Mr. Steven K. Ditto, Registration Specialist
McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427-4319

**Subject: Amended Labeling, Response to PR Notice 2007-4
Synergized Pyrethrin Home and Industrial Spray 6631, EPA Reg. No. 1021-923
Your Submission Dated March 23, 2009**

Dear Mr. Ditto:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide and Rodenticide Act, as amended, is acceptable with the following provision(s):

Storage and Disposal section comment(s): To facilitate inclusion of language from PR Notice 2007-4, incorporate the following changes into this section:

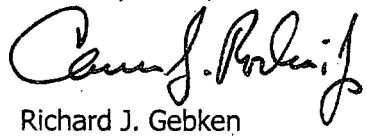

1. Revise the subsection name "**Container Handling**" to read "**Container Disposal**"
2. Within the triple rinse instructions for containers with a capacity less than 5 gallons, replace the last 2 sentences with: "Offer for recycling if available, or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by other procedures as approved by state and local authorities."
3. Within the triple rinse instructions for containers with a capacity greater than 5 gallons, add the following text immediately following the last sentence: "Offer for recycling if available, or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill or by other procedures as approved by state and local authorities."

McLaughlin Gormley King Company should note that a notice of availability of EPA's RED for products containing pyrethrins was published in the *Federal Register* on July 26, 2006 (Volume 71, Number 143, Pages 42387-42389). In addition, EPA's RED for products containing piperonyl butoxide was published in the *Federal Register* on July 26, 2006 (Volume 71, Number 143, Pages 42385-42386). Further, EPA's RED for products containing MGK® 264 insecticide synergist was published in the *Federal Register* on July 26, 2006 (Volume 71, Number 143, Pages 42381-42383). As a result, additional data and/or labeling changes may be required for products containing pyrethrins, piperonyl butoxide and MGK® 264 insecticide synergist.

A copy of your label stamped "Accepted with Comments" is enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

Sincerely Yours,

FOR

Richard J. Gebken

McLAUGHLIN GORMLEY KING COMPANY

Synergized Pyrethrin Home and Industrial Spray 6631

8810 Tenth Avenue N. / Minneapolis, Minnesota 55427-4319 U.S.A. - Telephone (763) 544-0341

For use in the Home, and Non-Food and Food Areas of Food Processing Plants, Warehouses, Office Buildings, Hotels, Motels, Schools, Theatres, Kennels, Hospitals

ACTIVE INGREDIENTS:

Pyrethrins	0.075%
* Piperonyl butoxide, Technical	0.150%
** N-Octyl bicycloheptene dicarboximide	0.250%
*** OTHER INGREDIENTS	99.525%
	100.000%

* Equivalent to 0.120% (butylcarbityl) (6-propylpiperonyl) ether and 0.030% related compounds
 ** MGK® 264, Insecticide Synergist
 *** Contains petroleum distillates

MGK® - Registered trademark of McLaughlin Gormley King Company

ACCEPTED With COMMENTS In EPA Letter Dated:

July 1, 2009

Under the Federal Insecticide, Fungicide and Rodenticide Act, As amended, for the pesticide Registered under EPA Reg. No:

1021-923

KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none"> Immediately call a poison control center or doctor. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center or doctor for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: This product contains petroleum distillate and may pose an aspiration pneumonia hazard. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply space spray while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. Food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions above in those establishments which do NOT operate under Federal meat, poultry, shell egg grading and egg products inspection programs.

Remove pets and birds and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish. Do not apply directly to water or wetlands (swamps, bogs, marshes, and potholes). Drift from treated areas may be hazardous to organisms in adjacent aquatic sites. Do not contaminate water when disposing of equipment washwaters. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

4/4

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

NOTE: When used in hospitals, patients should be removed prior to treatment. Ventilate for two hours after treatment. Do not return patients to room until after ventilation.

TO KILL FLIES, GNATS, AND MOSQUITOES: Close room and discharge mist vigorously in all parts of room, using 2 to 3 ounces for each 1,000 cubic feet of space. Leave room closed for at least ten minutes. Do not remain in treated areas. Ventilate room thoroughly before re-entry. Sweep up and destroy fallen insects.

TO KILL FLEAS (Infesting Premises): Remove and destroy animal's bedding and spray sleeping quarters freely, forcing the spray into all cracks in the floor and about the room. Repeat as needed. Pets should be treated with a registered flea and tick control product before allowing them to enter treated area.

TO KILL COCKROACHES AND WATERBUGS: Apply in all cracks and crevices in woodwork, underneath sinks, dark places behind pipes, and in all places where Cockroaches and Waterbugs infest, contacting as many insects as possible.

TO KILL CARPET BEETLES AND CLOTHES MOTHS: Spray all articles to be protected, giving particular attention to folds and seams. For carpet beetles, thoroughly treat the under sides and edges of carpeting and rugs, along baseboards and under furniture. Interior surfaces of storage containers such as closets, chests and trunks should be sprayed regularly. The treatment should be repeated every 30 days unless the articles are stored in moth-tight containers.

TO KILL CADELLES, CIGARETTE BEETLES, CONFUSED FLOUR BEETLES, DRUG STORE BEETLES, GRAIN MITES (Accessible Stages), RUST RED FLOUR BEETLES AND SAW-TOOTHED GRAIN BEETLES: Wet surfaces thoroughly and treat all infested surface areas, insect runways and hiding places at the rate of 1 gallon of this material to 750 square feet of area, equivalent to spraying to the point of run-off. Repeat when necessary. For Flying Moths and Beetles, treat as for Flies, Mosquitoes and Gnats (see above).

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above.

Pesticide Disposal

To avoid wastes use all materials in this container by application according to label directions. If wastes cannot be avoided, offer remaining product to a waste disposal facility or pesticide disposal program (often such programs are run by state or local governments or by industry).

Container Handling

Nonrefillable container. Do not reuse or refill this container.

Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container ¼ full with diluent and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two moer times. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state and local ordinances.

[] Denotes optional triple rinse instructions for containers with a capacity greater than 5 gallons.

[Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container ¼ full with diluent. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.]
