Subject Label Amendment Adding Numerous Alternate Brand Names & Marketing Claims
Product Name Lebanon Herbicide Granules Formula D 11
EPA Registration Number 961 412
Submission Date March 20 2012
Decision Number 463297

Dear Ms Covert

The label amendment referred to above submitted in connection with registration under the Federal Insecticide Fungicide and Rodenticide Act (FIFRA) as amended is acceptable

Please note that marketing claims made on the pesticide label must be substantiated by data maintained in your files If data supporting the marketing claims made on the product label is not available then those claims must be removed

Should you retain/add any website to the 961 412 product label including but not limited to [http //www regulatory info lebsea com](http://www.regulatoryinfo.lebsea.com) [www lebsea com](http://www.lebsea.com) [www walmart com](http://www.walmart.com) [www lebanonturf com](http://www.lebanonturf.com) [www greenviewfertilizer](http://www.greenviewfertilizer.com) [www sta green com](http://www.sta.green.com) [www agway com](http://www.agway.com) or [www greensmart com](http://www.greensmart.com) then please be aware that the website becomes labeling under the Federal Insecticide Fungicide and Rodenticide Act and is subject to review by the Agency If the website is false or misleading the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E) 40 CFR 156 10(a)(5) list examples of statements EPA may consider false or misleading In addition regardless of whether a website is referenced on your product s label claims made on the website may not substantially differ from those claims approved through the registration process Therefore should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration the website will be referred to the EPA s Office of Enforcement and Compliance

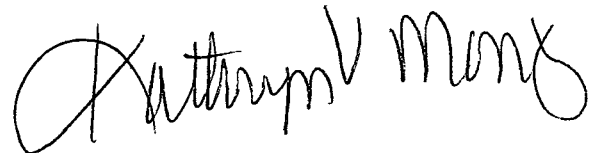

Products shipped after 18 months from the date on this notice or the next printing of the label, whichever occurs first, must bear the new revised label If these conditions are not complied with the registration will be subject to cancellation in accordance with FIFRA Your release for shipment of this product constitutes acceptance of these conditions This label

[Optional Marketing Language

Why Use [This Product or name of product]?

[This product or name of product] is specially formulated to complement the phosphorus already present in some soils and give your turf the additional primary nutrients needed for a good turf feeding. A soil test can help you determine if your soil has an adequate supply of phosphorus and if this is the best product for your soil type. Proper watering and mowing practices along with regular feedings will help promote a beautiful green lawn.]

[TIPS FOR REDUCING NUTRIENT RUNOFF

Avoid blowing leaves or grass clippings into the street or driveway. The leaves, grass, and other plant material which are carried by storm water eventually break down and release nutrients that may harm our waterways.

Cut grass where it borders the street or any paved surface so the clippings are blown back into the yard or bagged for compost.

Do not pile grass clippings and leaves in street gutters.

Sweep or rake up organic materials found in the street.

Leave a buffer of natural vegetation near shorelines to help prevent erosion and retain nutrients.

Plant vegetation on bare slopes to help prevent soil erosion.

[Optional heading Care and Handling]

STOP Read this entire label before use

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. For outdoor residential use only.

IMPORTANT Follow label directions

Using these directions

These Directions for Use are designed to help you determine the appropriate application procedure for Lebanon Herbicide Granules Formula D 11.

Before using this product, make sure that you read the entire Directions for Use section of this label.

Before you Use

Read and follow these guidelines when you use this product.

Never apply by hand.

Apply only to lawns and ornamental turf that are well established.

Wait at least 12 weeks after using this product before reseeding, overseeding, or sprigging of grass into areas that have been treated.

Use of product on new lawns or grass that has been weakened or stressed by drought, excessive temperatures, or pests, increases chance of injury to grass.

When applying around ponds or other bodies of water, do not apply in windy conditions or where product can run off into water.

Keep people and pets off treated areas until dust has settled.

Do not use grass clippings as mulch around vegetables or fruit trees.

[This product may be applied to flowers listed on this label.]

Do not make more than 1 application to the same area in the same year.

