - g) 10. Green-Smart Formula TM - nourished lawns [turf] are more robust because their root systems are larger, deeper, and better developed. Vigorous roots mean[s] the lawns [the turf] are [is] hardier and better able to tolerate stress that comes with heat and drought.
 - h) 11. Lawn[s] [turf] [and plants] nourished with [company’s name’s] Green-Smart [Formula] are [is] able to tolerate the stress from heat and drought. Green-Smart [FormulaTM] produces large, deep, and well developed root systems that can retain water. This enables lawns [turf] [and plants] to withstand stressful conditions and reduces the stress on you caring for them.
 - i) 12. Green-Smart Formula TM produces thick, green lawns [turf]
 - j) 16. Poor soil may have fewer of the nutrients needed to promote a vigorous lawn [turf]. Green-Smart [FormulaTM] works by enriching your soil with nutrients. Green-Smart [FormulaTM] revitalizes the soil, which aids in the development of a larger, deeper and better root system. The enhanced habitat is proven to produce a green, thick, virogous lawn [turf], and reduces the need for watering.
 - k) 17. Green-Smart’s unique formula creates the condition in the soil for the development of a large, extensive root system, by making it easier for the lawn [turf] to absorb nutrients and use them more efficiently.
 - l) 19. Green-Smart [FormulaTM] enhances poor soil, creating an environment in which lawns [turf][plants][and plants] can thrive. Green-Smart [FormulaTM] produces thick, green lawns [turf].
- 10) The following claims under the Mesa optional fertilizer claims on page must be deleted from the label or resubmitted with explanations or qualifying statements
- a) 6. Effective and efficiently controlled fertilizer
 - b) 7. Extreme green with less mowing
- 11) The term “SUGGESTED” must be deleted from the optional heading that reads “[SUGGESTED][SPREADER SETTINGS]” on page 9.
- 12) Note: The term “recommended” with regard to use rates on page 9 should be deleted.

- 13) Note: While no additional data is being requested at this time, marketing claims made on the pesticide label must be substantiated by data maintained in your files. If data supporting marketing claims made on the product label is not available then those claims must be removed.
- 14) Note: Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

One copy of the label stamped "Accepted with Comments" is enclosed for your records. Please submit one copy of the final printed label before the product is released for shipment. If you have any questions, please contact Michael Walsh by phone at (703) 308-2972 or via email at walsh.michael@epa.gov.

Sincerely,

Kathryn V. Montague

Lebanon Herbicide Granules Formula D-11

For Outdoor Residential Use Only.
[Crabgrass Control for Home Lawns]

Pre-Emergence and Control of Crabgrass and other listed weeds,

- A selective herbicide plus Fertilizer that provides control of crabgrass and other weeds on established lawns
- Contains [Polyon® timed-release] [Brand name] [controlled] [timed] [slow]-release nitrogen for a Beautiful, Green, Vibrant Lawn
- Contains the active ingredient found in Dimension® Turf Herbicide

[See Appendix A for consolidated list of marketing claims]

Active Ingredient:

Dithiopyr* 0.11%
 Other Ingredients: 99.89%
 TOTAL 100.00%

*CAS No. 97886-45-8

[Other ingredients in this product are Fertilizer, including Polyon® slow-release granules and dipropylene glycol to adhere the active ingredient on the fertilizer.]

**KEEP OUT OF REACH OF CHILDREN
CAUTION**

See back panel for additional Precautionary Statements.

In EPA Letter Dated:**

APR 20 2010
Under the Federal Insecticide, Fungicide, and Rodenticide Act as amended, for the pesticide registered under EPA Reg. No.

961-412

[Optional Marketing Language:

Why Use This Product?

[This product or name of product] is specially formulated to complement the phosphorus already present in some soils and give your turf the additional primary nutrients needed for a good turf feeding. A soil test can help you determine if your soil has an adequate supply of phosphorus and if this is the best product for your soil type. Proper watering and mowing practices along with regular feedings will help promote a beautiful green lawn.]

[TIPS FOR REDUCING NUTRIENT RUNOFF

- Avoid blowing leaves or grass clippings into the street or driveway. The leaves, grass, and other plant material, which are carried by storm water eventually break down and release nutrients that may harm our waterways.
- Cut grass where it borders the street or any paved surface so the clippings are blown back into the yard, or bagged for compost.
- Do not pile grass clippings and leaves in street gutters.
- Sweep or rake up organic materials found in the street.
- Leave a buffer of natural vegetation near shorelines to help prevent erosion and retain nutrients.
- Plant vegetation on bare slopes to help prevent soil erosion.]

