PYROCID[®] Aerosol Mix 5353

1715 S.E. Fifth Street - Minneapolis, Minnesota 55414

ACCEPTED

ACTIVE INGREDIENTS:	100%	
Pyrethrins		3.00%
*Piperonyl butoxide, technical		5.00%
¹ N-octyl bicycloheptene dicarboximide		3.47%
Petroleum distillate		88.53%

*Consists of 4% (butylcarbityl)(6-propylpiperonyl) ether and 1% related compounds.
¹MGK 264, Insecticide Synergist.

DIRECTIONS

FOR MANUFACTURING USE ONLY

Use 15 parts of PYROCID[®] AEROSOL MIX 5353 with 85 parts by weight of propellant (50/50 mixture of propellents 11 and 12) in an aerosol dispenser for use in the control of flying insects such as flies and mosquitoes and crawling insects such as roaches. The resulting aerosol solution will contain:

Pyrethrins	.45%
N-octyl bicycloheptene dicarboximide	.52%
Piperonyl butoxide, technical	.75%
Petroleum distillate	13.28%

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. In case of spillage on skin wash with warm water and soap. Avoid contamination of food and feedstuffs with this Mix.

This Mix is toxic to fish and other aquatic animals. Do not contaminate any body of water with equipment cleaning solutions, spillage or wastage.

Drums may be re-used after thorough cleaning.

Mix well in drum before sampling and each use. Keep container closed. Store in a cool place. Do not store, pour or spill near an open flame.

PYROCIDE® Intermediate 5519

1715 S.E. Fifth Street / Minneapolis, Minnesota 55414

ACTIVE INGREDIENTS:	100%	
Pyrethrins		5.0%
¹ N-octyl bicycloheptene dicarboximide		20.0%
Petroleum distillate		75.0%

¹MKG 264, Insecticide Synergist

DIRECTIONS

FOR MANUFACTURING USE ONLY

The above Intermediate is intended as a pyrethrin - synergist mixture for use in an aerosol dispenser. Add other toxicants and propellant in desired proportions.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Avoid contamination of food and feedstuffs with this Intermediate.

This Intermediate is toxic to fish and other aquatic animals. Do not contaminate any body of water with equipment cleaning solutions, spillage or wastage.

Do not re-use drum. Dispose of drum through commercial reconditioning service or by perforation or crushing and burying in a safe place.

Mix well in drum before sampling and each use. Keep container closed. Store in a cool place. Do not store, pour or spill near heat or open flame.

EPA Reg. No. 1021-475

udder are washed with warm water prior to milking. Be sure the teats and udder are washed with warm water prior to milking. Calves should be sprayed very lightly once a day instead of attempting to build a residual repellency by spraying more heavily.

For control of lice on livestock, spray the animals with 2 ounces of DIPPY CHERRY SPRAY. In addition, use the spray in the barn, paying particular attention to infested areas. Repeat as necessary, but not more frequently than once every three weeks.

To kill flies, mosquitoes and gnats in the barn prior to milking, close all doors and windows and direct the spray toward the ceiling. The barn should remain closed for 15 to 20 minutes. Sweep up and destroy fallen insects. Repeat as necessary.

To protect livestock from attack by fleas, spray bedding and walls of pen, particularly cracks and crevices. Repeat treatment frequently until adequate control is obtained.

In a complete fly control program, these sprays should be used in combination with residual insecticides and sanitary measures.

Do not contaminate milk or milk handling equipment. Do not spray near heat or open flame. Store in a cool place. Keep container tightly closed. Avoid overspraying which will result in wetting the animals' hides.

These Directions for Use, given above, reflect the opinion of experts based on tests of effectiveness, of toxicity to plants and laboratory animals and of no effect on or in food and feed under normal conditions of use. However, because of the wide range of conditions under which this product may be used, even though instructions are followed, it is impossible to eliminate all risks associated with the use of this product beyond the control of the seller. McLaughlin Gormley King Co. and the Seller offer, and the Buyer uses, this product subject to the understanding that the Buyer assumes all such risks.

WARRANTY OF MERCHANTABILITY. McLaughlin Gormley King Co. warrants that this product conforms to the chemical description on the label and is reasonably fit for the uses or purposes to which it is intended to be used in the Directions for Use and Conditions of Sale; subject to the limitations and exceptions set forth therein. McLaughlin Gormley King Co. makes no other express or implied warranty of MERCHANTABILITY or FITNESS FOR A PARTICULAR PURPOSE, and no agent of McLaughlin Gormley King Co. is authorized to do so. Any damages arising out of this warranty shall be limited to direct damages, and shall not include consequential commercial damages such as loss of profits or values, etc.