[Optional heading HOW TO USE] [Instructions] [Use Instructions] [Application Directions] [Application Instructions]

1. Apply this product at the rate of 3.4 lbs per 1000 sq. ft. to yield 0.163 lbs of active ingredient per acre.
2. Calibrate your spreader according to the spreader manufacturer's directions. Adjust settings as needed to apply the specified rate of product.
3. Using a drop type or rotary spreader, apply granules evenly over grass, avoiding streaking, skips, or overlaps. Avoid using spreaders that apply product in narrow or concentrated bands.
4. Check calibration of spreader frequently to ensure spreader is functioning properly and applying product evenly.

WHERE TO USE

This product can be used on the following types of grass when applied as directed:

Cool Season Grasses [Agrostis Stolonifera] Bentgrass (creeping) Bluegrass (Kentucky) Fescue fine Fescue tall [Festuca arundinacea] [Festuca rubra] [Lolium (perenne)] [Poa pratensis] Rye grass (perennial)

Warm Season Grasses [Axonopus affinis] Bahia Bermuda [Buchloe dactyloides] Buffalograss Carpetgrass Centipede [Cynodon dactylon] [Eremochloa ophiuroides] Kikuyugrass [Paspalum notatum] [Pennisetum clandestinum] St. Augustine [Stenotaphrum secundatum] [Zoysia japonica] Zoysiagrass

WHEN TO APPLY [Calendar Placeholder]

Product may be applied either in the Spring or Fall for the control of weeds.

- Product will provide up to 3 [4] months of weed control when used as directed, although length of control can be affected by weather, grass conditions, and weed pressures.
- To get control of listed weeds, applications must be made before weeds emerge.
- This product [for brand name of product] will control crabgrass if applied before it emerges.

WEEDS CONTROLLED

Pre Emergent (Preventative)

Grass Weeds Annual Bluegrass Annual Ryegrass Barnyardgrass Crabgrass
Crowfootgrass Goosegrass Green Foxtail Kikuyugrass (seedling) Perennial Ryegrass Smutgrass (seedling) Yellow Foxtail

[Bracketed Text] = Optional language

Broadleaf Weeds Bittercress Buttercup Oxalis Carolina Geranium Chickweed
Common Lespedeza Common Purslane Corn Speedwell Creeping Oxalis
Henbit Parsley piert Pineappleweed Prostrate Spurge Spotted Spurge Yellow
Woodsorrel

[TOLERANT TREES SHRUBS AND FLOWERS

When applied as directed under the conditions on this label the trees shrubs
and flowers listed [below] have shown tolerance in field trials However this
product has not been tested on all cultivars of each species or under all
possible growing conditions Follow directions given above to determine plant
tolerance under your growing conditions A limited area involving only a few
plants should be treated and observed for signs of yellowing wilting or lack of
growth prior to large scale application

FULL LIST OF TOLERANT TREES SHRUBS AND FLOWERS LISTED IN APPENDIX B]

STORAGE AND DISPOSAL

Do not contaminate water food or feed by storage or disposal
Pesticide Storage Store product in original container in a cool dry locked
place out of reach of children and pets
Pesticide Disposal and Container Handling Nonrefillable Container Do not
reuse or refill this container **If empty** Place in trash or offer for recycling if
available **If partly filled** Call your local solid waste agency for disposal
instructions Never place unused product down any indoor or outdoor drain

PRECAUTIONARY STATEMENTS

Hazards to Humans and Domestic Animals

CAUTION Causes Moderate eye irritation Avoid contact with eyes or
clothing Wear goggles face shield or safety glasses Wash thoroughly with
soap and water after handling and before eating drinking chewing gum using
tobacco or using the toilet

First Aid	
If in eyes	Hold eye open and rinse slowly and gently with water for 15 20 minutes Remove contact lenses if present after the first 5 minutes then continue rinsing eye

[Bracketed Text] = Optional language

If Inhaled	Call a Poison Control Center or doctor for treatment advice Move person to fresh air If person is not breathing call 911 or an ambulance then give artificial respiration preferably mouth to mouth if possible Call a Poison Control Center or doctor for treatment advice
	Have the product container or label with you when calling a Poison Control Center or doctor or going for treatment For emergency medical information call (888) 208 1368

Environmental Hazards

This product is toxic to fish and highly toxic to other aquatic organisms
including oysters and shrimp Drift and runoff from treated turf may adversely
affect aquatic organisms in adjacent aquatic sites Do not apply when weather
conditions favor drift from treated areas