[Bracketed Text] = Optional language

3/5

[Optional heading: Care and Handling]

STOP. Read this entire label before use.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For outdoor residential use only.

IMPORTANT: Follow label directions.

Using these directions

These "Directions for Use" are designed to help you determine the appropriate application procedure for Lebanon Herbicide Granules Formula D-11.

Before using this product, make sure that you read the entire "Directions for Use" section of this label.

Before you Use

Read and follow these guidelines when you use this product:

- Never apply by hand.
- Apply only to lawns and ornamental turf that are well established.
- Wait at least 12 weeks after using this product before reseeding, overseeding or sprigging of grass into areas that have been treated.
- Use of product on new lawns or grass that has been weakened or stressed by drought, excessive temperatures or pests, increases chance of injury to grass.
- When applying around ponds or other bodies of water, do not apply in windy conditions or where product can run-off into water.
- Keep people and pets off treated areas until dust has settled.
- Do not use grass clippings as mulch around vegetables or fruit trees.
- This product may be applied to flowers listed on this label.
- Do not make more than 1 application to the same area in the same year.

[Optional heading: [HOW TO USE] [Instructions] [Use Instructions] [Application Directions] [Application Instructions]

1. Apply this product at the rate of: 3.4 lbs per 1000 sq ft to yield 0.163 lbs. of active ingredient per acre.].
2. Calibrate your spreader according to the spreader manufacturer's directions. Adjust settings as needed to apply the recommended rate of product.
3. Using a drop-type or rotary spreader, apply granules evenly over grass, avoiding streaking, skips or overlaps. Avoid using spreaders that apply product in narrow or concentrated bands.

4. Check calibration of spreader frequently to insure spreader is functioning properly and applying product evenly.

WHERE TO USE

This product can be used on the following types of grass when applied as directed:

Cool Season Grasses: [Agrostis Stolonifera], Bentgrass, (creeping) Bluegrass (Kentucky), Fescue fine, Fescue tall, [Festuca arundinacea], [Festuca rubra], [Lolium (perenne)], [Poa pratensis], Rye grass (perennial).

Warm Season Grasses: [Axonopus affinis], Bahia, Bermuda, [Buchloe dactyloides], Buffalograss, Carpetgrass, Centipede, [Cynodon dactylon], [Eremochloa ophiuroide] Kikuyugrass, [Paspalum notatum,] [Pennisetum clandestinum,] St. Augustine, [Stenotaphrum secundatum], [Zoysia japonica], Zoysiagrass

WHEN TO APPLY [Calendar Placeholder]

- Product may be applied either in the Spring or Fall for the control of weeds.
- Product will provide up to 3 [4] months of weed control when used as directed, although length of control can be affected by weather, grass conditions and weed pressures.
- To get control of listed weeds, applications must be made before weeds emerge.
- This product [or brand name of product] will control crabgrass if applied before it emerges.

WEEDS CONTROLLED

Pre-Emergent (Preventative)

Grass Weeds: Annual Bluegrass, Annual Ryegrass, Barnyardgrass, Crabgrass, Crowfootgrass, Goosegrass, Green Foxtail, Kikuyugrass (seedling), Perennial Ryegrass, Smutgrass (seedling), Yellow Foxtail

Broadleaf Weeds: Bittercress, Buttercup Oxalis, Carolina Geranium, Chickweed, Common Lespedeza, Common Purslane, Corn Speedwell, Creeping Oxalis, Henbit, Parsley-piert, Pineappleweed, Prostrate Spurge, Spotted Spurge, Yellow Woodsorrel

[TOLERANT TREES, SHRUBS, AND FLOWERS*]

When applied as directed under the conditions on this label, the trees, shrubs, and flowers listed [below] have shown tolerance in field trials. However, this product has not been tested on all cultivars of each species or under all possible growing conditions. Follow directions given above to determine plant tolerance under your growing conditions. A limited area involving only a few

plants should be treated and observed for signs of yellowing, wilting, or lack of growth prior to large-scale application.

