This synergized pyrethrins insecticide formulation is especially designed

ACTIVE INGREDIENTS:

Pyrethrins	2.00%
* Piperonyl butoxide, Technical	2.50%
** N-Octyl bicycloheptene dicarboximide	2.50%
INERT INGREDIENTS	93.00%
	100.00%

* Equivalent to 02.0% (butylcarbityl) (6-propylpiperonyl) ether and 00.50% related compounds.

** MGK® 264, Insecticide Synergist

PYROCIDE, MGK® - Registered trademarks of McLaughlin Gormley King Co.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

IF SWALLOWED:	Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.
IF ON SKIN OR CLOTHING:	Remove contaminated clothing and wash before re-use. Wash skin with soap and warm water. Get medical attention if irritation persists.
IF IN EYES:	Flush with plenty of water. Get medical attention if irritation persists.
IF INHALED:	Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs. Wear a respirator if product will be confined to indoor use.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Because of the small micron-size particles emitted from cold aerosol foggers, this dual synergized insecticidal formulation is extremely effective on those insects listed. The small particle size permits greater insect-insecticide contact than previously attainable by other methods of space spraying.

Prior to application, close all doors and windows. Turn off air-conditioning or ventilating systems. Cover or remove all food and food handling surfaces.

Space Spray to Kill Flies, Gnats, Mosquitoes and Small Flying Moths: Using a mechanical spray which gives particles of aerosol size. Apply 1/2 ounce per 1,000 cubic feet of room space. The applicator should be centrally located or move around the room as necessary to achieve uniform distribution of the insecticide mist. Vacate premises and leave room closed for one hour. Ventilate room thoroughly before re-entry. Repeat as necessary for control.

Contact Spray to Kill Ants, Beetles, Cockroaches, Earwigs, Waterbugs, Silverfish and Spiders in Sheltered Situations: With equipment described above, apply the spray into all cracks and crevices in woodwork, walls, floors, underneath sinks, behind pipes and in all places where these insects shelter. Contact as many insects as possible. Do not allow spray to contact stored food. Repeat dosage as necessary for control. Leave the room closed for one hour. Do not remain in treated areas and ventilate area before re-entry.

Mix well in drum before sampling and each use.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container closed.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and Local procedures.