To protect the environment do not allow pesticide to enter or run off into storm
drains drainage ditches gutters or surface waters Applying this product in
calm weather when rain is not predicted for the next 24 hours will help ensure
that wind or rain does not blow or wash pesticide off the treatment area
Sweeping any product that lands on a driveway sidewalk or street back onto
the treated area of the lawn or garden will help to prevent run off to water
bodies or drainage systems

[WARRANTY

[NOTE] To the extent consistent with applicable law
Buyer assumes all responsibility for safety and
performance if this product is not used according to the
directions]

APPENDIX A LEBANON HERBICIDE GRANULES FORMULA D 11 MARKETING CLAIMS

- 1 Contains [POLYON®] [Brand name] Timed [Controlled] [Slow] Release Fertilizer
- 2 It's [POLYON] the green inside
- 3 Time Release Fertilizer – POLYON® – If it's not green it's not POLYON^M
- 4 Contains [TriKote®] [Brand name] Timed [Controlled] [Slow] Release Fertilizer
- 5 Pre Emergence Control of Crabgrass
- 6 Covers XXXX sq ft
- 7 Money Back Guarantee
- 8 Look for other quality [Polyon®] [Brand name] lawn and garden products For more information about [POLYON®] [Product/Brand name] and other

[Bracketed Text] = Optional language

- products visit us on the Internet at www.LebanonTurf.com or call our Consumer Service Hotline at [1 800 332 5553]
- 9 Typically a lawn will utilize 1 to 4 pounds of nitrogen per 1 000 sq ft per growing season When used as directed this product provides xxx lbs of nitrogen per 1 000 sq ft Consult your local County Extension Service for questions regarding a regular fertilizer program suitable for your geographical region
 - 10 Will not harm listed ornamentals or shrubs
 - 11 Non Staining [Formula]
 - 12 Use Before or After germination of crabgrass for pre emergent control
 - 13 Also controls other grasses and broadleaf weeds such as annual bluegrass goosegrass yellow foxtail spotted spurge chickweed oxalis henbit and other weeds listed on this label
 - 14 [Fertilizer] Feeds for up to 2 months at 72 F
 - 15 Lebanon Herbicide Granules Formula D 11 works differently from other slow release products POLYON timed release nitrogen releases in response to soil temperature rather than moisture level Other slow release products release according to the amount of moisture [present in the soil] the more moisture the quicker the nutrient release putting your grass at risk from burning Because this product contains POLYON timed release nitrogen your grass is fed for up to 2 months at 72 F
 - 16 **IMPORTANT** – You must follow directions as indicated on this quality lawn care product as over application may cause injury to your lawn Spreader settings are approximate Differences may occur due to condition of spreader speed at which applied and roughness of area treated Be sure to calibrate spreader before beginning adjusting if necessary Consult owners manual
 - 17 [Used when staining fertilizer nutrients such as ferrous sulfate are used in formula] – This product may [or will] stain sidewalks and driveways Sweep [vacuum] off any product which may have drifted onto these areas
 - 18 What the numbers mean The xx xx xx refers to the percentages of primary nutrients provided
 - 19 Encourages Quick Greening and Provides Extended Feeding
 - 20 Why does your lawn need ACE Green Turf Crabgrass Preventer with Fertilizer?
 - 21 This product is formulated to give your grass the nutrients it needs for thicker growth while preventing crabgrass and other grassy weeds from ever germinating Our timed release formula keeps your grass greener longer and helps build strong hardy root systems
 - 22 Stops Crabgrass Goosegrass Chickweed Oxalis And Many Other Broadleaf and Grass Weeds as Listed [] Before They Emerge and Invade the Turf
 - 23 Apply Early Before Crabgrass Germinates
 - 24 Kills Listed Weeds While Feeding Your Lawn

- 25 Delivers a Long Lasting Feeding Without burning for a Stronger Greener Lawn
- 26 Prevents Weeds as listed [] While Feeding Your Lawn
- 27 Prevents crabgrass and other grassy weeds as listed [] from germinating
- 28 To avoid gaps and streaks first spread border of lawn and then fill in center with uniform parallel passes Walk at a steady pace so as to evenly apply throughout the lawn
- 29 The Ace® Promise If this Ace product when used for its intended purpose fails to give you complete satisfaction return the item to the Ace Hardware store where purchased for free replacement of the same or similar item
- 30 ACE Promise Satisfaction Guaranteed [placeholder for logo]

