

DIRECTIONS

1. To KILL MOTHS, THEIR EGGS, LARVAE AND PUPAE IN CLOTHING, LINENS, ETC. - Mix 1/2 pint of DEER KILLER with 1 quart of water. It is advisable to use vacuum cleaner or brush carefully to remove dirt and lint. Spray from approximately one to two feet away from material, and be sure to spray seams and folds. For clothing, etc., that is not in air-tight containers spray every thirty days. Dry clean treated fabrics and clothing before using.

2. To MOTH PROOF WOOLENS AND BLANKETS FOR ONE YEAR'S PROTECTION - Spray thoroughly so as to moisten on both sides, again being sure of the seams and folds, and store in closed, air-tight container. Also spray cracks, crevices and interior surfaces of closets and storage containers. Dry clean treated fabrics before using.

3. To KILL SILVERTISH, ROACHES, THEIR LARVAE OR EGGS - Thoroughly spray baseboards, infested cracks and other hiding places and exposed surfaces where roaches and silverfish will crawl when they come out of hiding. Repeat as often as necessary.

4. To KILL CARPET BEETLES, THEIR LARVAE OR EGGS - Thoroughly spray infested areas of carpets, localized areas of floor and baseboards, and into cracks and under carpets where these pests may be found. Repeat the application as necessary.

5. To KILL FLEAS, MOSQUITOES, WASPS, HONEY BEES, ETC. - For MOTHS indoors spray surfaces of window and door frames, screens, window frames, dark corners, cracks and crevices on floor, in floor or other closets and around and under furniture. Repeat as often as necessary.

INSECTICIDE SPRAY

ODORLESS - STAINLESS

INSECTICIDE SPRAY is a multi-purpose insecticide. It not only kills bugs and insects on contact but also leaves a residual film of Chlordane and Diazinon for longer lasting effect. It can be used for both inside and outside infestation and for preventive treatment as listed in the directions.

6. To help control WASPS, HORNETS, ANTS, SCORPIONS, CRICKETS AND FLIES outdoors spray outside walls, doors and window frames and other areas where such insects may live or crawl. Repeat after each infestation as necessary.

To prevent MILDEW, an air-borne fungi that attacks fabrics, we suggest that you use our MIOCIDE CRYSTALS which are 100% pure paradichlorobenzene.

CAUTION: Avoid excessive wetting of asphalt tile, rubber and plastic materials. Do not spray near goldfish bowls or on humans, birds, pets or plants. DO NOT use or store near heat or open flame. DO NOT smoke while spraying. Avoid breathing spray mist. In case of contact with skin wash with soap and water. Harmful if swallowed or inhaled, or absorbed through skin. DO NOT contaminate food, utensils, dishes or drinking water.

ANTIDOTE: Internal. Induce vomiting with emetic of mustard. For eye flush with plenty of water. Call physician immediately.
