**WARNING**

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center immediately.
- IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.
- IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

**WARNING**

Causes eye irritation. Do not get in eyes, on skin, or on clothing. Harmful if swallowed. Avoid inhalation of vapors and spray mist. Wash with soap and water after use. Avoid contamination of food and feedstuffs.

Do not use in commercial food processing, preparation, food storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food should be covered or removed.

Remove pets, birds, and cover fish aquariums before spraying.

In hospitals, remove patients prior to treatment. Ventilate area for two hours prior to returning patients.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water by cleaning of equipment or disposal of wastes. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Keep away from heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE

Dilution Directions: This concentrate must be diluted with water before use. Dilute 8 parts of concentrate with 92 parts of water and shake well. DO NOT store diluted spray for future use.

Space Spray to Kill Houseflies, Mosquitoes, Gnats, and Flying Moths: Shake container gently to be sure contents are uniformly mixed. Pour in sprayer. Close doors and windows and turn off ventilation equipment. Mist all parts of the room or area at a dosage of one fluid ounce of dilute spray per 1,000 cubic feet of space. Vacate premises. Keep room closed for 15 minutes. Ventilate prior to re-entry. Repeat as necessary.

**ACCEPTED**

**JUN 27 1997**

Under the Federal Insecticide,  
Fungicide, and Rodenticide Act,  
as amended, for the pesticide  
registered under  
EPA Reg. No. 1021-1482

##### PHYSICAL OR CHEMICAL HAZARDS

FLAMMABLE. Keep away from heat or open flame.

#### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

##### SHAKE WELL BEFORE USE

Dilution Directions: This concentrate must be diluted with water before use. Dilute 8 parts of concentrate with 92 parts of water and shake well. DO NOT store diluted spray for future use.

Space Spray to Kill Houseflies, Mosquitoes, Gnats, and Flying Moths: Shake container gently to be sure contents are uniformly mixed. Pour in sprayer. Close doors and windows and turn off ventilation equipment. Mist all parts of the room or area at a dosage of one fluid ounce of dilute spray per 1,000 cubic feet of space. Vacate premises. Keep room closed for 15 minutes. Ventilate prior to re-entry. Repeat as necessary.

Contact Spray to Kill Cockroaches, Waterbugs, Crickets, Centipedes, Spiders, Ants, Sowbugs, and Exposed Forms of Crawling Grain Pests Listed: Shake container gently as above. Apply as a coarse spray to all cracks and crevices in woodwork, beneath sinks, dark places behind pipes and in all places where these insects rest, contacting as many insects as possible with the spray. Repeat applications as often as necessary to gain control. For Grain Weevils, Caddisflies, Grain Moths, Confused Flour Beetles, Saw-Toothed Grain Beetles, and Grain Mites: Apply as a coarse spray to all infested surfaces, insect hiding places and insect runways at the rate of one gallon of dilute spray on 750 square feet of area. Treat ant trails. Repeat when necessary.

Contact Spray to Kill Fleas and Brown Dog Ticks: Spray infested areas such as pet resting places and areas of floor and floor coverings (such as carpet) where these pests may be present. Use at the rate of one gallon per 750 square feet of area to be treated. Pet's old bedding should be discarded and replaced with clean, fresh bedding after treatment. Do not apply directly to pet. Pets should be treated with a registered flea and tick control product before re-entering area. Repeat as needed.

#### STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Securely wrap original container in several layer of newspaper and discard in trash.
