SEE A PHYSICIAN IMMEDIATELY.

For skin contact: Flush with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Get medical attention if irritation occurs. Wash clothing before reuse.

For eye contact: Flush with plenty of water for at least 15 minutes. Remove contaminated clothing and shoes. Get medical attention if irritation occurs. Wash clothing before reuse.

If inhaled: Remove from contaminated area where. Get medical attention if respiratory irritation occurs.

NOTE TO PHYSICIANS: Atropine, by injection, is antidotal only if symptoms of cholinesterase inhibition are present. 2-PAM is also antidotal when administered early and in conjunction with atropine.

Physical Hazards

Do not use, pour, spill, or store near heat or open flame. Keep container closed when not in use.

PRODUCT INFORMATION:

MGK SUMITHION 4-E/O is both a water emulsifiable and oil dilutable concentrate containing 4 lbs. of SUMITHION per gallon. After dilution with either water or deodorized kerosene (or equivalent grade oil), it is intended for use by Professional or Trained Applicators for residual cockroach control in buildings and structures and in modes of transport. Permitted areas of use include, but are not limited to: stores, warehouses, industrial buildings, houses, apartment buildings, and on vessels, aircrafts, rail cars, buses, trucks and trailers.

The solvent used in this formulation is a petroleum distillate which may stain certain plastic, rubber, and asphalt materials such as tiles and floor coverings. Use caution when treating such materials. Care should be also taken to avoid spotting of wallpaper and fabrics.

DIRECTIONS FOR USE

It is a violation of federal law to use this product in a manner inconsistent with its labeling.

To Kill Cockroaches:

For control of cockroaches dilute MGK SUMITHION 4-E/O in either water or oil as shown below to make a 1% residual spray:

Gallons of Finished Spray Required	Gallons of MGK SUMITHION Required
1	3
2	6
3	9
10	30
25	75

Apply as a coarse low pressure mist spray, or apply with paint brush to areas where cockroaches hide such as: baseboards, skirting board, under water pipes, behind and under refrigerators, cabinets, sinks, and stoves, top and side of pallets, and similar areas where cockroaches hide or travel. Treat all areas. Treated areas should be inspected 2 to 3 weeks after treatment.

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Keep container closed.

Pesticide Disposal: Pesticide, spray mixture or mixture that cannot be used according to label instructions must be disposed of according to applicable Federal, State or Local procedures.
