MCLAUGHLIN GORMLEY KING COMPANY, D/B/A MGK

Subject: Labeling Notification per Pesticide Registration Notice (PRN) 98-10 - Added guarantee language and removed graphic from label
Product Name: EVERCIDE CRAWLING INSECT KILLER 2548
Admin Number: 1021-1691
EPA Receipt Date: 03/09/2026
Action Case Number: 00687150

Dear Chantha Coursolle:

The U.S. Environmental Protection Agency is in receipt of your application for notification under Pesticide Registration Notice 98-10 for the above referenced product. The EPA has conducted a review of this request for its applicability under PRN 98-10 and finds that the action requested falls within the scope of PRN 98-10.

The labeling submitted with this application has been stamped "Notification" and will be placed in our records.

Should you wish to add/retain a reference to your company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the EPA. If the website is false or misleading, the product will be considered to be misbranded and sale or distribution of the product is unlawful under FIFRA section 12(a)(1)(E). 40 CFR § 156.10(a)(5) lists examples of statements the EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the EPA find or if it is brought to our attention that a website contains statements or claims substantially differing from statements or claims made in connection with obtaining a FIFRA section 3 registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

If you have questions, please contact Robert Mitchell via email at mitchell.robert@epa.gov.

Sincerely,

A handwritten signature in cursive script that reads "Robert D. Mitchell (for)".

EVERCIDE® Crawling Insect Killer 2548

[] OR () indicates alternate or optional wording

- [Water Based Formula]
- [Kills Ants, Roaches, Spiders]
- [No Sticky Mess]
- [Won't stain or discolor]
- [Citrus Fresh] [Spring Fresh]
- [Pine Fresh] [Fresh Pine]
- [Kills Biting Asian Beetles]
- [Unscented] [No added Fragrance]
- [Odorless] [Leaves no Chemical Odor]
- [Odor Free]
- [Virtually Odor Free] [No Added Fragrance]
- [Kills Asian Lady Bird Beetles on contact]
- [Kills Lady Bugs on contact]
- [Goes where bugs hide]
- [Guaranteed to work or your money back]

- [Pressurized Spray - Effective against: Ants, Cockroaches, Fleas, Ticks and Other Listed Insects]
- [Fast Killing]
- [Kills on Contact and Keeps on Killing for up to 6 Weeks]
- [Kills Black Widow Spiders and Scorpions]
- [Residual Action Keeps Working for up to 6 Weeks]
- [Residual Control of Cockroaches, Ticks, and Stored Product Pests such as Confused Flour Beetles, Rice Weevils and Cigarette Beetles for up to 6 Weeks]
- [For Indoor & Limited Outdoor Residential Use]
- [Kills Cockroaches, Ants, Silverfish, Fleas, Spiders, and Brown Dog Ticks]
- [Kills Stink Bugs, Brown Marmorated Stink Bugs (BMSB), Asian Lady Beetles, and Boxelder Bugs]

ACTIVE INGREDIENTS:

Prallethrin [(RS)-2-Methyl-4-oxo-3-(2-propynyl) cyclopent-2-enyl (1RS)-cis, trans-chrysanthemate]	0.03%
Esfenvalerate [(S)-Cyano (3-phenoxyphenyl) methyl 4-chloro-alpha-(1-methylethyl) benzeneacetate].....	0.05%
* N-Octyl bicycloheptene dicarboximide.....	0.29%
OTHER INGREDIENTS	99.63%
	100.00%

* MGK® 264®, Insecticide Synergist

NOTIFICATION

1021-1691

The applicant has certified that no changes, other than those reported to the Agency have been made to the labeling. The Agency acknowledges this notification by letter dated:

Federal regulations prohibit CFC propellants in aerosols

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Causes moderate eye irritation. Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse. Prolonged or frequently repeated skin contact may cause allergic reaction in some individuals.

