DIRECTIONS FOR USE

FOR MANUFACTURING USE ONLY

JUL 1970
MILWAUKEE, WISCONSIN

Designed to be used at the rate of 17% (wt.) with approved solvents and propellents in the preparation of pressurized roach and ant sprays.

WARNING

KEEP OUT OF REACH OF CHILDREN

May be poisonous if swallowed. Harmful if inhaled or absorbed through the skin. Do not get in eyes or on skin. Wash thoroughly with soap and warm water after handling. Wash contaminated clothing with soap and hot water before re-use. Do not contaminate feed or food. Wash hands, arms, and face thoroughly with soap and water before eating or smoking. In case of prolonged exposure, wear natural rubber gloves, protective clothing and goggles.

If poisoning occurs, obtain prompt medical aid. Prolonged exposure will result in cholinesterase depression. Atropine sulfate is antidotal.

FLAMMABLE Keep away from heat or open flame. Keep containers closed when not in use.
