MULTICIDE® Wasp & Hornet Spray 20863	EPA Reg. No. 1021-1784
EVERCIDE® Ant and Roach Spray 21322	EPA Reg. No. 1021-1808
Applications Dated October 25, 2006	

Dear Ms. Schlekau:

The Agency is in receipt of your Applications for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 for the above products. The Registration Division (RD) has conducted a preliminary screen of this request for its applicability under PRN 98-10 and finds that the actions requested fall within the scope of PRN 98-10. The labels submitted with the applications have been stamped "Notification" and will be placed in our records. If you have any questions, please me directly at 703-305-6249 or Terri Stowe of my staff at 703-305-6117.

Sincerely,

Linda Arrington

NOTIFICATION

NOV 20 2006

Subject: Notification per PR Notice 98-10
EVERCIDE® House & Garden Spray 2664
EPA Reg. No. 1021-1667

Dear Sir/Madam:

Per our discussions with Jim Downing of the Labeling Unit, please find enclosed a Notification per PR Notice 98-10, wherein we have deleted the 1-800-CLEANUP number from our Storage and Disposal statement until the new PR Notice issues. We are enclosing two copies of the label with this deletion.

This notification is consistent with the provisions of PR Notice 98-10 and EPA regulations at 40 CFR 152.46, and no other changes have been made to the labeling or the confidential statement of formula of this product. I understand that it is a violation of 18 U.S.C. Sec. 1001 to willfully make any false statement to EPA. I further understand that if this notification is not consistent with the terms of PR Notice 98-10 and 40 CFR 152.46, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If you have any questions or need further information, please feel free to give us a call.

Sincerely,

Julie B. Schlekau
Registration Specialist

EVERCIDE® House & Garden Spray 2664

For Residential Use Only

[] OR () indicates alternate or optional wording

Kills mosquitoes that may carry West Nile Virus

Continues to kill mosquitoes that land on treated surfaces for up to eight (8) hours

Eight (8) hour control against West Nile Virus-infected mosquitoes

Fog your yard (patio) for eight (8) hours of residual protection against mosquitoes that carry West Nile Virus

New Handle—Fog Big Areas Fast

New Handle—Delivers Fine Fog Spray; Treats Big Areas Fast

Treats an Avg. Patio (500 Sq ft) – 4 times (16 oz. Size)

Treats an Avg. Patio (500 Sq ft) – 5 times (20 oz. Size)

Treats Your Patio 4 (5) Times *

* 20' x 25'

Use Before Parties and Picnics

Guaranteed to work or your money back

Kills [controls] ornamental garden pests for up to 7 days

Kills and repels Mosquitoes, Biting Flies, Gnats, Moths, and Other Flying Insects

[Kills and repels mosquitoes and other listed pests]

Effective [residual] [long term] control

Kills [controls] insects on ornamental plants, shrubs, vines and houseplants for up to 7 days

Provides rapid knockdown and kill

Residually controls [kills] Cockroaches, Spiders, Crickets and other crawling insects for weeks

Residually controls [kills] Fleas and Ticks indoors and around pet areas for weeks

Kills on contact

Controls Mosquitoes, Flies, Gnats, Moths & other flying insects

Use on porches, patio areas, screens, window frames, doors & other areas

Use indoors & outdoors to control mosquitoes & a wide variety of pests

Use on houseplants & shrubbery to control ornamental pests

Provides effective residual insect control

Water-based formula

[For use around Home Areas Only]

*Do not spray in hot sun or temperatures over 90°F (32°C)

Clothes Moths	Grain Weevils	Sand Flies
Clover Mites	Granary Insects	Saw-toothed Grain Beetles

For use on ornamental plants, shrubs, vines and houseplants including [but not limited to] [such as]:

African Violet, Aspidistra, Asters, Azaleas, Begonias, Bougainvillea, Caladium, Calceolaria, Calendula, Calla, Camellia, Carnation, Chinese Evergreen, Cineraria, Chrysanthemums, Coleus, Creeping Charlie, Daffodil, Dahlias, Delphiniums, Deciduous Ornamentals, Dogwood, Dracena, English Ivy, Evergreens, Fatsyhedera, Fatsia, Fern, Ficus, Fuchsia, Gardenia, Geranium, Gladiolus, Gypsophila, Hibiscus, Holly, Hydrangea, Iris, Ivy, Jasmine, Juniper, Lily, Marigold, Falm, Plony, Pelargonium, Petunia, Philodendron, Pine, Podocarpus, Potatoes, Primula, Ranunculus, Rhododendron, Rose, Salvia, Schefflera, Sarcodragon, Spainiphyllum, Spider Plant, Sweet Pea, Tulips, Viola, Wandering Jew, Yew, and Zinnia.