***FULL LIST OF TOLERANT TREES, SHRUBS, AND FLOWERS LISTED IN APPENDIX B.]**

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.
Pesticide Storage: Store product in original container in a cool, dry, locked place out of reach of children and pets.
Pesticide Disposal and Container Handling: Nonrefillable Container. Do not reuse or refill this container. **If empty:** Place in trash or offer for recycling if available. **If partly filled:** Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION. Causes Moderate eye irritation. Avoid contact with eyes or clothing. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet.

First Aid	
If in eyes:	<ul style="list-style-type: none"> • Hold eye open and rinse slowly and gently with water for 15-20 minutes. • Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. • Call a Poison Control Center or doctor for treatment advice.
If Inhaled:	<ul style="list-style-type: none"> • Move person to fresh air. • If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth, if possible. • Call a Poison Control Center or doctor for treatment advice.
Have the product container or label with you when calling a Poison Control Center or doctor, or going for treatment. For emergency medical information call (888) 208-1368.	

Environmental Hazards

This product is toxic to fish and highly toxic to other aquatic organisms including oysters and shrimp. Drift and runoff from treated turf may adversely affect aquatic organisms in adjacent aquatic sites. Do not apply when weather conditions favor drift from treated areas.

To protect the environment, do not allow pesticide to enter or run off into storm drains, drainage ditches, gutters or surface waters. Applying this product in calm weather when rain is not predicted for the next 24 hours will help ensure that wind or rain does not blow or wash pesticide off the treatment area. Sweeping any product that lands on a driveway, sidewalk, or street, back onto the treated area of the lawn or garden will help to prevent run off to water bodies or drainage systems.

**WARRANTY
 IMPORTANT: READ BEFORE USE**

Read the entire Directions for Use, Conditions, Disclaimer of Warranties and Limitations of Liability before using this product. If terms are not acceptable, return the unopened product container at once.

By using this product, user or buyer accepts the following Conditions, Disclaimer of Warranties and Limitations of Liability.

CONDITIONS: The directions for use of this product are believed to be adequate and must be followed carefully. However, it is impossible to eliminate all risks associated with the use of this product. Crop injury, ineffectiveness or other unintended consequences may result because of such factors as weather conditions, presence of other materials, or the manner of use or application, all of which are beyond the control of [Lebanon Seaboard Corporation] [Company name]. All such risks shall be assumed by the user or buyer.

DISCLAIMER OF WARRANTIES: To the extent consistent with applicable law, [LEBANON SEABOARD CORPORATION]

[Bracketed Text] = Optional language

APPENDIX A LEBANON HERBICIDE GRANULES FORMULA D-11 MARKETING CLAIMS

1. Contains [POLYON®] [Brand name] Timed [Controlled] [Slow]-Release Fertilizer, used by professional turf managers.
2. It's [POLYON] the green inside
3. Time-Release Fertilizer – POLYON® – If it's not green ...it's not POLYON™
4. Contains [TriKote®] [Brand name] Timed [Controlled] [Slow] -Release Fertilizer
5. Pre Emergence Control of Crabgrass
6. Covers XXXX sq. ft.
7. Money-Back Guarantee
8. Look for other quality [Polyon®] [Brand name] lawn and garden products. For more information about [POLYON®] [Product/Brand name] and other products visit us on the Internet at www.LebanonTurf.com or call our Consumer Service Hotline at [1-800-332-5553.]
9. Typically a lawn will utilize 1 to 4 pounds of nitrogen per 1,000 sq. ft. per growing season. When used as directed, this product provides xxx lbs. of nitrogen per 1,000 sq. ft. Consult your local County Extension Service for questions regarding a regular fertilizer program suitable for your geographical region.
10. Will not harm listed ornamentals or shrubs
11. Non-Staining [Formula]
12. Use Before or After germination of crabgrass for pre-emergent control.
13. Also controls other grasses and broadleaf weeds such as annual bluegrass, goosegrass, yellow foxtail, spotted spurge, chickweed, oxalis, henbit and other weeds listed on this label.
14. [Fertilizer] Feeds for up to 2 months at 72° F

