DIRECTIONS

FOR MANUFACTURING USE ONLY

Designed for use at rate of 65% with 35% dichlorodifluoromethane in a pressurized spray to be used as a spot treatment directly to wasp and hornet nests and the immediate adjacent area of such nests.

CAUTION

KEEP OUT OF REACH OF CHILDREN

HARMFUL IF SWALLOWED. Chlordane is a dangerous chronic poison. The formulation should not be used in dairy barns, or in dwellings, as a mist spray, or for generalized residual treatment.

This solution if brought into repeated or prolonged contact with skin can cause toxic symptoms. Avoid inhalation and skin contact. In case of spillage on the skin, wash with soap and water. Avoid contamination of feed and foodstuffs. Do not use on household pets or humans. Keep containers tightly closed. Do not pour, spill or store near open flame.

Keep in a warm place. Agitate contents thoroughly before using. If this product has inadvertently been exposed to cold, this product should be warmed gently (not above 120°F) and thoroughly agitated to make sure all ingredients are in solution before using.
