Subject: Label Notification(s) for Pesticide Registration Notice 2007-4 and 98-10  
1. Removed reference to Fyfanon Technical Insecticide

Dear Mr. Kellog:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 and 98-10 dated February 12, 2009 for:

**EPA Registration 1015-69**

**Max Kill Dusta-Cide 6**

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and 98-10 and finds that the label change(s) requested falls within the scope of PRN-2007-4 and 98-10. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-5551.

Sincerely,

A handwritten signature in black ink, appearing to read "Linda Arrington".

Linda Arrington  
Notifications & Minor Formulations Team Leader  
Registration Division (7505P)  
Office of Pesticide Programs

RE: Max Kill Dusta-Cide 6 (EPA Reg. No. 1015-69)  
Page Two

Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS  
CAUTION**

Avoid eye and skin contact.  
Avoid dust inhalation.  
Harmful if swallowed.  
Wash thoroughly with soap and water after using.  
Wear approved safety equipment for protection of eyes, nose and mouth during application.  
Avoid contamination of feed and food.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish, aquatic invertebrates, and aquatic life stages of amphibians. Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

This pesticide is highly toxic to bees exposed to direct treatment or to residues remaining on the treated area. Do not apply when bees are actively visiting the crop, cover crop or weeds blooming in the treated area.

**DIRECTIONS FOR USE**

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

**STORAGE AND DISPOSAL**

**PROHIBITIONS:** Do not contaminate water, food or feed by storage or disposal.

**PESTICIDE STORAGE:** Store product in original container only, away from pesticides, fertilizer, food or feed.

**PESTICIDE DISPOSAL:** Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

**CONTAINER DISPOSAL:** Nonrefillable container. Do not reuse or refill this container. Completely empty liner by shaking and tapping sides and bottom to loosen clinging particles. Empty residue into application equipment. Then offer for recycling if available or then dispose of liner in a sanitary landfill or by incineration or, if allowed by state and local authorities, by burning. If burned, stay out of smoke. If drum is contaminated and cannot be reused, dispose of in the same manner.

**OUTER BOX:** Dispose of empty box in a sanitary landfill or by incineration or, if allowed by state and local law, by burning. If burned, stay out of smoke.

**GENERAL:** Consult federal, state and local disposal authorities for approved procedures other than those given above. Approved procedures vary considerably for different types of containers.

Formatted: Font: 10 pt

**DIRECTIONS FOR USE**

**GENERAL:**

The primary function of Dusta-Cide 6 is to protect uninfested grain from insect attack and propagation. In order for it to be an effective protectant it must be uniformly mixed with the commodity since control is achieved as the insects move about feeding. When properly applied Dusta-Cide 6 will aid in the control of the adults or larvae of listed insects.

To control existing infestations it is best to fumigate the commodity first and then protect the surface against reinfestation with a surface application of Dusta-Cide 6.

Dusta-Cide 6 can be used as directed as a post harvest application to the raw agricultural commodities-wheat, corn, oats, barley and rye.

**DOSAGE**

During transfer: 10 lbs per 1,000 bushels.

Surface treatment: 5 lbs per 1,000 square feet.

**APPLICATION PROCEDURES**

**DURING TRANSFER:**

Calculate the quantity of Dusta-Cide 6 required. Whether by hand or mechanical feeder, apply Dusta-Cide 6 uniformly and continuously as the commodity is transferred. At the end of transfer, protect the surface by applying 5 lbs. per 1,000 square feet.

**SURFACE TREATMENT:**

Surface treatment is designed to protect uninfested commodities from being infested and/or to control existing minor surface infestations. It is especially suited to protect the commodity from attack by Indian Meal Moth. To be effective, Dusta-Cide 6 should be uniformly applied to the surface and raked in to a depth of approximately 6 inches.

**NOTE:**

A well established Indian Meal Moth infestation will be difficult to bring under control short of fumigation. In either case it will be necessary to remove any webbing present and stir the surface of the commodity before applying either Dusta-Cide 6 or fumigating with a suitable fumigant. Any removed webbing should be burned or buried.

**NON-WARRANTY**

Seller makes no warranty, expressed or implied, concerning the use of this product other than indicated on the label. Buyer assumes all risk of use and/or handling of this material when such use and/or handling is contrary to label instructions.
