Subject: Your letter dated August 11, 1998
EVERCIDE® Total Release Fogger 2485
EPA Reg. No. 1021-1558
Amendment of label to add "spiders"

Dear Ms. Schlekau:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. Make the labeling changes listed below before you release the product for shipment:
 - a. The amount (percent by weight) of ingredients specified in the ingredient statement on the label must be stated as the nominal concentration of such ingredients. Please refer to 40 CFR.155 (Product Identity and Composition) and PR Notice 91-2 for guidance. A copy of PR Notice 91-2 has been enclosed for your convenience.
 - b. Please change the alternate or optional wording phrase of "Kills Fleas, Cockroaches, Ants, Flies, Mosquitoes, Ticks, and more" to "Kills Fleas, Cockroaches, Ants, Flies, Mosquitoes, Ticks, and similar insects".
 - c. Please change the statement "Do not use more than one unit per average size room" to "Do not use more than one unit in rooms of square feet or less" (please fill in the appropriate square footage).

- 2. Note that your product is subject to the flammability labeling requirements for total release foggers due to the presence of a highly flammable propellant. Your labeling must be revised to reflect new labeling as indicated in PR Notice 98-6 by the specified compliance date.

If you have any questions regarding this action, please contact Tracy Keigwin of my team at (703) 305-6605.

Sincerely,

Tracy Lyn Keigwin

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED:** Call a physician or Poison Control Center immediately. Drink 1 or 2 glasses of water and induce vomiting by touching back of throat with finger. Do not induce vomiting or give anything by mouth to an unconscious or convulsing person.
- IF IN EYES:** Flush with plenty of water. Get medical attention if irritation persists.
- IF ON SKIN OR CLOTHING:** Remove contaminated clothing and wash before reuse. Wash skin with soap and warm water. Get medical attention if irritation persists.
- IF INHALED:** Remove victim to fresh air. Apply artificial respiration if indicated.

For information regarding medical emergencies or pesticide incidents, call the International Poison Center at 1-888-740-8712.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply directly to food. Do not use in food/feed areas of food/feed handling establishments, restaurants or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms, but excluding areas where foods may be prepared or held. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed. Non-food areas are areas such as garages, rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or boiling).

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic organisms. Do not contaminate water by direct application or disposal of wastes.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

4/4

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

SHAKE WELL BEFORE USE. KEEP CONTAINER UPRIGHT.

Cover exposed food, dishes and food-handling equipment. Open cabinets and doors to area to be treated. Shut off fans and air conditioners. Put out all flames and pilot lights. Close doors and windows. Point valve opening away from face and eyes when releasing. Use one unit for each 6,000 cubic feet of unobstructed area. Use additional units for remote rooms or where free flow of mist is not assured. Do not remain in the area during treatment and ventilate thoroughly before re-entry.

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press the valve button all the way down, hooking the catch. Then place fogger on stand or table in the center of the room with valve locked open, placing several layers of newspaper or pad under fogger. Leave building at once and keep building closed for two hours before airing out. Open all doors and windows and allow to air for 30 minutes. Repeat spraying in two weeks or when necessary.

OR

TO OPERATE VALVE: To lock valve in open position for automatic discharge, press the valve button all the way down, hooking the catch. [break off and remove tab on side of sprayer. Tilt sprayer away from face (container sprays straight up). Press down firmly on sprayer pad until it snaps into place.]

To Kill Fleas and Ticks: Destroy pet's old bedding and replace. Use product as above. Treat dogs and cats with registered tick control product prior to re-entry.

Do not use more than one unit per average size room. ← specify feet

Do not use this unit in a cabinet or under a counter or table.

STORAGE AND DISPOSAL

STORAGE: Store in a cool dry area away from heat or open flame.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