15. Lebanon Herbicide Granules Formula D-11 works differently from other slow-release products. POLYON timed-release nitrogen releases in response to soil temperature rather than moisture level. Other slow release products release according to the amount of moisture [present in the soil...] the more moisture the quicker the nutrient release...putting your grass at risk from burning. Because this product contains POLYON timed-release nitrogen, your grass is fed for up to 2 months at 72° F.
16. **IMPORTANT** – You must follow directions as indicated on this quality lawn care product as over application may cause injury to your lawn. Spreader settings are approximate. Differences may occur due to condition of spreader, speed at which applied, and roughness of area treated. Be sure to calibrate spreader before beginning, adjusting if necessary. Consult owners manual.
17. [Used when staining fertilizer nutrients such as ferrous sulfate are used in formula] – This product may [or will] stain sidewalks and driveways. Sweep [vacuum] off any product which may have drifted onto these areas.
18. What the numbers mean: The xx-xx-xx refers to the percentages of primary nutrients provided.
19. Encourages Quick Greening and Provides Extended Feeding.
20. Why does your lawn need ACE Green Turf Crabgrass Preventer with Fertilizer?
21. This product is specially formulated to give your grass the nutrients it needs for thicker growth while preventing crabgrass and other grassy weeds from ever germinating. Our timed-release formula keeps your grass greener longer and helps build strong hardy root systems.
22. Stops Crabgrass, Goosegrass, Chickweed, Oxalis And Many Other Broadleaf and Grass Weeds Before They Emerge and Invade the Turf.
23. Apply Early Before Crabgrass Germinates.
24. Kills Listed Weeds While Feeding Your Lawn.
25. Delivers a Long Lasting Feeding Without burning, for a Stronger, Greener Lawn
26. Prevents Weeds While Feeding Your Lawn
27. Prevents crabgrass and other grassy weeds from ever germinating
28. To avoid gaps and streaks, first spread border of lawn and then fill in center with uniform, parallel passes. Walk at a steady pace so as to evenly apply throughout the lawn.
29. The Ace@ Promise If this Ace product when used for its intended purpose, fails to give you complete satisfaction, return the item to the Ace Hardware store where purchased for free replacement of the same or similar item.

30. ACE Promise Satisfaction Guaranteed [placeholder for logo]

31. **NOTICE:** Buyer assumes all responsibility for safety and use not in accordance with directions.

Optional Weed Control Marketing Claims

1. Stops weeds and feeds your lawn [turf] [for 3 months] [for up to 3 months]
2. Prevents weeds and feeds your lawn [turf] [for 3 months] [for up to 3 months]
3. [Product name] contains the latest technology in weed control.
4. Prevents crabgrass and other grassy weeds
5. [3] [4] Month weed control
6. Stops [crabgrass] [annual bluegrass] [chickweed] [henbit] [select any weed from weed controlled section]
7. Controls crabgrass and [many] other weed grasses
8. Stops crabgrass before it starts!
9. Weed images [annual bluegrass, chickweed, crabgrass, henbit, any weed from weed controlled section]
10. [3] [4] month weed grass control
11. Stops crabgrass before it starts
12. Controls new weeds for 3 [4] months
13. Prevents crabgrass all season
14. Dimension® is a registered trademark of Dow AgroSciences LLC.

Optional Fertilizer claims

1. Fertilizer once for the whole season
2. [Product name or This product] feeds and greens with [slow release] fertilizer [for up to 3 months]
3. N-P-K
4. Fertilizes to provide rich color and strengthens root systems without burning your lawn [turf].
5. [Product name] – All the fertilizer nutrients your lawn [turf] needs for spring
6. 20% less nutrients required for the same great lawn [turf] results
7. 20% lower rates of applied nutrient results in lower costs while still getting more of the applied nutrients absorbed into the plant [lawn] [turf] so less can be applied at a lower cost.
8. Allows for easier nutrient up-take into the plant [lawn] [turf] thus promoting stronger and deeper rooting
9. Allows the use of less Nitrogen
10. Easier for lawns [turf] to absorb
11. Easier on the gardener & increases the likelihood of success
12. Easier on the gardener for a greener, thicker lawn [turf]
13. Easier way to a greener, thicker lawn [turf]
14. Easy way to a greener, thicker lawn [turf]
15. Easy way to a thick, green lawn [turf]
16. Enhances nutrient absorption

