INERT INGREDIENTS:

- Nonylene chloride

30.0%  
100.0%

Total

INSTRUCTIONS: (Consists of camphene, pinene and related terpene polychlorinated)

INSTRUCTIONS

FOR PROFESSIONAL USE ONLY

This product is a waterborne emulsion and spray concentrate NO. 5131 is intended for use in the preparation of a contact, mist, self-propelled spray for the control of maggots and bacterial growth in garbage cans. Such a spray must be used thoroughly every time new garbage is added. Proper garbage disposal and sanitary measures are important in the prevention of fly breeding.

Use by mixing 100 parts of this emulsion and spray concentrate NO. 5131 with 30 parts of petroleum distillate or orthodichlorobenzene, or a mixture of both, and 50 parts of propellant (50:50 mixture of propellants 11 and 12) by wt. in a pressure dispenser. The resulting solution will contain:

- Waterborne polychlorinated (55% chlorine) (consists of camphene, pinene and related terpene polychlorinated)
- 2,2' Thiodis (4-chloro-6-methylphenol)

5.00%  
2.5%

FOR MANUFACTURING USE ONLY

PRESSURIZED CARBACE CAN SPRAY CONCENTRATE NO. 5131 is intended for use in the preparation of a coarse, wet, self-propelled spray for the control of insects on garbage cans. Such a spray must be used with caution and care is added. Proper garbage disposal and sanitary measures are the key to the control of any insect.

Use 10 parts of PRESSURIZED CARBACE CAN SPRAY CONCENTRATE NO. 5131 with 65 parts of petroleum distillate or orthodichlorobenzene, or a mixture of both, and 25 parts of propellant 12 (50:50 mixture of propellants 11 and 12) by weight in a pressure dispenser. The resulting solution will contain:

|   |       |
|---|-------|
| **Terpene polychlorinates (65% chlorine) (consists of camphene, pinene and related terpene polychlorinates) | 5.00% |
| 2,2' Thiobis (4-chloro-6-methylphenol)  | .25%  |

01

Use 10 parts of PRESSURIZED CARBACE CAN SPRAY NO. 5131 with 65 parts of petroleum distillate or orthodichlorobenzene, or a mixture of both, and 25 parts of propellant 12 by weight in a pressure dispenser. The resulting solution will contain:

|   |       |
|---|-------|
| **Terpene polychlorinates (65% chlorine) (consists of camphene, pinene and related terpene polychlorinates) | 5.00% |
| 2,2' Thiobis (4-chloro-6-methylphenol)  | .25%  |

WARNING

KEEP OUT OF REACH OF CHILDREN

MAY BE FATAL IF SWALLOWED. Do not breathe spray mist. Do not get in eyes, on skin or on clothing. Wash thoroughly after using. Avoid contamination of feed and food-stuffs. Do not use on household pets or humans.

Keep in warm place. Agitate contents thoroughly before using. If this drum has inadvertently been exposed to cold this product should be warmed gently (not above 120°F.) and thoroughly agitated to make sure all ingredients are in solution. Keep container tight closed. Do not store, pour or spill near open flame.
