Attention: Ms. Anne Marie C. Zielinski:

Subject: MGK® Dog & Cat Repellent Spray 2599
EPA Reg. No. 1021-1689
Your amended application of September 30, 2004

Purpose The purpose of this submission is to revise the precautionary statements of your label in accordance with PR Notices 2001-1 and 2001-5 and to change the "Storage and Disposal" text according to PR Notice 2001-6.

Label The labeling submitted with the above letter, under section 3 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) is acceptable, provided you submit one (1) copy of final printed labeling to us, with the following changes, before you ship your product.

- 1. Delete the following "Storage and Disposal" text on your label, as it not required for household products:

Do not contaminate water, food, or feed by storage and disposal.

A copy of the stamped label is enclosed for your records.

Existing stocks Stocks of existing labels may be used for eighteen (18) months.

Consequence for non-compliance If this condition is not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product constitutes acceptance of this condition.

Questions If you have questions about this letter, please contact me at 703-305-5407 (by phone), 703-305-6596 (by fax), or peacock.dan@epa.gov (by E-Mail).

Sincerely yours,

Daniel B. Peacock, Biologist
Insecticide-Rodenticide Branch
Registration Division (7504C)

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye injury. Harmful if inhaled or absorbed through skin. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing vapor or spray mist. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Keep from freezing.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with it's labeling.

SHAKE WELL BEFORE USING AND OCCASIONALLY DURING USE.

Do not apply directly to foliage or shrubs or to ornamental, soft-bodied plants.

GENERAL: The most effective control for a pet is the sharply spoken word backed up with disciplinary action for both indoor and outdoor situations. This repellent product should be used in conjunction with this type of training.

INDOORS: To break your pet of undesirable habits (such as sleeping on furniture, rugs, and other forbidden areas in your home): Spray article of furniture, rugs, etc. lightly with this product to slightly moisten the area or object. Before spraying extensive areas of rugs, fabrics, or plastics, test the effect of this product by first treating a small, inconspicuous area. This product may stain or soften some fabrics or plastics. An alternative method to avoid possible damage is to spray a piece of cloth lightly and place it on the object or area in your home to be protected. Repeat daily, or as necessary, until undesirable habit is broken.

OUTDOORS: To prevent your pet or stray animals from soiling flower beds, areas of lawn, trees, shrubbery or evergreen: Spray edges of flower beds, trunks of trees, bases of shrubbery and evergreens, patches of lawn, etc., lightly, every day or every other day, with this product. Stray animals are frequently attracted to areas where urine or feces have been deposited. First, remove any droppings, and then spray the spot with this repellent spray. Re-apply as often as necessary until undesirable habits of your pet or stray animals are broken.

Note: This product is not likely to break the established urination patterns of dogs unless used as a training aid.

Garbage and Garbage Cans: Treat bags of garbage and garbage cans on all surfaces until wet. Allow drying before handling. Re-apply as necessary.