17. Enhances nutrient absorption by grass roots, promoting root growth & stronger, deeper roots
18. Enhances nutrient absorption for stronger, deeper roots
19. Enhances seedling establishment
20. Enhances soil/nutrient availability & balance
21. Enhances soil [nutrient] availability & balance
22. Faster establishment
23. Formulated to release nutrients [fertilizer] to the plants [lawn] [turf] for easy absorption [up-take]
24. Gets more nutrients into lawns [turf]
25. Gets more nutrients into lawns [turf], easier for lawns [turf] to absorb
26. Gets more nutrients into the lawn [turf], not just the soil
27. Gets more nutrients into the lawn [turf] by making it easier for lawns [turf] to absorb
28. Gets more nutrients into the lawn [turf] by making it easier for lawns [turf] to absorb nutrients
29. Gets more nutrients into the plant [lawn] [turf] by restoring nutrients in the soil
30. Gets more nutrients into the plant [lawn] [turf] by revitalizing the soil
31. Gets more nutrients into the plant [lawn] [turf], not just the soil
32. Greater gardener satisfaction by increasing the likelihood of lawn [turf] success
33. Greater satisfaction by increasing the likelihood of lawn [turf] success
34. Grow plants [lawns] [turf] faster
35. Improved Nitrogen Efficiency - Reduces Leaching
36. Improved nutrient release and absorption into the lawn [turf] allows 20% less nutrients to be applied while still providing [a] quality lawn [turf]
37. Improved nutrient release and absorption results in more nutrients in the plant [lawn] [turf] for healthy strong roots
38. Improved nutrient release makes it easy on plants [lawn] [turf] to absorb nutrients[, making it easy for plants [lawns] [turf] to grow more colorful]
39. Increase nutrient up-take in grass [lawns] [turf] up to 20%
40. Increases nutrient up-take thereby increasing root mass
41. Increases root mass
42. Larger and stronger root system results in a more robust lawn [turf] and reduces the negative effects of stress such as drought on the turf [lawn]
43. Less water needed
44. Less watering needed
45. Less watering needed, drought resistant [lawn] [turf]
46. Lowers your cost of fertilizing for the same great lawn [turf] results
47. More nutrient absorption leads to stronger and deeper root systems that can take in water deeper from the soil resulting in a more robust

- lawn [turf] that is more drought resistant and requires less additional watering
48. More robust plants [lawn] [turf] with more nutrients and deeper roots grow [to] a thicker lawn [turf]
 49. Promotes rapid root growth [for a thick green] [lawn] [turf]
 50. Promotes root growth & stronger, deeper roots - enhancing nutrient absorption by grass roots
 51. Promotes root growth and increases root mass for a thicker, greener lawn [turf]
 52. promotes root growth for a thicker, greener lawn [turf]
 53. Provides your soil with nutrients
 54. Puts more nutrients into the plant [lawn] [turf], with less leaching from the soil
 55. Reduces plant [lawn] [turf] stress related to drought
 56. Reduces plant [lawn] [turf] stress related to drought, more nutrient absorption
 57. Reduces plant [lawn] [turf] stress related to drought, poor nutrient response
 58. Reduces stress on lawns [turf], protecting them [it] from drought & heat
 59. Reduces stress on lawns [turf], protects from drought & heat
 60. Requires less watering
 61. Requires less watering by growing deeper, stronger roots
 62. Restores nutrients to your soil
 63. The easy way to a greener, thicker lawn [turf]
 64. The fertilizer that improves efficiency and lowers application rates providing high quality lawns [turf] at a reduced cost
 65. unlocks the nutrients in soil, enhancing nutrient absorption, reducing stress on lawns [turf], protecting them [it] from drought & heat
 66. unlocks the nutrients in soil, enhancing nutrient absorption, so you can grow a thicker, greener lawn [turf] with less water
 67. Unlocks the nutrients in your soil
 68. Utilizes less fertilizer
 69. Zero phosphate helps protect our waterways
 70. No phosphate helps protect our waterways

