PYROCIDE® FOGGING FORMULA 7067 for ULV Mosquito Adulticiding

8810 Tenth Avenue N. / Minneapolis, Minnesota 55427

TELEPHONE (612) 544-0341

		7	ACCEPTED
ACTIVE INGREDIENTS:	100%	- · · · · · · · · · · · · · · · · · · ·	NOV 1 9 1984
Pyrethrins		5%	NUV 1 5 ISON
*Piperonyl butoxide, technical		25%	
Petroleum distillate		20%	, IGG
Mineral Oil		50%	100-117
		i.	and the second

\*Equivalent of 20% (butylcarbityl)(6-propylpiperonyl) ether and 5% other related compounds.

## DIRECTIONS FOR USE

This formulation may be used in mosquito adulticiding programs involving residential and recreational areas, swamps, marshes, overgrown wasteland areas, roadsides and pastures where adult mosquitoes are present in annoying numbers.

Best results are obtained by application when there is a slight breeze of 5 miles per hour or less. Fog with the breeze so that wind will carry fog from roads or paths into the area to be treated. Repeat applications as needed to obtain desired reduction in adult mosquito population.

For Truck Mounted LECO Machine: Objective is to treat terrain with .002 to .0025 pounds of pyrethrins and .010 to .0125 pounds of piperonyl butoxide per acre. Fog this solution with a discharge rate of 2 to 2.25 fluid ounces per minute while machine is moving 5 m.p.h. and pressure is set a 3 lbs./sq. in. Discharge nozzle is positioned approximately 30° above horizontal off side of truck bed. Delivery rate and traveling speed can be varied slightly as long as the basic objective of .002 to .0025 pounds actual pyrethrins per acre is maintained. Use swath width of 300 ft. for acreage calculations.

## CAUTION KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. Remove spillage from skin and clothing with warm water and soap.

Note: This spray formulation is toxic to fish. Do not contaminate any body of water with spillage or cleaning solutions containing this formulation. Do not overdose any swamp or any area bordering streams or lakes.

Keep out of lakes, streams, or ponds. Apply this product only as specified on this label.

Always use clean equipment for handling this formulation so as not to contaminate the environment. Be sure spraying equipment is thoroughly clean before use.

Mix formulation well in drum before use.

## STORAGE AND DISPOSAL

Storage: Store in a cool, dry place, Keep container closed.

Pesticide Disposal: Testicide, spray mixture or rinse water that cannot be used according to label instructions must be disposed of according to applicable Federal, State or Local procedures.

Container Disposal: Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill, or by other approved State and Local procedures.
