

U.S. ENVIRONMENTAL PROTECTION AGENCY
Office of Pesticide Programs
Registration Division (H7505C)
401 "M" St., S.W.
Washington, D.C. 20460

EPA Reg. Number:

Date of Issuance:

1021-1685

AUG 1 1 1999

Term of Issuance:

Unconditional

Name of Pesticide Product:

Multicide Total Release Aerosol 27372

NOTICE OF PESTICIDE:

<u>x</u> Registration Reregistration

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

McLaughlin Gormley Company 8810 Tenth Avenue North

Minneapolis, Minnesota 55427-4372

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is unconditionally registered in accordance with FIFRA sec. 3 (c) 5. Once a pesticide is registered, however, it is not regarded as permanently acceptable. Registration does not eliminate the need for continual reassessment of pesticides. If the Agency determines that, at any time, additional data are required to maintain in effect an existing registration, the Agency will require submission of such data under FIFRA section (3)(c) (2) (B).

- 1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
- 2. Make the following label changes:
 - a. Revise the EPA Registration Number to read, "EPA Reg. No.1021-1685".
 - b. Delete the fifth sentence under "General Information" since this instruction conflicts with restriction not to use more than one fogger per room.
- 3. Submit two copies of the revised final printed label for the record.

Surency for.

Signature of Approving Official:

Date:

George L LaRocca

Product Manager 13

A stamped copy of the label is enclosed for your records.

Sincerely,

George T. LaRocca Product Manager (13) Insecticide Branch Registration Division (7505C)

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Under the Federal Insecticide, Fungiside, and Rodentiside Act as smouded, for the pesticide registered under EPA Reg. No.

1021-1685

Do not use in commercial food/feed handling establishments, restaurants, or other areas/sites where food/feed is commercially prepared or processed. In the home all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use. Exposed food should be covered or removed.

Use this product to control: Fleas, Ants, Cockroaches (Palmetto Bugs, Waterbugs), Crickets, Yellow Jackets, Ticks, Flies, Spiders, Mosquitoes, Confused Flour Beetles, Carpet Beetles, Small Flying Moths, Sawtoothed Grain Beetles, and Rice Weevils.

GENERAL INFORMATION: Cover exposed food, dishes, utensils, and food handling equipment. Open cabinets, drawers, and doors in area to be treated. Close windows and outside doors. Use one unit for 6,000 cubic feet of unobstructed space. Use additional units for remote rooms or where free flow of mist is not assured. IMPORTANT: Do not remain in the building during treatment and ventilate thoroughly for 30 minutes before reoccupying treated area. Do not use this product in a cabinet or under a counter or table. Remove all pets, birds, and cover fish aquariums before using this product.

DO NOT use more than one fogger per room. DO NOT use in small, enclosed spaces such as closets, cabinets or under counters or tables. Do not use in a room 5 ft. x 5 ft. or smaller, instead, allow fog to enter from other rooms. Turn off ALL ignition sources such as pilot lights (shut off gas valves), other open flames or running electrical appliances that cycle off and on (i.e., refrigerators, thermostats, etc.). Call your gas utility or management company if you need assistance with your pilot lights.

SHAKE WELL AND KEEP CONTAINER UPRIGHT

FOR TOTAL RELEASE OF PRODUCT: TO OPERATE VALVE: To lock valve in the open position for automatic discharge, break off and remove tab on the side of the sprayer. Tilt sprayer away from face (container sprays straight up). Press down firmly on sprayer pad until it snaps into place. Place can on chair or table near the center of the area to be treated and leave the area at once. Keep out of the treated area for two hours and then ventilate as instructed above. Repeat as necessary to maintain control of pests.

FOR FLEAS AND TICKS: Remove pet bedding before treatment. After treatment, replace pet bedding with new or freshly laundered bedding material. Pets should be treated with a pesticide product registered for use on animals at the same time that the house and yard are treated.

STORAGE AND DISPOSAL

STORACE: Store in a secure, preferably locked storage area away from heat or open flame.

<u>DISPOSAL</u>: In areas with steel can recycling, the empty can may be offered for recycling. Where no recycling is available, replace cap and discard container in trash. Do not incinerate or puncture.