76. GreenView yard wide guarantee [green leaf graphic] [GreenView logo]
77. Builds strong, deep roots, for a thick, green lawn [turf]
78. Enhances nutrient absorption for strong, deep, roots for a thick, green lawn
79. Helps nature grow your lawn [turf]
80. Helps nature grow your plants
81. Helping nature grow your lawn [turf]
82. Helping nature feed your lawn [turf]
83. Helps nature feed your lawn [turf]
84. Helping nature grow your plants
85. Helps nature grow & [and] thicken your lawn [turf]
86. Helps nature unlock nutrients in your soil
87. Helps nature create [a] beautiful lawn [turf]
88. Helps nature create [a] beautiful thick, green lawn [turf]
89. Helping nature grow [a] beautiful lawn [turf]
90. Builds strong, deep roots
91. Improves soil fertility
92. Helps unlock nutrients already in the soil
93. Makes it easier for lawns [turf] to absorb soil nutrients
94. Enables lawns [turf] to use nutrients more efficiently
95. Speeds root growth to improve nutrient absorption
96. Protects & [and] strengthens for a better spring lawn [turf]
97. Restores nutrients to your soil for a quick spring green up [green-up]
98. After a harsh summer, restores nutrients to your soil
99. Restores nutrients to protect your lawn in winter
100. Promotes rapid root growth
101. N-P-K with Green-Smart Formula™
102. Why use more when you can use less
103. [N from N-P-K] Lawn Greening [Growth] Index
104. Plants [lawns] [turf] use[s] nitrogen more efficiently so you need less
105. Improves lawn's [turf's] ability to absorb water & [and] nutrients
106. Reduces stress on lawns [turf] from drought & [and] heat
107. Helps lawns [turf] retain water to protect against heat & [and] drought

[Bracketed Text] = Optional language

108. Improves drought resistance
109. [Optional text for state of Florida] Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.

Green-Smart and NutriLife Fertilizer Claims

1. Green-Smart Formula™
2. [contains] [with] Green-Smart Formula™
3. Green-Smart improves plant [lawn] [turf] and soil health
4. Homogeneous Fertilizer
5. NutriLife® logo

6. NutriLife® is a registered trademark of Advanced Microbial Solutions, LLC.
7. Green-Smart Formula™ is a trademark of Lebanon Seaboard Corporation
8. Green-Smart Formula™ (logo)

9. Contains NutriLife® [Green-Smart Formula™] [Green-Smart]
10. Green-Smart Formula™- nourished lawns [turf] are more robust because their root systems are larger, deeper and better developed. Vigorous roots mean[s] the lawns [the turf] are [is] hardier and better able to tolerate the stress that comes with heat and drought.
11. Lawn[s] [turf] [and plants] nourished with [company name's] Green-Smart [Formula™] are [is] able to tolerate the stress from heat and drought. Green-Smart [Formula™] produces large, deep, and well developed root systems that can retain water. This enables lawns [turf] [and plants] to withstand stressful conditions and reduces the stress on you in caring for them.
12. Green-Smart Formula™ produces thick, green lawns [turf]
13. Enriches soil to promote a vibrant, hardy lawn [turf]/effective, easy way to enhance the soil
14. Enriches soil to promote a vibrant, hardy lawn [turf]
15. Effective, easy way to enhance the soil
16. Poor soil may have fewer of the nutrients needed to promote a vigorous lawn [turf]. Green-Smart [Formula™] works by enriching your soil with nutrients. Green-Smart [Formula™] revitalizes the soil, which aids in the development of a larger, deeper and better root system.

The enhanced habitat is proven to produce a green, thick, vigorous lawn [turf], and reduces the need for watering.

17. Green-Smart's unique formula creates the condition in the soil for the development of a large, extensive root system, by making it easier for the lawn [turf] to absorb nutrients and use them more efficiently. A vigorous root system enhances overall plant [lawn] [turf] vigor, resulting in thick, green lawns [turf].
18. Recharges your soil with nutrients!
19. Green-Smart [Formula™] enhances poor soil, creating an environment in which lawns [turf] [plants] [and plants] can thrive. Green-Smart [Formula™] produces thick, green lawns [turf].

Mesa optional fertilizer claims

1. [Product name] produces brilliant lawn [turf] color
2. No excessive top growth
3. Quick green up [green-up] and consistent brilliant lawn [turf] color
4. Consistent [reliable] controlled release nitrogen
5. Consistently produces excellent [lawn] [turf] quality
6. Effective and efficiently controlled fertilizer
7. Extreme green with less mowing
8. Quick green up [green-up] and consistent brilliant lawn [turf] [color for up to 3 months]
9. Quick and continuous greening for up to 3 months
10. Greens up to 3 months
11. Patented, controlled release nitrogen for continuous feeding
12. Quick green up [green-up] and consistent, brilliant lawn [turf] color
13. Quick & [and] continuous greening for up to 3 months
14. Feeds your lawn [turf] up to 12 weeks

Optional heading: **[SUGGESTED] SPREADER SETTINGS**

[Note: Registrant/Subregistrant may insert appropriate spreader setting information based on desired spreaders and recommended use rates as listed above.]

