PRECAUTIONARY STATEMENTS

**CAUTION**

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

Harmful if in eyes or absorbed through skin. Do not breathe vapors or spray mist. Avoid contact with skin or eyes. In case of contact, flush with plenty of water. Wash with soap and warm water after use. Obtain medical attention if irritation persists. Avoid contamination of food or feedstuffs.

Do not use in commercial food processing, preparation, storage or serving areas. In the home, all food processing surfaces and utensils should be covered during treatment, or thoroughly washed before use. Exposed food should be covered or removed.

Remove pets and birds and cover fish aquariums before spraying.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

FOR INDOOR USE ONLY

Flea Spray kills fleas and ticks. It contains a unique combination of ingredients that kills adult, preadult fleas (larva) and flea eggs. Even kills fleas before they grow up to bite. NYLAR®, a unique ingredient in this flea spray, continues to kill fleas for 210 days (7 months) by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, and floor cracks. Protects your home

from reinfestation and flea buildup and your pets and family from bites. One treatment with this spray gives continuous flea protection for 210 days. Leaves no objectionable odor or sticky mess and, used as directed, does not stain furnishings.

**FLEAS & TICKS:** SHAKE WELL. Hold can upright 2 or 3 feet from surfaces to be treated. [Turn container upside down and point valve toward surface to be sprayed]. Be sure to apply uniformly, using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding as this is a primary hiding place for fleas. No need to remove pet bedding after treatment. **DO NOT TREAT PETS.** Use a registered flea control product on your pets in conjunction with this treatment. Avoid wetting furniture and carpeting. A fine mist or spray applied uniformly is all that is necessary to kill fleas and ticks.

**STORAGE AND DISPOSAL**

**STORAGE:** Store in a cool, dry place. Keep container closed.

Do Not Puncture or Incinerate!

**DISPOSAL:**

If Empty: Do not reuse this container. Place in trash or offer for recycling if available.

If Partly Filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain.
