EPA Reg. No. 1021-3615

EPA Est. No. 1021-MN-2

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove contaminated clothing and wash clothing before reuse.

ENVIRONMENTAL HAZARDS

Do not contaminate water when disposing of equipment wash waters.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Shake well before use. Hold container upright. Apply in short bursts.

DO NOT USE THIS PRODUCT IN OR AROUND ELECTRICAL EQUIPMENT DUE TO THE POSSIBILITY OF SHOCK HAZARD.

Avoid contamination of food. Do not apply while food processing is underway. Cover or remove all food processing surfaces. Thoroughly wash all food processing surfaces before reuse. After spraying in bakeries, meat packing plants, food processing plants, etc., all benches, shelving, equipment, etc. where exposed food will be handled must be washed with an effective cleaning compound followed by a potable water rinse to remove all traces of contamination. In the home, cover all food handling surfaces and cover or remove all food and cooking utensils, or wash thoroughly after treatment. Non-food areas are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

Do not apply this product in patient rooms or in any rooms while occupied by the elderly or infirm. Do not apply to classrooms while in use. Do not apply in institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present.

Remove pets, birds, and cover fish aquariums before spraying.

09/21/2005

Application within food and non-food areas of food service and handling establishments including, but not limited to: restaurants, grocery stores, bakeries, food manufacturing and processing establishments, and food warehousing establishments.

Do not use in feed handling establishments or where livestock food is present.

**AS A SPACE SPRAY:**

To Kill Gnats, Hornets, Houseflies, Mosquitoes, Small Flying Moths and Wasps: Close room and shut off all air conditioning or ventilating equipment. Direct spray first into all cracks and crevices, behind all equipment, appliances, cupboards, or any dark harborage areas, then treat as a space spray directing the spray toward the ceiling and upper corners of the room. Do not remain in treated area. Keep area closed for at least 1/2 hour and ventilate thoroughly before reentry. Do not exceed more than one application every fourteen (14) days in food handling establishments.

Spray at the rate of 15-20 seconds per 1,000 cubic feet of space.

To kill the adult and accessible forms of insect pests\* of: stored food (stored in Multi-walled paper bags or in cloth bags) in warehouses, storage rooms and similar locations: Infested stored products should be removed and destroyed, fumigated or treated with other products approved for this use. Keep area closed for at least 1/2 hour. Do not remain in treated area and ventilate thoroughly before reentry. Do not repeat application more than once every three days.

\*Almond moths, anguormois grain moths, ants, cadelles, cigarette beetles, cockroaches, confused flour beetles, flat grain beetles, grain mites, granary weevils, Indian meal moths, Mediterranean flour moths, red flour beetles, rice weevils, saw-toothed grain beetles and yellow mealworms.

**FOR SPOT TREATMENT:**

To Kill Ants, Black Widow Spiders, Carpet Beetles, Centipedes, Cockroaches, Crickets, Firebrats, Millipedes, Palmetto Bugs, Scorpions, Silverfish, Sowbugs, Spiders and Water Bugs: Spray areas where these insects are found or may hide, including dark corners of rooms and

closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets; and around garbage cans, plumbing, and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, spray ant trails and around doors and windows, and wherever else these pests may find entrance.

To Kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. **DO NOT SPRAY PETS WITH THIS PRODUCT.** Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

**FOR CRACK AND CREVICE TREATMENT:**

To Kill Ants, Black Widow Spiders, Brown Dog Ticks, Carpet Beetles, Cockroaches, Crickets, Fleas, Scorpions, Silverfish, Sowbugs, and Spiders: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where these insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces. Avoid contamination of food or food handling surfaces.

**STORAGE AND DISPOSAL**

Do not contaminate water, food, or feed by storage or disposal.

**STORAGE:** Store in a cool, dry place. Keep container closed.

**DISPOSAL:**

Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.