These settings were calibrated and field tested. However, age and condition of spreader, speed of operation, and evenness of terrain may require slightly different settings for desired coverage.

**Optional [Application Equipment and Instructions] [Spreader Directions]:
Determining Your Lawn's Square Footage**

To determine how much of this product to apply, you must determine the square footage of your lawn. An easy way to do this is to walk the length of your lawn, figuring that one pace equals about 3 feet. Do the same with the width of the lawn. Then multiply the length by the width to arrive at the total. Make sure you subtract the square footage of your home and driveway when calculating the total square footage of your lawn. If your lawn has an irregular shape, try dividing it up into a number of square areas. Calculate the square footage for each area, then add the figures together to reach your total lawn size.

Spreader Tips

The two main types of spreaders are the Drop Spreader, which drops the material straight down the width of the spreader as you push, and the Broadcast Spreader (also known as a rotary), which throws the material from the spreader.

Drop Spreader: First make two passes along the top of the area you'll be covering. Then make two passes along the bottom area. Then move back and forth along the long part of the lawn. On each pass, as you reach the strips at the top and bottom of the area to be covered, shut off the spreader. It's also important to shut off the spreader when you are stopped.

Drop Spreaders	Application Rate 3.4 lbs./1,000 sq.ft.
XXX	XX
Broadcast Spreaders	Application Rate 3.4 lbs./1,000 sq.ft.
XXX	XX

Broadcast Spreader: Apply in a single pass by starting on the outside border and apply in a circular path working toward the center.

[Optional Spreader Language:]

The above spreader settings are approximate. To check your spreader: XX lb. of material should cover approximately XXX sq. ft. (X lbs. of material per XXXX sq. ft.)

Note: if spreader model does not appear above please call [tollfree] XXX-XXX-XXXX, X am - Xpm [ET] [CT] [MT] [PT], [Monday - Friday] [Monday - Sunday] [Anytime] [24/7] for additional model settings.

APPENDIX B

TOLERANT TREES, SHRUBS, AND FLOWERS When applied as directed under the conditions on this label, trees, shrubs, and flowers listed below have shown tolerance in field trials. However, this product has not been tested on all cultivars of each species or under all possible growing conditions. Follow directions given above to determine plant tolerance under your growing conditions. A limited area involving only a few plants should be treated and observed for signs of yellowing, wilting, or lack of growth prior to large-scale application.

Common Name	Botanical Name	Tolerant Cultivars
Abella, Dwarf	Abella X grandiflora	Nana
Ajuga	Ajuga reptans	Bronze
	Ajuga genevensis	Bronze Beauty
Almond, Flowering	Pruhus glandulosa	
Apple*	Malus pumila	
Arborvitae	Thuja occidentalis	Nigra; Pyramidalis; Smaragh Techny; Woodwardii.
Arborvitae, Golden	Thuja orientalis	
Aster, Chinese	Callistephus chinensis	Dwarf Queen
Ash Green	Fraxinus pennsylvanica	
Ash, Mountain	Sorbus aucuparia	
Ash, Purple	Fraxinus americana	
Azalea	Rhododendron spp.	Brilliant; Buccaneer; Carror; Chimes (Belgian); Exbury; Fashion; Hardijzer Beauty; Hershey Red; Higasa; Hinocrimson; Holland (Hybrid); Marion Lee; Northern Lights; Orange Cup; Orchid Lights; Snow; Southern Charm.
Azalea, Flame	Rhododendron calendulaceum	
Azalea, Kirishima		
Bamboo, Heavenly		
Barberry	Berberis thunbergii	Aurea; Dwarf Pigmy; Green; Kobold; Pygmy Red; Rose Glow
Barberry, Purple		Atropurpurea
Bearberry (common)	Arctostaphylos uva-ursi	Massachusetts
Birch, River	Betula nigra	
Blueberry*	Vaccinium spp.	Bluecrop; Blue Jay; Jersey; North Blue; Northland
Bottlebrush	Callistemon citrinus	
Boxwood, Japanese		Japonica
Boxwood, Weller	Buxus semperirens	
Broom	Cytisus spp.	Moonlight
Broom	Genista pilosa	Vancouver Gold
Bugle Carpet		
Camellia	Camellia japonica	Chansonette; Debutante; Mathotiana Supreme
Camellia	Camellia sasangua	
Carex, Variegated	Carex	
Cedar, Red	Juniperus virginiana	
Cockscomb, Plumosa	Celosia cristata	Red Kewpie
Coleus	Coleus blumei	
Copper leaf	Acalypha wilkesiana	
Cotoneaster	Cotoneaster apiculatus	
Coyotebrush	Baccharis pelularis	
Cycads	Cycads revoluta	
Cypress, Bald	Taxodium distichum	
Cypress, Italian	Cupressus sempervirens	Glauca
Cypress, Japanese False	Chamaecyparis obtus	Gracilis
Cypress, Leyland	Cupressocyparis leylandii	

