NOTE TO PHYSICIAN: This product contains petroleum distillate and may pose an aspiration pneumonia hazard. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply space spray while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. Food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions above in those establishments which do NOT operate under Federal meat, poultry, shell egg grading and egg products inspection programs.

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NOTE: When used in hospitals, patients should be removed prior to treatment. Ventilate for two hours after treatment. Do not return patients to room until after ventilation.

TO KILL FLIES, GNATS, AND MOSQUITOES: Close room and discharge mist vigorously in all parts of room, using 2 to 3 ounces for each 1,000 cubic feet of space. Leave room closed for at least ten minutes. Do not remain in treated areas. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

TO KILL FLEAS (Infesting Premises): Remove and destroy animal's bedding and spray sleeping quarters freely, forcing the spray into all cracks in the floor and about the room. Repeat as needed. Pets should be treated with a registered flea and tick control product before allowing them to enter treated area.

TO KILL COCKROACHES AND WATERBUGS: Apply in all cracks and crevices in woodwork, underneath sinks, dark places behind pipes, and in all places where Cockroaches and Waterbugs infest, contacting as many insects as possible.

TO KILL CARPET BEETLES AND CLOTHES MOTHS: Spray all articles to be protected, giving particular attention to folds and seams. For carpet beetles, thoroughly treat the under sides and edges of carpeting and rugs, along baseboards and under furniture. Interior surfaces of storage containers such as closets, chests and trunks should be sprayed regularly. The treatment should be repeated every 30 days unless the articles are stored in moth-tight containers.

TO KILL CADELLES, CIGARETTE BEETLES, CONFUSED FLOUR BEETLES, DRUG STORE BEETLES, GRAIN MITES (Accessible Stages), RUST RED FLOUR BEETLES AND SAW-TOOTHED GRAIN BEETLES: Wet surfaces thoroughly and treat all infested surface areas, insect runways and hiding places at the rate of 1 gallon of this material to 750 square feet of area, equivalent to spraying to the point of run-off. Repeat when necessary. For Flying Moths and Beetles, treat as for Flies, Mosquitoes and Gnats (see above).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container closed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse or equivalent and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and Local procedures.