Kills [controls] the following plant insects [on contact] [such as]:

Aphids	Cutworms	Leafrollers	Spider Mites
Armyworms	Diamondback Moths	Leaf tiers	Spotted Mites
Asparagus Beetles	Eastern Tent Caterpillars	Mealy Bugs	Stink Bugs
Boxelder Bugs	Flea Beetles	Mexican Bean Beetles	Tomato Fruit Worms
Cabbage Loopers	Gypsy Moth [adult and larvae]	Mites	Tarnished Plant Bugs
Cankerworms	Inchworms	Oleander Caterpillars	Tomato Pin Worms
Caterpillars	Japanese Beetles	Psyllids	Two-spotted Mites
Chewing Insects	Lace Bugs	Red Spider Mites	Tent Caterpillars
Colorado Potato Beetles	Leaf Miners	Rose Chafers	Thrips
Corn Ear Worms	Leaf Beetles	Soft Brown Scales	Whiteflies
Cucumber Beetles	Leafhoppers	Southern Army Worms	

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE.

SHAKE WELL BEFORE EACH USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS.

For best results, follow directions for specific use areas. Do not use on animals. Avoid excessively wetting furniture and carpeting. Always test in an inconspicuous [hidden] area before use since liquid products may adversely affect some natural and synthetic fibers.

Avoid contamination of food and feedstuffs. DO NOT CONTAMINATE FOOD AREAS.

INDOOR USE:

Remove all exposed food and cooking utensils. Cover all food-handling surfaces or wash thoroughly after treatment and before use. Spray surface areas and contact as many insects as possible.

FLIES, GNATS, MOSQUITOES, FRUIT FLIES, WASPS, HORNETS, BEES, SMALL FLYING MOTHS, and other flying insects: Close all doors and windows and direct spray upward into

center of room with a slow sweeping motion. Spray 5 – 10 seconds for average size room. *Direct spray to all parts of the room, especially at windows and other light sources that attract these insects.* When spraying, keep nozzle in constant motion. Keep room closed for 15 minutes after spraying. Ventilate room thoroughly before re-entry. Sweep up and discard fallen insects.

FLEAS AND TICKS: Before use, vacuum all infested areas thoroughly and dispose of vacuum bag in outside trash. Apply spray uniformly to rugs, carpets, draperies, and all surfaces of upholstered furniture. Treat under and around furniture if pets frequently rest in these areas. Avoid excessively wetting upholstered furniture and draperies. A fine spray applied uniformly is all that is necessary to kill Fleas. To kill Ticks and other labeled insects, apply directly to the pests. Spray thoroughly into hiding places such as cracks and crevices, on walls and floors, and along baseboards, and window and door frames. Spray at the rate of one (1) linear foot per second with a slow sweeping motion. Do not allow children or pets to walk on treated surfaces until completely dry. Do not spray on pets or humans.

FLEAS AND TICKS IN PET BEDDING AND PET AREAS: Remove and destroy or wash pet's old bedding. To reduce infestation, thoroughly spray animal's bedding and sleeping quarters, and around baseboards and window and door frames, wall cracks, local areas of floors, and other resting places until the surface is slightly moist. Treat these areas at the rate of two seconds per linear foot at a distance of 12 – 18 inches. Also, spray the entire inside surface of doghouses. Put fresh bedding in pet's quarters after spray has dried. Do not allow pets to contact treated areas until completely dry.

For best results, treat pets with EPA registered flea and tick control products, ([such as] [brand name] flea or flea and tick collar, [brand name] pet powder, [brand name] pet spray, [brand name] pet dip, [brand name] pet shampoo, flea shampoo or flea and tick shampoo), in conjunction with this application before allowing pets to re-enter treated areas.

COCKROACHES, ANTS, CRICKETS, CENTIPEDES, FIREBRATS, SPIDERS, and other listed crawling insects: Directly spray as many insects as possible in addition to thoroughly spraying all parts of rooms suspected of harboring these pests. Pay special attention to hiding places such as beneath sinks, behind and beneath stoves and refrigerators, around garbage cans, in cabinets, along baseboards, door sills, frames and floors, around and on drains, pipes, plumbing, behind bookcases, storage, and other utility installation areas, contacting insects with spray whenever possible. **TO KILL ANTS,** treat around doors, window frames, and other areas of entry. Directly spray ants whenever possible.

CARPET BEETLES: [Dermestids (Trogoderma)]: Directly spray as many insects as possible. Spray all surfaces of upholstered furniture. When possible, thoroughly spray both top and bottom of rugs and carpets. Also, treat shelves, closets, areas under furniture, floors, walls, windowsills, baseboards, and wherever these insects are seen or suspected.

BEDBUGS: Lightly spray mattresses, particularly around tufts and seams. Take beds apart and spray in all joints. Treat baseboards, moldings, floors, walls, furniture, and other infested areas. Allow treated articles to dry before use.

EXPOSED STAGES of Granary Insects, Flour Beetles, Caddis, Rice Weevils, Flat Grain Beetles, Cigarette Beetles, Confused Flour Beetles, Drugstore Beetles, Lesser Grain Borers, Merchant Grain Beetles, Saw-toothed Grain Beetles, Grain Weevils, Warehouse Beetles, Red Flour Beetles, Grain Mites, Weevils, Cheese Mites, and Indian Mealworms: Dispose of infested packaged goods. Remove all other items from pantry, shelves, and drawers and clean thoroughly. Spray into cracks and crevices, shelves, drawers, cabinets, and other areas where these insects tend to congregate. After spray is dry, install new shelf paper and return packages to shelves.

