| ACTIVE INGREDIENTS: | 100% | |
| Pyrethrins | | 1.0% |
| Petroleum distillate | | 99.0% |

DIRECTIONS FOR USE

To kill the accessible stages of cigarette beetle and tobacco moth in tobacco warehouses:

In Open Warehouses, use a misting device that will produce a fine mist. Apply undiluted at the rate of 3 ounces per 1000 cu. ft. of area. Direct spray upward and into all areas of warehouse. Repeat one to three times each week. In severe infestation, daily application can be made, until the insect is brought under control.

In Closed Warehouses: Using either a sprayer that will produce a fine mist, or a ULV cold aerosol generator capable of producing particles ranging from 5-50 microns, apply at the rate of 3 ounces per 1000 cu. ft. of area. Do not remain in treated area. Leave closed for at least 15 minutes. Ventilate thoroughly prior to re-entry. Repeat as directed under "Open Warehouses".

NOTE: For best results on cigarette beetles, the application should be made, if possible, between 5 p.m. and midnight. This is to coincide with the period of greatest flight activity.

CAUTION

KEEP OUT OF REACH OF CHILDREN

Harmful if swallowed. When using this material in ULV generator, in closed warehouses, wear a mask or respirator of a type recommended by the U. S. Bureau of Mines. Wear protective clothing. Wash hands, arms and face with soap and water after handling and before eating and smoking. Wash all contaminated clothing with soap and water before re-use.

Do not re-use empty drum. Return to drum reconditioner or destroy by perforating or crushing and burying in a safe place, away from water supplies. Do not burn.

Environmental Cautions:

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Mix well in drum before use.

NOTE: This product should be stored under cool conditions. If subjected to cold temperatures this product may become cloudy and require filtration before use. Keep container closed when not in use.

NOTICE

Seller warrants that the product conforms to its chemical description and is reasonably fit for the purpose stated on the label when used in accordance with directions under normal conditions of use, but neither this warranty nor any other warranty of merchantability or fitness for a particular purpose, express or implied, extends to the use of this product contrary to label instructions, or under abnormal conditions, or under conditions not reasonably foreseeable to seller, and buyer assumes the risk of any such use. This warranty is in lieu of all other warranties, express or implied, including warranties of merchantability and fitness for a particular purpose.