- 31 ACE is a registered trademark of ACE Hardware Corp

- 6.  (Symbol for Fall)

7. [With variations for seasons which are ghosted out]

8. [2] [3] [4] Season Lawn Care Program

9. Another great lawn and garden product, from the makers of Preen®.

10. Apply in [Spring], [Summer], [Fall]

11. Apply in Early-Spring

12. Easy to Use

13. Established [1922] [xxxx] -- where xxxx is any year.

14. Est [1922] [xxxx] - where xxxx is any year.

15. NOW FEATURING: [GreenSmart] [GreenSmart logo]

16. [Must use the paw print pictogram with marketing claims No. a, b, or c below].

a. Pet access allowed - once fertilizer dust settles.

b. Pet access to lawn once fertilizer dust from application settles.

c. Pet access to lawn within [24] hours of treatment.

17. Proven performance.

18. Zero phosphate helps protect our waterways in comparison to other fertilizer products (for use when fertilizer analysis has "0" phosphate).

19. [feeds] [provides] for quick spring greening of lawn

[grass][turf]

20. [Feeds] for a [quick] [early] spring green up of lawn

[grass][turf]

21. [for] [Builds] [a] thicker, [stronger,] greener lawn [grass] [turf]

22. [phosphorus] [phosphate] free [Allowed only when "zero" phosphate indicated.]

23. In comparison to Other Fertilizer Products
24.  (Symbol for heat/drought resistance)
25.  (Symbol for stronger roots)
26. [xx%] readily available nitrogen
27. Beneficial, High Quality Fertilizer – For strong root development and improved plant vigor.
28. Builds [strong] deep roots [to retain water] [to protect from drought and heat] [to endure heat, drought] [for better heat and drought tolerance]
29. Builds stronger roots [for maximum drought resistance] [for maximum greening of] [lawn] [grass][turf] [for maximum water absorption]
30. Deeper roots better retain water to protect from heat and drought
31. Deeper, stronger roots means less watering needed
32. Great results, first season of use – guaranteed.
33. Grow a thicker, greener lawn with less water
34. Helps lawn access water to protect against heat and drought
35. Improves water absorption [in turf grasses]
36. Less watering, [drought resistant] due to [stronger] [deeper] roots
37. No burning when used as directed.
38. Replenishes soil nutrients [for a thicker, greener lawn]
39. Restores nutrients [to your soil] for a quick spring green up of lawn [grass][turf]
40. Strengthens [grass] [lawn] [turf] against heat and drought

Optional Fertilizer claims

- 1 Fertilize once for the whole season
- 2 [Product name or This product] feeds and greens with [slow release] fertilizer [for up to 3 months]
- 3 N P K
- 4 Fertilizes to provide rich color and strengthens root systems without burning your lawn [turf]
- 5 [Product name] – All the fertilizer nutrients your lawn [turf] needs for spring
- 6 Easy way to a greener thicker lawn [turf]
- 7 Easy way to a thick green lawn [turf]
- 8 Enhances nutrient absorption
- 9 Enhances nutrient absorption by grass roots promoting root growth & stronger deeper roots
- 10 Enhances nutrient absorption for stronger deeper roots
- 11 Enhances seedling establishment
- 12 Enhances soil/nutrient availability & balance
- 13 Enhances soil [nutrient] availability & balance
- 14 Formulated to release nutrients [fertilizer] to the plants [lawn] [turf] for easy absorption [up take]
- 15 Gets more nutrients into lawns [turf]
- 16 Gets more nutrients into lawns [turf] easier for lawns [turf] to absorb
- 17 Gets more nutrients into the lawn [turf] not just the soil
- 18 Gets more nutrients into the lawn [turf] by making it easier for lawns [turf] to absorb
- 19 Gets more nutrients into the lawn [turf] by making it easier for lawns [turf] to absorb nutrients
- 20 Gets more nutrients into the plant [lawn] [turf] by restoring nutrients in the soil
- 21 Gets more nutrients into the plant [lawn] [turf] by revitalizing the soil
- 22 Gets more nutrients into the plant [lawn] [turf] not just the soil
- 23 Greater gardener satisfaction by increasing the likelihood of lawn [turf] success
- 24 Greater satisfaction by increasing the likelihood of lawn [turf] success
- 25 Improved Nitrogen Efficiency Reduces Leaching
- 26 Improved nutrient release and absorption into the lawn [turf] allows 20 / less nutrients to be applied while still providing [a] quality lawn [turf]

