U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

1007-91

Date of Issuance:

AUG 10 1999

NOTICE OF PESTICIDE:
 X Registration
 Reregistration

Term of Issuance:

Conditional

Name of Pesticide Product:

Durasect

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

Pfizer, Inc.
601 West Cornhusker Highway
Lincoln, NE 68521

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the labeling changes listed below before you release the product for shipment:
 - a. Add the phase "EPA Registration No. 1007-91".

Signature of Approving Official:

Date:

page 2
EPA Reg. No. 1007-91

b. Under the Precautionary Statement section add "Causes moderate eye irritation."

c. You may delete the second and third sentences under Environmental Hazards.

d. Submit instructions for use of this product with application gun. How is this product applied with application gun? Is the application system used only with this pesticide? If not how is it cleaned?

3. Submit two (2) copies of your final printed labeling before you release the product for shipment.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

DURASECT II

LONG-ACTING LIVESTOCK POUR-ON

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READY TO USE

No dilution necessary, see directions below.

ANIMAL TREATMENTS:

Lactating and Non-Lactating Dairy Cattle, Beef Cattle, and Calves

Target Insect: Horn flies and face flies.

Application: Apply along back and down face. Use 3 mL per 100 lbs. body wt. of animal, up to 30 fl. oz. for any one animal. If face flies are a particular concern, apply 3 mL down centerline of forehead and rest of dose along back of animal.

DURASECT II Long-Acting Livestock Pour-On is to be used in conjunction with the squeeze-and pour bottle or an application gun. To use the squeeze-and-pour bottle, remove the cap and inner seal from the calibrated dosing chamber. Estimate the animal's weight and calculate the dose. Squeeze the bottle to fill the dosing chamber to the desired level. For application gun, follow the manufacturer's use directions. Apply product per directions above, do not use product as a spray. Repeat treatment as needed, but not more than once every 2 weeks.

‡Duration of activity for hornfly control may vary due to pyrethroid resistance, environmental conditions and management factors (i.e.: sanitation, animal husbandry, facilities, etc).

Special Note: DURASECT LONG ACTING LIVESTOCK

POUR-ON is not effective in controlling cattle grubs.

- Pour-on for beef cattle, lactating and non-lactating dairy cattle, and calves
- No withdrawal time
- Effective in the control of pyrethroid-resistant horn flies.
- Patented ready-for-use water repellent formulation for use on livestock
- Does not leave an oily residue
- 4 to 6 weeks control of horn flies‡
- Controls face flies for at least 4 weeks

Active Ingredients:

Permethrin (3-phenoxyphenyl) methyl ± <i>cis, trans</i> -3-(2,2-dichloroethenyl) 2,2-dimethylcyclopropane carboxylate*	5.00%
Pyrethrins	0.10%
Piperonyl butoxide, technical**	1.00%
Inert ingredients	93.90%
TOTAL	100.00%

**cis/trans* ratio: Min. 35% (±) *cis* and max. 65% (±) *trans*

**Equivalent to 1.20% butylcarbityl (6-propylpiperonyl) ether and 0.30% related compounds

KEEP OUT OF REACH OF CHILDREN

CAUTION

See Side Panel for Precautionary Statements

Net Contents 8 oz.

Precautionary Statement:

Hazards to Human and Domestic Animals

CAUTION

Harmful if absorbed through skin. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water, after handling.

Statement of Practical Treatment

If on Skin: Wash with plenty of soap and water. Get medical attention if irritation persists.

If in Eyes: Flush eyes with plenty of water. Get medical attention if discomfort persists.

If Swallowed: Call a physician immediately.

Environmental Hazards

This pesticide is extremely toxic to fish. Use with care when applying to areas adjacent to any body of water. Do not add directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product as specified on the label.

Storage and Disposal

Do not contaminate water, food, or feed by storage or disposal.

Storage: Keep container sealed when not in use. Do not store near food or feed.

Disposal: Triple rinse (or equivalent). Then offer for recycling, or puncture and discard in trash. The container is made of High Density Polyethylene (HDPE) #2 and can be offered for recycling.
