AND POLLUTION PREVENTION

January 21, 2015

Mr. Tom Lennan
Regulatory Affairs Specialist
McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427-4319

Subject: Amended Reregistration Label
Product Name: Evercide Pressurized Pet and Plant Spray 2561
EPA Registration Number: 1021-1599
EPA Decision Numbers: 412397 and 413854

Dear Mr. Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Permethrin RED, and has concluded that your submission is acceptable.

NOTE: This product is **not** being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statement of Formulation (CSF) listed below. Any CSFs other than those listed below are superseded.

- Basic CSF, dated July 1, 2011

A copy of your label is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

Please note that, should you wish to add/retain a reference to the company's website on your label, the website becomes labeling under FIFRA and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under section 12 (a)(1)(E) of FIFRA. 40 CFR 156.10(a)(5) lists examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not be substantially different from those claims approved through the registration process. Therefore, should the Agency find, or if it is brought to our attention that a website contains false or misleading statements or claims substantially different from the EPA-approved registration, the website will be referred to EPA's Office of Enforcement and Compliance Assurance (OECA). As an alternative, you may refer consumers to the company's phone number or e-mail address.

If you have any questions about this letter, please contact Rita Kumar at (703) 308-8291 or via e-mail at kumar.rita@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read 'Kable Bo Davis', enclosed within a hand-drawn oval.

EPA Reg. No. 1021-1599

EPA Est. No. 1021-MN-2

Net Contents: _____

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to fish and other aquatic invertebrates. Do not apply directly to water. Do not contaminate water when disposing of equipment wash waters or rinsate. Do not discharge effluent containing this product into sewer systems without previously notifying the sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE.

RESTRICTIONS:

- Do NOT use on nursing puppies or kittens under 3 months of age.
- Avoid contamination of food or feedstuffs. Do not spray plants used for food or feed.
- Do not spray plants used for food or feed.
- Do not wet plants to the point of runoff or drip.
- Do not spray plants used for food or feed.
- Except when applying to pets, do not enter or allow others to enter until sprays have dried.
- Remove or cover exposed food and drinking water before application.

- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Do not wet articles to point of runoff or drip
- Do not use treated articles until spray has dried.
- Do not apply as a broadcast treatment to indoor surfaces at residential sites.

Remove or cover exposed food and drinking water before application. Remove or cover dishes utensils, food processing equipment, and food preparation surfaces, or wash them before use.

Sensitivities may occur after using ANY pesticide product for pets. If signs of sensitivity occur bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately. For emergency information call 1-888-740-8712.

FOR PETS:

USE ONLY ON CATS AND DOGS

This product will kill fleas for up to 14 days on dogs and cats and will kill ticks for 4 days on dogs and 9 days on cats.

Spray the animal from a distance of 8-12 inches. Start spraying at the tail, moving the dispenser rapidly and making sure the animal's entire body is covered, including the legs and under the body. Using a protective mitt or glove, fluff the hair as you spray so the spray will penetrate to the skin. The spray should wet the ticks thoroughly, however, do not over saturate the fur or skin of the animal. Do not spray in face or eyes or on genitalia. Repeat application every two weeks as necessary.

FOR CATS, apply at the rate of 1 second per pound of body weight. For dogs apply at the rate of 2 seconds per pound of body weight for thin or short-haired dogs and up to 8 seconds per pound of body weight for heavy or long-haired dogs.

Consult a veterinarian before using this product on debilitated, medicated, aged, pregnant or nursing animals.

Pet Areas: Remove and launder pet bedding. While bedding is removed, spray infested areas around pet bed and other pet resting areas. Spray baseboards, cracks and crevices, and spot treat carpets, rugs, or other areas where these pests may be found.

FOR PLANTS:

For use on Indoor Houseplants, such as African Violet, Dieffenbachia, Gold-Brocade Plant, Ivy, Madame Butterfly, Philodendron, Purple Passion, Schefflera and Silver Tree Plant. Certain indoor houseplants may be sensitive to burning of foliage or dropping of leaves. Before treating any plant, test by spraying one to two leaves and checking for damage.

This product kills Aphids, Mealy bugs, Whiteflies and Spider mites and provides up to two (2) weeks of control.

Spray both upper and lower leaf surfaces from a distance of 10-12 inches until visibly wet.

STORAGE AND DISPOSAL

Do not contaminate, water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area. Keep container closed. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Nonrefillable container. Do not reuse or refill this container.

Do Not Puncture or Incinerate!

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.

Federal regulations prohibit
CFC propellants in aerosols
Contains NO CFC's or other Ozone Depleting Substances