- 27 Improved nutrient release and absorption results in more nutrients in the plant [lawn] [turf] for healthy strong roots
- 28 Improved nutrient release makes it easy on plants [lawn] [turf] to absorb nutrients[making it easy for plants [lawns] [turf] to grow more colorful]
- 29 Increase nutrient up take in grass [lawns] [turf] up to 20 /
- 30 Increases nutrient up take thereby increasing root mass
- 31 Increases root mass
- 32 Larger and stronger root system results in a more robust lawn [turf] and reduces the negative effects of stress such as drought on the turf [lawn]
- 33 Less water needed
- 34 Less watering needed
- 35 Less watering needed drought resistant [lawn] [turf]
- 36 Lowers your cost of fertilizing for the same great lawn [turf] results
- 37 More nutrient absorption leads to stronger and deeper root systems that can take in water deeper from the soil resulting in a more robust lawn [turf] that is more drought resistant and requires less additional watering
- 38 More robust plants [lawn] [turf] with more nutrients and deeper roots grow [to] a thicker lawn [turf]
- 39 Promotes rapid root growth [for a thick green] [lawn] [turf]
- 40 Promotes root growth & stronger deeper roots enhancing nutrient absorption by grass roots
- 41 Promotes root growth and increases root mass for a thicker greener lawn [turf]
- 42 promotes root growth for a thicker greener lawn [turf]
- 43 Provides your soil with nutrients
- 44 Puts more nutrients into the plant [lawn] [turf] with less leaching from the soil
- 45 Reduces plant [lawn] [turf] stress related to drought
- 46 Reduces plant [lawn] [turf] stress related to drought more nutrient absorption
- 47 Reduces plant [lawn] [turf] stress related to drought poor nutrient response
- 48 Reduces stress on lawns [turf] protecting them [it] from drought & heat
- 49 Reduces stress on lawns [turf] protects from drought & heat
- 50 Requires less watering
- 51 Requires less watering by growing deeper stronger roots
- 52 Restores nutrients to your soil
- 53 The easy way to a greener thicker lawn [turf]
- 54 unlocks the nutrients in soil enhancing nutrient absorption reducing stress on lawns [turf] protecting them [it] from drought & heat

[Bracketed Text] = Optional language

55. unlocks the nutrients in soil, enhancing nutrient absorption, so you can grow a thicker, greener lawn [turf] with less water
56. Unlocks the nutrients in your soil

63. Builds strong, deep roots, for a thick, green lawn [turf]
64. Enhances nutrient absorption for strong, deep, roots for a thick, green lawn
65. Helping nature grow your plants
66. Builds strong, deep roots
67. Improves soil fertility
68. Helps unlock nutrients already in the soil
69. Makes it easier for lawns [turf] to absorb soil nutrients
70. Enables lawns [turf] to use nutrients more efficiently
71. Speeds root growth to improve nutrient absorption
72. Protects & [and] strengthens for a better spring lawn [turf]
73. Restores nutrients to your soil for a quick spring green up [green-up]
74. After a harsh summer, restores nutrients to your soil
75. Restores nutrients to protect your lawn in winter
76. Promotes rapid root growth
77. N-P-K with Green-Smart Formula™
78. Why use more when you can use less
79. [N from N-P-K] Lawn Greening [Growth] Index

80. Improves lawn's [turfs] ability to absorb water & [and] nutrients
81. Reduces stress on lawns [turf] from drought & [and] heat
82. Helps lawns [turf] retain water to protect against heat & [and] drought
83. Improves drought resistance
84. [Optional text for state of Florida] Do not apply near water, storm drains or drainage ditches. Do not apply if heavy rain is expected. Apply this product only to your lawn/garden, and sweep any product that lands on the driveway, sidewalk, or street, back onto your lawn/garden.
85. Complete crabgrass control
86. Controls tough grasses and weeds* [for example or i.e. (select any listed weeds)] [even (select any listed weeds)]
87. Creates a barrier against crabgrass
88. Eliminates crabgrass
89. No more crabgrass!
90. One application [prevents weeds*] [controls crabgrass] [for up to [2][3] months]
91. Preventive weed control treatment – apply before weeds* germinate
92. Controls [Prevents] crabgrass and over [XX] other grass and broadleaf weeds* prior to germination
93. Suppresses additional [XX] weeds and grasses as listed
94. Prevent crabgrass before it germinates
95. Blocks Crabgrass & Feeds [for 3 months]
96. Complete Crabgrass Control with fertilizer
97. Will control or suppress up to [XX] other listed grass and broadleaf weeds as listed
98. Controls or suppresses up to [XX] other listed grass and broadleaf weeds, when applied prior to germination