[Bracketed Text] = Optional language

*Ornamental Species only. DO NOT USE ON FOOD-PRODUCING TREES, SHRUBS, AND FLOWERS

Daffodil	Narcissus spp.	King Alfred
Daylily	Hemerocallis spp.	Aztec Gold; Bright Yellow (Hybrid); Single Gold (Evergreen); Wilson's Yellow
Dogwood	Cornus florida	
Dogwood, American	Cornus sericea	Flavarimaea
Douglas Fir	Pseudotsuga menziesii	
Dusty Miller	Senecio cineraria	
Elm, Drake	Ulmus parvifolia	
Euonymus	Euonymus fortunei	Argento-variegata; Auereo-marginata; Colorata; Emerald Gaiety; Emerald'N Gold; Gold Edge; Gold Princess; Silver King; Tricolor; Vegetus.
Fan Palm, European	Chamaerops humilis	
Fan Palm, Mexican	Washingtonia robusta	
Fescue	Festuca glauca	
Fetterbush	Leucothoe fontiana	Rainbow
Ficus	Ficus retusa	Nitida
Forsythia	Forsythia X intermedia	Arnold Dwarf; Bronxensis Dwarf; Lynwood gold; MeadowMark; Spring Glory; Weeping.
Fir Fraser	Abies fraseri	
Gardenia	Gardenia jasminoides	Mystery; Radicans
Geranium	Pelargonium X hortorum	
Gum	Eucalyptus citriodora	
Hawthorn	Crataegus spp.	Cockspur white; Crimson Cloud; Enchantress; Jack Evans; Washington White
Heather, Twisted	Erica cinerea	Mediterranean Pink
Hibiscus	Hibiscus spp.	Blue Bird; Brilliant; hula Girl
Hemlock, Canada	Tsuga canadensis	
Holly	Ilex spp.	Blue Boy; Blue Girl;
	Ilex X meserveae	Burfodii; China Girl; Compacta; Forsteri; Hellerie; Japanese Northern Beauty; Needlepoint; nellie R. Stevens; Savannah
Holly	Ilex X attenuata	
Holly, Chinese	Ilex comuta	
Holly, Japanese	Ilex crenata	
Holly, Yaupon	Ilex vomitoria	
Honeysuckle	Lonicera japonica	Clavey's Dwarf; Halliana; Tatarian Canadian White; Zebelli Red Hosta
Hosta	Hosta spp.	Albo Marginata
Hosta	Hosta lancifolia	
Ice Plant	Carpobrotus edulis	
Impatiens	Impatiens wallerana	
Iris	Iris spp.	Dwarf Blue; Wedgewood
Ivy, English	Hedera helix	Bulgaria, Thorndale
Jasmine, Asian	Trachelopermum asiaticum	
Juniper	Juniperus spp.	Arcadia; Armstrong; Bar Harbor
Juniper	Juniperus horizontalis	Blue Chip; Blue Pacific; Blue Rug; Blue Star; Broadmoor; Buffalo; Calgary Carpet; Emerald Sea; Emerald Spreader; Endora Compacta; Fruitlandi; Green; Gold Tip; Hetzi; Hughes; Manhattan Blue; Parsoni; Pfitzeriana; Plumosa; Prince of Wales; Procumbens Dwarf; San Jose; Sargent Blue; Sargent Green; Scandia; scopulorum Moonglow; Scopulorum skyrocker; Spartan
Juniper	Juniperus chinensis	Tamariscifolia
Juniper	Juniperus sabina	Weberi; Youngstown; Yukon Belle
King Palm	Archontophoenix cunninghamiana	
Laurel, Australian	Pittosporum tobina	
Laurel, Mountain	Kalmia latifolia