For particularly excessive infestations of listed pests, use [MGK® Indoor Fogger] [brand name] following application of this product.

OUTDOOR USE:

Do not use on edible crops. Take precautions to avoid spraying when wind conditions could create a mist that may blow back to applicator. Do not apply this product in or around bodies of water.

FLIES, GNATS, MOSQUITOES, SMALL FLYING MOTHS, Mirges, Small Flying Insects, Sand Flies, Black Flies, Biting Flies, Deer Flies, Face Flies, Horse Flies, Houseflies, Stable Flies, Vinegar Flies, Fruit Flies, and other flying insects: Hold container 18 – 24 inches from shrubs, bushes, grassy areas, and other areas infested with these pests. Spray with a slow sweeping motion. To reduce annoyance from these pests, treat surfaces of open porches, patio areas, screens, window frames, doors, and other areas where these pests may alight or congregate in a similar manner. Allow spray to dry before occupying treated area.

WASPS, HORNETS, BEES, YELLOW JACKETS, AND PAPER NEST WASPS: Hold container 18 – 24 inches away from these insects and spray them directly. Do not spray into nests or hives. Only use an EPA registered product [EPA registered product such as] [brand name] designed for use on nests and hives.

ANTS: Spray ant trails, hills, mounds, and other areas of entry and infestation. Spray on ants when possible.

SPIDERS: Spray directly on spiders and webs.

SOWBUGS, MILLIPEDES, BEETLES, EARWIGS, Ground Beetles, Elm Leaf Beetles, Boxelder Bugs, Earwigs, Clover Mites, Pillbugs, Centipedes, Scorpions, Cockroaches, Crickets, Palmetto Bugs, Waterbugs: Thoroughly spray on surfaces and into hiding places such as cracks, crevices, moist areas, openings around pipes, spigots, storage areas, sheds and other areas where these pests tend to congregate. Repeat as necessary.

GARDEN PESTS: NOT FOR USE ON EDIBLE CROPS

Kills [controls] the following plant insects [on contact] [such as]:

Aphids	Cutworms	Leafrollers	Spider Mites
Armyworms	Diamondback Moths	Leafhoppers	Spotted Mites
Asparagus Beetles	Eastern Tent Caterpillars	Mealy Bugs	Stink Bugs
Boxelder Bugs	Flea Beetles	Mexican Bean Beetles	Tarnished Plant Bugs
Cabbage Loopers	Gypsy Moths [adult and larvae]	Mites	Tomato Fruit Worms
Cankerworms	Inchworms	Oleander Caterpillars	Tomato Pin Worms
Caterpillars	Japanese Beetles	Psyllids	Two-spotted Mites
Chewing Insects	Lace Bugs	Red Spider Mites	Tent Caterpillars
Colorado Potato Beetles	Leaf Miners	Rose Chafers	Thrips
Corn Ear Worms	Leaf Beetles	Soft Brown Scales	Whiteflies
Cucumber Beetles	Leafhoppers	Southern Army Worms	

For use on ornamental plants, shrubs, vines, and houseplants including [but not limited to] [such as]:

African Violet, Aspidistra, Aster, Azalea, Begonia, Bougainvillea, Caladium, Calceolaria, Calendula, Calla, Camellia, Carnation, Chinese Evergreen, Cineraria, Chrysanthemum, Coleus, Creeping Charlie, Daffodil, Dahlia, Delphinium, Deciduous

Ornamental, Dogwood, Dracena, English Ivy, Evergreen, Fatshedera, Fatsia, Fern, Ficus, Fuchsia, Gardenia, Geranium, Gladiolus, Gypsophila, Hibiscus, Holly, Hydrangea, Iris, Ivy, Jasmine, Juniper, Lily, Marigold, Palm, Peony, Pelargonium, Petunia, Philodendron, Pine, Podocarpus, Pothos, Primula, Ranunculus, Rhododendron, Rose, Salvia, Schefflera, Snapdragon, Spathiphyllum, Spider Plant, Sweet Pea, Tulip, Viola, Wandering Jew, Yew, and Zinnia.

WHEN SPRAYING, HOLD CAN 24 – 36 INCHES FROM PLANT. Take precautions when spraying tender or new growth on young plants. First, spray these plants on a few leaves to ensure plant safety before spraying entire plant. For best results, apply in short bursts and spray in the evening or on a cloudy day when air is still.

Lightly mist plants. Use a slow sweeping motion. Avoid excessively wetting plant foliage with spray. Spray plants at the rate of one (1) linear foot per second. For heavy growth, spray both sides of plants. Do not spray when temperature exceeds 90°F.

STORAGE AND DISPOSAL

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions.
