CAUTION

Harmful if swallowed. Avoid breathing vapors. Avoid contact with skin, eyes or clothing. Wash contaminated skin promptly with soap and warm water. For eyes, flush with water and get medical attention if irritation persists.

Do not spray plants used for food or feed.

Physical or Chemical Hazards

Do not use or store near heat or open flame.

DIRECTIONS FOR USE

GENERAL CLASSIFICATION

GENERAL CLASSIFICATION

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

To kill fleas harboring in lawns use EVERCIDE® Concentrate 2403 in a hose-end sprayer. Place required amount of Concentrate in sprayer jar (see chart below) and fill with water to the recommended level. Mix well. Attach to sprayer and spray as recommended. For best results lawn should be mowed a day or two before spraying. Spray using a slow, even sweeping motion, being sure to cover the entire lawn surface where the pets will normally frequent. Spray under ornamentals and trees, but avoid soaking young or flowering plants. Repeat treatments may be necessary at 7 to 14 day intervals.

Keep pets and children out of the treated area until after the spray has dried. Do not spray animals. Dogs, cats, their kennel or bedding area should also be treated with a registered flea control product in conjunction with this application.

Amount of Product to Use	Amount of Water to Use	Area to be Treated
2 teaspoons	3 gallons	500 sq. ft. (50' X 10')
4 teaspoons	6 gallons	1,000 sq. ft. (50' X 20')
8 teaspoons	12 gallons	2,000 sq. ft. (50' X 40')

STORAGE AND DISPOSAL

Storage: Store in a cool, dry place. Keep container closed.

Disposal: Do not reuse empty container. Rinse thoroughly and securely wrap original container in several layers of newspaper and discard in trash.
