- Thoroughly brush the garments, woolens or furs to be stored.
- Place these articles in a clean, airtight trunk, garment bag, closet or chest.
- For adequate protection, Moth Balls or Flakes should be well spread and one pound used for each 50 cubic feet of tightly closed space. (Use not less than 1/3 pound for a large trunk and 2 pounds for a normal closet 5' x 2' x 9'.)
- Close the container tightly, sealing any openings.
- When removing articles from storage, brush and hang in a warm draft or sunlight.
