KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF SWALLOWED:	<ul style="list-style-type: none"> Immediately call a poison control center or doctor. Do not give any liquid to the person. Do not induce vomiting unless told to do so by a poison control center or a doctor. Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none"> Take off contaminated clothing. Rinse skin immediately with plenty of water for 15-20 minutes. Call a poison control center or doctor for treatment advice.
IF IN EYES:	<ul style="list-style-type: none"> Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eyes. Call a poison control center for treatment advice.
IF INHALED:	<ul style="list-style-type: none"> Move person to fresh air. If person is not breathing, call 911 or an ambulance, then give artificial respiration, preferably mouth-to-mouth if possible. Call a poison control center or doctor for further treatment advice.

NOTE TO PHYSICIAN: This product contains petroleum distillate and may pose an aspiration pneumonia hazard. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply space spray while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. Food processing operations do not have to be stopped while applying a wet spray with care and in accordance with the directions and cautions above in those establishments which do NOT operate under Federal meat, poultry, shell egg grading and egg products inspection programs.

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

KILLS PESTS IN NON-COMMERCIAL GREENHOUSES: Whiteflies, Aphids, Spider Mites and Mealybugs.

For infestations of Azalea, Begonia, Chrysanthemum, Coleus, Fuchsia, Geranium, Ivy, and Petunia.

CONTACT SPRAY For Aphids and Whiteflies: Use 1 pint of this concentrate per 100 gallons of water or 1 teaspoon per gallon. Spray upper and lower surfaces of plant foliage to point of runoff. Spray in late afternoon and at night only. For Whiteflies, repeat application weekly.

When fewer applications are preferred, use 1 quart of this concentrate per 100 gallons of water or 2 teaspoons per gallon. Spray as described above.

For Mealybugs and Spider Mites: Use 2 pints of this concentrate per 100 gallons of water or 2 teaspoons per gallon. Spray upper and lower surfaces of plant foliage to point of runoff. Spray in late afternoon and at night only.

When fewer applications are preferred, use 2 quarts of this concentrate per 100 gallons of water or 4 teaspoons per gallon. Spray as described above.

KILLS COMMON PREMISE PESTS: Cockroaches, Flies, Mosquitoes and other listed on label.

PREMISE PESTS

For use in the home and non-food areas of: Food processing plants, schools, warehouses, theatres, office buildings, industrial plants and kennels.

CONTACT SPRAY - OIL DILUTION: To kill Carpet Beetles, Cockroaches, Confused Flour Beetles, Fleas, Rice Weevils, Saw-toothed Grain Beetles and Ticks. Mix 1 1/3 fluid ounces of this product in a gallon of oil to make a 0.27% spray. Mix well before using. Spray thoroughly into hiding places, such as cracks, crevices, and moist areas around pipes, under refrigerators, and along baseboards. Use at the rate of 1 gallon per 1,000 square feet. Spray directly on insects when possible.

CONTACT SPRAY - WATER DILUTION: This concentrate can also be diluted at the rate of 1 1/3 fluid ounces in a gallon of water and applied as above to kill American and German Cockroaches, Confused Flour Beetles, Fleas, Rice Weevils, Saw-toothed Grain Beetles and Ticks.

SPACE SPRAY: To kill Flies, Gnats, Mosquitoes and Small Flying Moths: Remove or cover exposed food and food handling surfaces including utensils. Remove animals and cover aquariums. Shut off all ventilation systems. Mix 1/2 fluid ounces of this product with 1 gallon water or oil to make an 0.11% spray. Apply as a fine spray at the rate of 2 fluid ounces per 1,000 cubic feet or 1 gallon per 64,000 cubic feet. Mix well before using. Direct spray to upper corners of the room and ceiling. Avoid inhalation of spray mist. Vacate room and keep closed for at least one half hour. Ventilate room before re-entry.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a cool, dry place. Keep container closed.

CONTAINER DISPOSAL: Triple rinse (or equivalent) and offer for recycling or reconditioning, or puncture and dispose of in a sanitary landfill or by other approved State and Local procedures.

PESTICIDE DISPOSAL: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.
