Subject: Amendment - Response to PR Notice 2000-5 & 2001-1
EVERCIDE Concentrate 2595
EPA Reg. No. 1021-1690
Your Submission Dated September 27, 2004

Dear Ms. Zielinski:

The labeling referred to above, submitted in connection with registration under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, is acceptable subject to the comments listed below. Two (2) copies of the finished labeling must be submitted prior to releasing the product for shipment. A stamped copy of the label is enclosed for your records.

1. Please review the enclosed document. The letter sent to you (dated April 15, 1997) from the Agency contained the wrong acute toxicity profile for this product. According to the attached toxicity profile, please make the following revisions:
 - a. Add "If in Eyes: - Hold eye open and rinse slowly and gently with water for 15-20 minutes.
- Remove contact lenses, if present, after first 5 minutes, then continue rinsing eye.
- Call a poison control center or doctor for treatment advise."

The tox category for the acute inhalation study (44089703) is four (IV), thus you may delete the *If inhaled* first aid statement and inhaled, and Avoid breathing vapor or spray mist under Precautionary Statements.

If you have any questions regarding this action, please contact BeWanda Alexander of my team at (703) 305-7460.

Sincerely,

George T. LaRocca
Product Manager (13)

PRECAUTIONARY STATEMENTS

HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes skin irritation. Harmful if swallowed, inhaled, or absorbed through skin. Do not get on skin or clothing. Avoid contact with eyes. Avoid breathing vapor or spray mist. Wear coveralls over short-sleeved shirt and short pants, socks, chemical-resistant footwear, and chemical resistant gloves such as Barrier Laminate, Neoprene Rubber, or Viton. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reactions in some individuals.

ENVIRONMENTAL HAZARDS

This pesticide is highly toxic to fish and aquatic invertebrates. Do not discharge effluent containing this product into lakes, streams, ponds, estuaries, oceans, or other waters unless in accordance with the requirements of a National Pollutant Discharge Elimination System (NPDES) permit and the permitting authority has been notified in writing prior to discharge. Do not discharge effluent containing this product to sewer systems without previously notifying the local sewage treatment plant authority. For guidance, contact your State Water Board or Regional Office of the EPA.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

This product is to be used only to formulate insecticide products that will be labeled for domestic indoor non-food use.

This product is to be used with appropriate solvents, emulsifiers, carriers, and in the case of pressurized products, propellents in the manufacture of insecticide products.

Please consult MGK® technical literature or formulating instructions before using this product. Formulators who use this product may be responsible for providing data to support their own registrations with the appropriate regulatory agencies.

Mix well in drum before sampling or using this product.
