Evercide Residual Pressurized
Spray 2583

NOTICE OF PESTICIDE: REGISTRATION
 REREGISTRATION

(Under the Federal Insecticide, Fungicide,
and Rodenticide Act, as amended)

NAME AND ADDRESS OF REGISTRANT (Include ZIP code)

McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427

160 / 5406418
18 / 1

NOTE: Changes in labeling formula differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above U.S. EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby Registered/Reregistered under the Federal Insecticide, Fungicide, and Rodenticide Act.

A copy of the labeling accepted in connection with this Registration/Reregistration is returned herewith.

Registration is in no way to be construed as an indorsement or approval of this product by this Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) since you have agreed to:

1. Submit and/or cite all data or other material for registration/ reregistration of your product under FIFRA section 3(c)(5) or FIFRA section 4 when the Agency requires all registrants of similar products to submit such data.

2. Make the labeling change listed below before you release the product for shipment:

a. Add the phrase, "EPA Registration No. 1021-1615."

b. Add a heading similar to "For Spot Treatment" and "For Crack and Crevice Treatment" by changing "As a Space Spray to kill gants..." to

AS A SPACE SPRAY

To Kill gants, hornets,...

c. Under the directions for use concerning application of this product as a space spray, specify the rate of application. Note that the maximum rate for a 0.25% esfenvalerate space spray is 1 ounce per 1000 cubic feet [40 CFR sec. 185.1300 (a)(3)].

ATTACHMENT IS APPLICABLE

SIGNATURE OF APPROVING OFFICIAL

TML 4/13/92

d. Further, revise the last sentence under the directions for use as a space spray to kill gants, hornets, etc.

...Repeat as necessary but do not exceed more than one application every fourteen (14) days in food handling establishments.

e. Under Directions for Use, add the following to the paragraph beginning "Application within food and non-food areas of...:"

Do not use in feed handling establishments or where livestock food is present.

f. Under Precautionary Statements, add:

Do not apply this product in patient rooms or in any rooms while occupied by the elderly or infirm. Do not apply to classrooms while in use. Do not apply in institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present.

g. Add the statement "Do not contaminate water, food or feed by storage or disposal." to the Storage and Disposal section.

h. Revise the phrase on the front panel to "FOR COMMERCIAL AND INDUSTRIAL USE ONLY."

3. Submit 5 copies of your final printed labeling before you release the product for shipment. Refer to the A-79 Enclosure for a further description of final printed labeling.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions. A stamped copy of the label is enclosed for your records.

KEEP OUT OF REACH OF CHILDREN

CAUTION

STATEMENT OF PRACTICAL TREATMENT

- IF SWALLOWED: Call a physician or Poison Control Center immediately. Do not induce vomiting because of aspiration pneumonia hazard.
- IF IN EYES: Flush with plenty of water. Get medical attention if irritation persists.
- IF ON SKIN OR CLOTHING: Remove contaminated clothing and wash before re-use. Wash skin with soap and warm water. Get medical attention if irritation persists.
- IF INHALED: Remove victim to fresh air. Apply artificial respiration if indicated.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed. Contains petroleum distillate. Do not induce vomiting because of aspiration pneumonia hazard. Avoid breathing vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Remove pets, birds, and cover fish aquariums before spraying.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment washwaters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

DO NOT USE THIS PRODUCT IN OR AROUND ELECTRICAL EQUIPMENT DUE TO THE POSSIBILITY OF SHOCK HAZARD.

4/4

Application within food and non-food areas of food-service and handling establishments including, but not limited to: restaurants, grocery stores, bakeries, food manufacturing and processing establishments, and food warehousing establishments.

As a Space Spray to kill gnats, hornets, houseflies, mosquitoes, small flying moths and wasps: Close room and shut off all air conditioning or ventilating equipment. Direct spray first into all cracks and crevices, behind all equipment, appliances, cupboards, or any dark harborage areas, then treat as a space spray directing the spray toward the ceiling and upper corners of the room. Do not remain in treated area. Keep area closed for at least 1/2 hour and ventilate thoroughly before reentry. Repeat as necessary.

To kill the adult and accessible forms of insect pests* of: stored food (stored in Multi-walled paper bags or in cloth bags) in warehouses, storage rooms and similar locations: Infested stored products should be removed and destroyed, fumigated or treated with other products approved for this use. Keep area closed for at least 1/2 hour. Do not remain in treated area and ventilate thoroughly before reentry. Do not repeat application more than once every three days.

*almond moths, angoumois grain moths, ants, cadelle, cigarette beetles, cockroaches, confused flour beetles, flat grain beetles, grain mites, granary weevils, Indian meal moths, mediterranean flour moths, red flour beetles, rice weevils, saw-toothed grain beetles and yellow meal worms.

FOR SPOT TREATMENT:

To Kill Ants, Black Widow Spiders, Carpet Beetles, Centipedes, Cockroaches, Crickets, Firebrats, Millipedes, Palmello Dugs, Scorpions, Silverfish, Sowbugs, Spiders and Water Bugs: Spray areas where these insects are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets; and around garbage cans, plumbing, and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, spray ant trails and around doors and windows, and wherever else these pests may find entrance. Repeat as necessary.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. DO NOT SPRAY PETS WITH THIS PRODUCT. Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

FOR CRACK AND CREVICE TREATMENT:

To Kill Ants, Black Widow Spiders, Brown Dog Ticks, Carpet Beetles, Cockroaches, Crickets, Fleas, Scorpions, Silverfish, Sowbugs, and Spiders: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces. Avoid contamination of food or food handling surfaces.

Shake well before use. Hold container upright. Apply in short bursts.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL: Replace cap and discard container in trash. Do not incinerate or puncture.