11. Promotes a beautiful, fairway-like lawn in just 2-steps
12. For a beautiful lawn, that's better able to thrive

Mesa optional fertilizer claims

1. [Product name] produces brilliant lawn [turf] color
2. No excessive top growth
3. Quick green up [green-up] and consistent brilliant lawn [turf] color
4. Consistent [reliable] controlled release nitrogen
5. Consistently produces excellent [lawn] [turf] quality
6. Quick green up [green-up] and consistent brilliant lawn [turf] [color for up to 3 months]
7. Quick and continuous greening for up to 3 months
8. Greens up to 3 months
9. Patented, controlled release nitrogen for continuous feeding
10. Quick green up [green-up] and consistent, brilliant lawn [turf] color
11. Quick & [and] continuous greening for up to 3 months
12. Feeds your lawn [turf] up to 12 weeks
13. Feeds [greens] [strengthens] [thickens] your lawn for up to [2] [3] months [8] [9] [10] [11] [12] weeks
14. Feeds your lawn [turf] up to [2] [3] months [8] [9] [10] [11] [12] weeks
15. Greens up to [2] [3] months [8] [9] [10] [11] [12] weeks

16. MESA® is a registered trademark of Lebanon Seaboard Corporation.
17. METH-EX® is a registered trademark of Lebanon Seaboard Corporation.
18. Patented, controlled release nitrogen for continuous feeding
19. Quick and continuous greening for up to [2] [3] months [8] [9] [10] [11] [12] weeks
20.  (Number symbol as shown in circle – number will range from 1 to 12 weeks/months)
21. [1 to 12] Feeds your lawn up to [X] [weeks] [months].
22. [Controlled] [Slow] Release feeding up to [X] weeks
23. [Controlled] [Slow] Release Plant Food
24. [METH-EX®] [MESA®] Provides slow, continuous feeding for up to [8] [9] [10] [11] [12] weeks [] [2] [3] months. Initially some nitrogen is released by water to provide early spring green-up of lawn [grass] [turf]. As soil temperatures warm, nitrogen is gradually released through microbial action that minimizes surge growth.
25. [with] [Continuous Release] Lawn Food
26. [xx%] slowly available nitrogen
27. Change to a more efficient, top-performing fertilizer
28. Continuous feeding [for] [up to] [(X weeks) (X months)]
29. Extended Feeding Lawn Food
30. Extended time-release feeding of nitrogen lasts into the summer.
31. Featuring both immediate release and controlled-release nutrients.
32. Featuring MESA® Slow Release Nitrogen
33. Feeds [for] [up to] [X months] [X weeks]!
34. Feeds [lawns] for [8] [9] [10] [11] [12] weeks [] [2] [3] months []
35. Feeds [plants] [for] [up to] [X months]!
36. Feeds [your] [the] lawn for [(2) (3) months] [8] [9] [10] [11] [12] weeks)
37. Fertilize once for whole growing season.
38. Get spectacular results with an enhanced efficiency fertilizer.
39. No flush growth response after application means less clippings.
40. One easy application feeds your lawn [for (2) (3) months] (for [8] [9] [10] [11] [12] weeks) to promote lush, green color and strong root growth.
41. Slow release nitrogen helps prevent leaching into area water systems when applied as directed.
42. What is Slow Release Nitrogen?
43. with [Controlled] [Slow] Release Lawn Food

