FOR INDOOR USE ONLY

Flea Spray [Brand Name] kills fleas and ticks. It contains a unique combination of ingredients that kills adult, preadult fleas [larva] and flea eggs. Even kills fleas before they grow up to bite. NYLAR, a unique ingredient in this flea spray, continues to kill fleas for 210 days [7 months] by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, and floor cracks. Protects your home from reinfestation and flea buildup and your pets and family from bites. One treatment with this spray gives continuous flea protection for 210 days. Leaves no objectionable odor or sticky mess and, used as directed, does not stain furnishings.

FLEAS & TICKS: SHAKE WELL. Hold can upright 2 or 3 feet from surfaces to be treated. [Turn container upside down and point valve toward surface to be sprayed]. Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding, as this is a primary hiding place for fleas. No need to
