AND POLLUTION PREVENTION

May 22, 2012

Tom Lennan
McLaughlin Gormley King Company
8810 Tenth Ave. N
Minneapolis, MN 55427

Subject: Amended Reregistration Label
Product Name: NyLar Pressurized Spray 2618
EPA Registration Number: 1021-1622
EPA Decision Numbers: 427019 and 435924

Dear Mr. Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the tetramethrin and phenothrin REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 8/24/11

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever

occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dr. Jennifer Urbanski at 703-347-0156 or urbanski.jennifer@epa.gov.

Sincerely,

Richard J. Gebken
Product Manager (10)
Insecticide Branch
Registration Division (7504P)

*Enclosures: Label stamped "Accepted," dated 5/22/12
Acute Toxicity Review, dated 12/21/10
Product Chemistry Reviews, dated 4/20/11, 7/8/11, and 8/18/11*

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wash with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not contaminate water when disposing of aerosol container. See Directions for Use for additional precautions and requirements.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

4094

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

USE RESTRICTIONS:

Do not apply when food is present. Cover or removed exposed food. Cover all food preparation surfaces and utensils during treatment or thoroughly was surfaces and utensils before use. . .

Remove pets and birds and cover fish aquariums before spraying and turn aquarium systems off. Do not allow adults, children or pets to enter the treated area until sprays have dried. Do not allow people or pets to enter treated areas until vapors, mists, and aerosols have dispersed, and the treated area has been thoroughly ventilated. Wait two (2) hours after application then open windows, vents and doors for two hours. If an odor is still detected, additional ventilation is required. Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.

FOR INDOOR USE ONLY

FOR USE IN RESIDENTIAL AREAS

Flea Spray [Brand Name] kills fleas and ticks. It contains a unique combination of ingredients that kills adult, preadult fleas [larva] and flea eggs. Even kills fleas before they grow up to bite. NYLAR, a unique ingredient in this flea spray, continues to kill fleas for 210 days [7 months] by preventing their development into the adult biting stage. It reaches fleas hidden in carpets, rugs, drapes, upholstery, pet bedding, and floor cracks. Protects your home from reinfestation and flea buildup and your pets and family from bites. One treatment with this spray gives continuous flea protection for 210 days. Leaves no objectionable odor or sticky mess and, used as directed, does not stain furnishings.

FLEAS & TICKS: SHAKE WELL. Hold can upright 2 or 3 feet from surfaces to be treated. [Turn container upside down and point valve toward surface to be sprayed]. Be sure to apply uniformly using a sweeping motion to carpets, rugs, drapes and all surfaces of upholstered furniture. Be sure to treat pet bedding, as this is a primary hiding place for fleas. No need to remove pet bedding after treatment. DO NOT TREAT PETS. Use a registered flea control product on your pets in conjunction with this treatment. Avoid wetting furniture and carpeting. A fine mist or spray applied uniformly is all that is necessary to kill fleas and ticks. Do not apply more than 1 time per week to the same surface for killing ticks.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

Pesticide Storage

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Do Not Puncture or Incinerate!
Nonrefillable container. Do not reuse or refill this container.
If empty:
Place in trash or offer for recycling if available.
If partly filled:
Call your local solid waste agency for disposal instructions.