12 of 20

- 44. MESA® proprietary slow-release nitrogen builds strong roots to provide controlled, steady nutrition for your lawn
- 45. MESA® is a proprietary, patented slow-release nitrogen source
- 46. Contains MESA® controlled release nitrogen
- 47. New Jersey slow-release nitrogen compliant
- 48. Slow-release nitrogen content compliant in [state, state, state]
- 49. Provides the [lawn] [turf] controlled, steady nutrition
- 50. Consistent greening with no excess growth, and less mowing!
- 51. Provides lush, green lawn with no excess growth
- 52. No surge growth
- 53. Less mowing, because greening is more consistent
- 54. In [NJ]: [states listing, variable]
- 55. Feeds [lawns] for [8] [9] [10] [11] [12] weeks) ([2] [3] months) !
- 56. Feeds [plants] [for] [up to] [X months]!
- 57. Feeds [your] [the] lawn for [(2) (3) months] [[8] [9] [10] [11] [12] weeks]
- 58. MESA® - A little bit of blue makes a whole lot of green.
- 59. [MESA®] [GreenSmart] promotes:
 - Deeper Green Turf
 - Faster Green-Up
 - More Nitrogen to the Plant
 - Brilliant Color Response, Even in Cooler Temperatures
 - Fewer Clippings
 - Extended Color for up to [8] [9] [10] [11] [12] weeks
- 60. How can any fertilizer that works so quickly last so long?
- 61. The answer is MESA®, the patented combination of ammonium sulfate with methylene urea
- 62. NO artificial coatings
- 63. Ammonium sulfate release is effectively controlled to provide consistent, brilliant turf color
- 64. Features MESA®: the first nitrogen source to combine ammonium sulfate with methylene urea in a single particle.
- 65. MESA® retains its slow-release attributes even when cracked, chipped, or crushed
- 66. NO flush-growth response
- 67. Dependable, economical fertilizer choice for any residential lawn

2. Optional heading: [SPREADER SETTINGS]

Drop Spreaders	Application Rate 3.4 lbs./1,000 sq. ft.
XXX	XX
Broadcast Spreaders	Application Rate 3.4 lbs./1,000 sq. ft.
XXX	XX

[Note: Registrant/Subregistrant may insert appropriate spreader setting information based on desired spreaders and use rates as listed above.]

[These settings were calibrated and field tested. However, age and condition of spreader, speed of operation, and evenness of terrain may require slightly different settings for desired coverage.]

[Optional [Application Equipment and Instructions] [Spreader Directions]: Determining Your Lawn's Square Footage]

[To determine how much of this product to apply, you must determine the square footage of your lawn. An easy way to do this is to walk the length of your lawn, figuring that one pace equals about 3 feet. Do the same with the width of the lawn. Then multiply the length by the width to arrive at the total. Make sure you subtract the square footage of your home and driveway when calculating the total square footage of your lawn. If your lawn has an irregular shape, try dividing it up into a number of square areas. Calculate the square footage for each area, then add the figures together to reach your total lawn size.]

[Pictogram above is optional]

[Spreader Tips]

[The two main types of spreaders are the Drop Spreader, which drops the material straight down the width of the spreader as you push, and the Broadcast Spreader (also known as a rotary), which throws the material from the spreader.]

[Pictogram above is optional]

[Drop Spreader: First make two passes along the top of the area you'll be covering. Then make two passes along the bottom area. Then move back and forth along the long part of the lawn. On each pass, as you reach the strips at the top and bottom of the area to be covered, shut off the spreader. It's also important to shut off the spreader when you are stopped.]

[Broadcast Spreader: Apply in a single pass by starting on the outside border and apply in a circular path working toward the center.]

[Pictogram above is optional]

[Optional Spreader Language:]

[The above spreader settings are approximate. To check your spreader: XX lb. of material should cover approximately XXX sq. ft. (X lbs. of material per XXXX sq. ft.)]

[Note: if spreader model does not appear above please call [tollfree] XXX-XXX-XXXX, X am - Xpm [ET] [CT] [MT] [PT], [Monday - Friday] [Monday - Sunday] [Anytime] [24/7] for additional model settings.]

[APPENDIX B] [note to reviewer the Appendix B is all optional text]

TOLERANT TREES SHRUBS AND FLOWERS When applied as directed under the conditions on this label trees shrubs and flowers listed below have shown tolerance in field trials. However this product has not been tested on all cultivars of each species or under all possible growing conditions. Follow directions given above to determine plant tolerance under your growing conditions. A limited area involving only a few plants should be treated and observed for signs of yellowing wilting or lack of growth prior to large scale application.
