KEEP OUT OF REACH OF CHILDREN

CAUTION

FIRST AID

IF ON SKIN: Wash skin with soap and warm water. Get medical attention if irritation persists.
IF IN EYES: Flush eyes with plenty of water. Call a physician if irritation persists.

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals. Wash thoroughly with soap and water after handling.

Hospital and/or nursing home patients must be removed from their rooms while treatment is being applied and must not be allowed to return until all treated surfaces have dried. Do not apply this pesticide when classrooms are in use.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130 F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read the label and please follow all directions and precautions.

ACCEPTED

AUG 4 1998

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 1021-1679

092

Do not use in food areas of food handling establishments, restaurants or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared food is served such as dining rooms but excluding areas where foods may be prepared or processed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed. Non food areas of restaurants or food handling establishments are areas including (but not limited to) garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

Do not use in Federally Inspected Meat and Poultry Plants.

Ants, Black Carpenter Ants, Cat Flea, Brown Dog Tick, Cockroaches (American, German, Oriental, Brown Banded), Crickets, Earwigs, Firebrats, Sowbugs, Spiders (including Scorpion and Black Widow) and Silverfish: For use indoors, aim spray nozzle and spray to contact as many pests as possible, spraying into cracks and crevices and other hidden surfaces where these pests are hiding, such as under sinks and behind stoves and refrigerators, around plumbing service, and other inaccessible areas where these pests are seen. There is no need to overspray. Repeat as necessary, when pests are seen, but not more frequently than once a week.

STORED PRODUCT PESTS: (Sawtoothed Grain Beetles, Confused Flour Beetles & Rice Weevils) In the home kitchen, remove and inspect stored food products. Remove infested packages and seal in plastic bag to prevent reinfestation. Discard bag in garbage. After removing all food packages and shelf liner, spray visible pests, cracks, crevices, and corners of pantry, cupboards, and storage areas. Allow treated areas to dry and then put new shelf liner down and return containers to shelves. Repeat treatment as necessary, but not more frequently than once a week.

STORAGE AND DISPOSAL

STORAGE: Store in a secure, preferably locked storage area that is cool and dry.

DISPOSAL: Unused product may be disposed of by securely wrapping container in several layers of newspaper and discard in trash. The empty container may be placed with other steel cans for recycling, where available. Otherwise, replace cap and discard in trash.
