Minneapolis, MN 55427-4372

Subject: **Amendment Updating First Aid/Disposal Per PR Notices 2001-1 and 2001-6  
EVERCIDE® Pet Dip Concentrate 2464  
EPA Reg. No. 1021-1552  
Your Submission Dated December 4, 2002**

Dear Ms. Schlekau:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Two copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. Revise the first sentence of the paragraph under HAZARDS TO HUMANS AND DOMESTIC ANIMALS to read as follows: "Harmful if swallowed, inhaled or absorbed through skin. Causes moderate eye irritation."

These changes are required based on the product's classification in category III for acute dermal toxicity and eye irritation potential. [Note: Based on the product's classification in category IV for acute oral toxicity, the "harmful if swallowed" statement is not required; however, you may retain it if you wish.]

2. Reinstate the permethrin cis:trans ratio (Min. 35% (±) cis and Max. 65% (±) trans) as a footnote to the ingredient statement as on the previously accepted label. You deleted this information in error by notification on 4/21/98.

If you have any questions regarding this action, please contact Susan Stanton of my team at (703) 305-5218.

Sincerely,

George T. LaRocca  
Product Manager (13)  
Insecticide Branch  
Registration Division (7505C)

NOTE TO PHYSICIAN: This product contains petroleum distillate and may pose an aspiration pneumonia hazard. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

**PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

**CAUTION**

Harmful if swallowed, in eyes, inhaled or on skin. Avoid contact with eyes, skin or clothing. Avoid inhaling vapor or spray mist. Remove contaminated clothing and wash before reuse. Prolonged or frequently repeated skin contact may cause allergic skin reactions in some individuals. It is recommended Professional Groomers wear gloves when using product.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. For emergency information call 1-800-645-6466.

**ENVIRONMENTAL HAZARDS**

This product is toxic to fish and other aquatic animals. Do not contaminate any body of water with this concentrate or dip or by cleaning of equipment.

**PHYSICAL OR CHEMICAL HAZARDS**

Do not use or store near heat or open flame.

**DIRECTIONS FOR USE**

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.
