IMPORTANT INFORMATION

1. This formulation contains a combination of herbicides that will kill Crabgrass, Dallisgrass and many Broadleafed weeds in the same application. These weeds include Plantain, Dandelion and Knotweed.
2. Be sure soil is moist before treatment. During dry spells, water thoroughly before applications are made.
3. Normal rainfall after application will not effect results but discontinue regular watering practices for two days after application.
4. Newly seeded lawns or fairways should not be treated until after the third mowing.

CLEARY'S AMA PLUS 2,4-D
