Subject: Notification per PRN 98-10 – Reversing order of 2 sentences in First Aid section  
Product Name: MULTICIDE® Wasp and Hornet Killer 2695  
EPA Registration Number: 1021-1649  
Application Date: 7/22/2015  
Decision Number: 507463

Dear Mr. Nelson:

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above referenced product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The label submitted with the application has been stamped “Notification” and will be placed in our records.

If you have any questions, you may contact Angela Hollis at 703-347-0216 or via email at [hollis.angela@epa.gov](mailto:hollis.angela@epa.gov).

Sincerely,

A handwritten signature in black ink, appearing to read "Kable Bo Davis", enclosed within a hand-drawn oval.

Kable Bo Davis, Product Manager 3  
Invertebrate and Vertebrate Branch 1  
Registration Division (7505P)  
Office of Pesticide Programs

# MULTICIDE<sup>®</sup> Wasp and Hornet Killer 2695

This product can be used both indoors (attics and other places where nests are built and where food or feed are not exposed) and outdoors on Wasp, Hornet, and Yellowjacket nests.

[ ] Denotes Optional Wording.

[Kills Wasps, Yellowjackets, and Hornets on contact

Kills Scorpions

Fast Knockdown. Ready-to-Use

Gives rapid knockdown and kill of Wasps, Yellowjackets, and Hornets

Gives rapid contact kill and residual kill of insects returning to the treated nest

Reaches nests more than 20 feet above ground

Dielectric Breakdown Voltage: 57.2 KV by ASTM Test Method D-877-87]

Guaranteed to work or your money back

[America's 1st Name in Pest Control Since 1833] \*

## NOTIFICATION

1021-1649

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

08/27/2015

### ACTIVE INGREDIENTS:

Tetramethrin [(1-Cyclohexene-1,2-dicarboximido) methyl 2,2-dimethyl -3-(2-methylpropenyl) cyclopropanecarboxylate].....	0.200%
3-Phenoxybenzyl-(1RS, 3RS; 1RS, 3SR)-2,2-dimethyl-3-(2-methylprop-1-enyl) cyclopropanecarboxylate .....	0.125%
** OTHER INGREDIENTS .....	99.675%
	<u>100.000%</u>

\*\* Contains petroleum distillate

Minneapolis, MN 55427

EPA Reg. No. 1021-1649

EPA Est. No. 1021-MN-2

Net Weight: \_\_\_\_\_

Federal regulations prohibit CFC propellants in aerosols

PRECAUTIONARY STATEMENTS  
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

## CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin eyes or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

### ENVIRONMENTAL HAZARDS

This pesticide is extremely toxic to aquatic organisms, including fish and aquatic invertebrates. Do not apply directly to water. Do not contaminate water when cleaning equipment or disposing of equipment washwaters or rinsate. Drift and runoff may be hazardous to aquatic organisms in water adjacent to treated areas. Applying this product in calm weather when rain is not predicted for the next 24 hours will help to ensure that wind or rain does no blow or wash pesticide off the treatment area. This product is highly toxic to bees exposed to direct treatment on blooming crops or weeds. Do not apply this product or allow it to drift to blooming crops or weeds while bees are actively visiting the area.

### PHYSICAL OR CHEMICAL HAZARDS

Flammable. Contents under pressure. Keep away from heat, sparks, and open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

### USE RESTRICTIONS:

- Do not contaminate food and feedstuffs.
- Do not apply when food is present.
- Do not allow adults, children, or pets to enter the treated areas until sprays have dried.
- Do not apply directly to sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur, except as directed by the label.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not use in commercial food/feed processing, preparation, storage, or serving areas.
- Remove pets and birds and cover fish aquariums before spraying, and turn aquarium systems off.
- Do not water treated area to the point of runoff.
- Do not make applications during rain.
- All outdoor applications must be limited to spot or crack-and-crevice and wasp and hornet nest treatments only.
- All outdoor applications to impervious surfaces such as sidewalks, driveways, patios, porches and structural surfaces (such as windows, doors, and eaves) are limited to spot and crack-and-crevice applications, only.

In the home, cover all food / feed processing surfaces and utensils. Cover or remove exposed food/feed.

For Control of Nests of Wasps, Yellowjackets and Hornets: The best time to spray the nest is in the early morning or early evening when the air temperature is cooler, most insects are in the nest, and little activity is observed around the nest opening. Spray only if the air is still. Stand at a safe distance from the nest. Do not stand directly under the nest. Hold container upright at arm's length and point the actuator at the nest. First spray the opening of the nest. Then spray the rest of the nest until it is saturated. Treated insects may fall out of the nest and die. Any insects returning to the nest after treatment will be killed. Wait 48 hours before removing the nest. Hose off foliage of desirable plants contacted with spray.

For scorpions, stand 3-4 feet away and thoroughly cover the insect. Make sure scorpions are dead before removing.

This product may stain or adversely affect vinyl, painted, and plastic surfaces. Avoid application to asphalt roofing shingles as staining may occur. Test in an inconspicuous area and re-check in a few hours before using in areas where spray may contact these surfaces.

[ATTENTION: This product contains a chemical known to the state of California to cause cancer]

## STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

### Pesticide Storage

Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

### Pesticide Disposal and Container Handling

Do Not Puncture or Incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.
