

PYROCIDES FORMULA 7251

For Tobacco Warehouses

1021-1358

8810 Tenth Avenue N. Minneapolis, Minnesota 55427

TELEPHONE 612/544-0147

This product, when used as directed, will kill the accessible stages of the cigarette beetle and tobacco moth.

ACTIVE INGREDIENTS:

Pyrethrins	1.00%
Petroleum distillate	99.00%
	<u>100.00%</u>

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To Kill the Accessible Stages of Cigarette Beetle and Tobacco Moth in Tobacco Warehouses:

In Open Warehouses: Use a misting device that will produce a fine mist. Apply undiluted at the rate of 3 ounces per 1,000 cu. ft. of area. Direct spray upward and into all areas of warehouse. Repeat one to three times each week. In severe infestation, daily application can be made, until the insect is brought under control.

In Closed Warehouses: Using either a sprayer that will produce a fine mist, or a ULV cold aerosol generator capable of producing particles ranging from 5-50 microns, apply at the rate of 3 ounces per 1,000 cu. ft. of area. Do not remain in treated area. Leave closed for at least 15 minutes. Ventilate thoroughly prior to re-entry. Repeat as directed under "Open Warehouses".

E: For best results on cigarette beetles, the application should be made, if possible, between 5 p.m. and midnight. This is to coincide with the period of greatest flight activity.

KEEP OUT OF REACH OF CHILDREN CAUTION

Harmful if swallowed. When using this material in ULV generator, in closed warehouses, wear a mask or respirator of a type recommended by the U. S. Bureau of Mines. Wear protective clothing. Wash hands, arms, and face with soap and water after handling and before eating and smoking. Wash all contaminated clothing with soap and water before re-use.

Environmental Cautions:

This product is toxic to fish. Keep out of lakes, streams or ponds. Do not contaminate water by cleaning of equipment or disposal of wastes. Apply this product only as specified on this label.

DO NOT USE, POUR, SPILL OR STORE NEAR HEAT OR OPEN FLAME.

Mix well in drum before use.

NOTE: This product should be stored under cool conditions. If subjected to cold temperatures this product may become cloudy and require filtration before use. Keep container closed when not in use.
