ACCEPTED

FEB 22 2005

Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 1021-1679

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Read the label and please follow all directions and precautions.

Hospital and/or nursing home patients must be removed from their rooms while treatment is being applied and must not be allowed to return until all treated surfaces have dried.

Do not apply this pesticide when classrooms are in use.

Do not use in food areas of food handling establishments, restaurants, or other areas where food is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared food is served such as dining rooms but excluding areas where foods may be prepared or processed. In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food/feed should be covered or removed. Non food areas of restaurants or food handling establishments are areas including (but not limited to) garbage rooms, lavatories, floor drains (to sewers) entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets, and storage (after canning or bottling).

1021-1679

02/22/05

12

Do not use in Federally Inspected Meat and Poultry Plants.

[To assemble:

1. Lift blue "Tear Off Tab" until it snaps completely off top of can.
2. Remove red straw from the BACK neck slot.
3. Insert red straw into the gray tip located above blue trigger.
4. Following crack and crevice application, to prevent accidental discharge, remove red straw and store horizontally in FRONT slot (located directly behind blue trigger)).

Ants, Black Carpenter Ants, Cat Fleas, Brown Dog Ticks, Cockroaches (American, German, Oriental, Brown Banded), Crickets, Earwigs, Firebrats, Sowbugs, Spiders (Including Scorpion and Black Widow) and Silverfish; For use indoors, aim spray nozzle and spray to contact as many pests as possible. Spray into cracks and crevices and other hidden surfaces where these pests are hiding such as under sinks and behind stoves and refrigerators, around plumbing services, and other inaccessible areas where these pests are seen. There is no need to overspray. Repeat as necessary when pests are seen, but not more frequently than once a week.

STORED PRODUCT PESTS: (Saw-toothed Grain Beetles, Confused Flour Beetles, and Rice Weevils). In the home kitchen, remove and inspect stored food products. Remove infested packages and seal in plastic bag to prevent reinfestation. Discard bag in outside trash. After removing all food packages and shelf liner, spray visible pests and cracks, crevices, and corners of pantries, cupboards, and storage areas. Allow treated areas to dry and then put new shelf liner down and return containers to shelves. Repeat treatment as necessary, but not more frequently than once a week.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage or disposal.

STORAGE: Store in a secure, preferably locked storage area that is cool and dry.

DISPOSAL:

Do Not Puncture or Incinerate!

If empty: Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency or 1-800-CLEANUP for disposal instructions.

etc
