

# VENDOR'S BUG KILLER and REPELLENT FOR VENDING MACHINES

KILLS and RESIDUALLY  
REPELS ROACHES

CAUTION: Contains under pressure.  
See side panel for other cautions.  
Do not puncture or incinerate can.

**Vendor's BUG KILLER** Kills roaches and certain other crawling insects. Keeps on repelling Roaches with RESIDUAL ACTION.

**Vendor's** ... invisible surface coating which acts as a REPELLING BARRIER. Keeps Roaches out of Vending Machines, Coolers, Cabinets, and Storage Bins.

### DIRECTIONS

Direct nozzle toward surface to be treated. Apply to the point of run-off in all places where roaches travel. Contact as many roaches as possible.

NOTE: This product is formulated to leave a coarse wet coating on surfaces. It is not a space spray.

Spray all exterior holes and openings, warm, moist, or secluded places. Repeat treatment periodically to maintain maximum results.

**Vendor's Bug Killer** should not be sprayed on food, in food containers, or in living apartments.

CAUTION: Do not use near open flame. Store in a cool place. Cover or remove exposed food before spraying. Harmful if swallowed. Keep from reach of children. Avoid contacting skin or eyes, wash with water if contacted. Do not puncture or incinerate can.

ACTIVE INGREDIENTS: 75%  
Refined petroleum distillate, N-octyl-  
Bicyclohexane dicarboximide, 2-hydro-  
xyethyl n-octyl sulfide, Tech. proero-  
nol butoxide, Pyrethrins.

INERT INGREDIENTS: 25%  
Dichlorodifluoromethane  
...  
...  
...  
...