ENVIRONMENTAL HAZARDS

This pesticide is toxic to fish and aquatic invertebrates. Do not apply directly to or near water, or to areas where surface water is present, or to intertidal areas below the mean water mark. Do not apply when weather conditions favor drift from treated areas. Drift and runoff may be hazardous to fish in water adjacent to treated areas. Do not contaminate water when disposing of equipment washwaters. See Directions for Use for additional precautions and requirements.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product in or on electrical equipment due to possibility of shock hazard.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For both indoor and outdoor use

USE RESTRICTIONS

- Apply this product only as specified on this label.
- Do not contaminate food or feedstuffs.
- This product is intended for Indoor/limited outdoor residential use only.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not allow children or pets to contact treated surfaces until spray has dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Do not wet articles to the point of runoff or drip. Do not use treated article until spray has dried.
- Remove or cover exposed food and drinking water before application. Remove or cover dishes, utensils, food processing equipment, and food processing surfaces, or wash them before use.
- Do not water the treated area to the point of runoff.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow this product to enter any drain during or after application.
- Remove pets, birds, and cover fish aquariums before spraying.
- Do not allow to enter indoor or outdoor drains. No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm² or 0.25 sq. in. unless size is greater than 10% of label size}

- Do not make applications during rain. Avoid making applications when rainfall is expected before the product has sufficient time to dry (minimum 4 hours). Rainfall within 24 hours after application may cause unintended runoff of pesticide application.
- Do not apply when the wind speed is greater than 15 mph.
- Do not apply or irrigate to the point of runoff.
- Do not apply the product into fish pools, ponds, streams, or lakes.
- Do not apply directly to sewers or storm drains, or to any area like a drain or gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur.
- Do not apply directly to impervious horizontal surfaces such as sidewalks, driveways, and patios except as a spot or crack and crevice treatment.

All outdoor spray applications must be limited to spot or crack and crevice treatments only, except for the following permitted uses:

1. Applications to underside of eaves, soffits, doors, or windows permanently protected from rainfall by a covering, overhang, awning, or other structure;
2. Applications around potential exterior pest entry points into man-made structures such as doorways and windows, when limited to a band not to exceed one inch;
3. Applications to vertical surfaces (such as the side of a man-made structure) directly above impervious surfaces (e.g., driveways, sidewalks, etc.), up to 2 feet above ground level;
1. 4. Applications to vertical surfaces directly above pervious surfaces, such as soil, lawn, turf, mulch or other vegetation) only if the pervious surface does not drain into ditches, storm drains, gutters, or surface waters.

[Product Facts] [Where to Use]

Only for use in and around residential areas such as Rooms, Apartments, Homes, Attics, Basements, Campers, Boats, Household Storage Areas, Garages, Pet Sleeping Areas, and Cabins.

SHAKE WELL BEFORE USE.

SPRAY DRIFT ADVISORIES

- Take precautions to minimize spray drift.

Use Information: Use this spray as a spot or crack and crevice treatment to control Asian lady beetles, Boxelder bugs, Brown Marmorated stink bugs (BMSB), cockroaches, fleas, silverfish, stink bugs, ticks, Waterbugs, and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet.

FOR SPOT TREATMENT:

To kill Ants, Asian Lady Bird Beetles, Banded Garden Spiders, Black Widow Spiders, Bold Jumping Spiders, Boxelder Bugs, Brown Marmorated Stink Bugs (BMSB), Bud Spiders, Burrowing Wolf Spiders, Carpet Beetles, Cat face Spiders, Centipedes, Cigarette Beetles, Cobweb Weaver Spiders, Cockroaches, Common House Spiders, Confused Flour Beetles, Crickets, Cupboard Spiders, Daddy-Long-Legs, European House Spiders, Funnel Web Spiders, Giant Wolf Spiders, Grass Spiders, Ground Spiders, Indian Meal Moths, Marbled Cellar Spiders, Parson Spiders, Rice Weevils, Sawtoothed Grain Beetles, Scorpions, Silverfish, Southern House Spiders, Sowbugs, Spiders, Woodlouse Spiders, Stink Bugs, and Yellow Sac Spiders: Spray areas where these insects are found or may hide, including dark corners of rooms and closets; cracks and crevices in walls; along baseboards and door and window frames; behind and beneath sinks, stoves, refrigerators, and cabinets; and around garbage cans, plumbing, and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants, spray ant trails and around doors and windows, and wherever else these pests may find entrance. For control of Black Carpet Beetles, spray along baseboards and edges of carpeting, under carpeting, rugs, and furniture and wherever these insects are seen or suspected. Spot treatments must not exceed two square feet in size (for example, 2 ft. by 1 ft. or 4 ft. by 0.5 ft.).

To kill Brown Dog Ticks and Fleas: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floor and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. DO NOT SPRAY PETS WITH THIS PRODUCT. Pets should be treated with a registered flea and tick control product prior to reentering treated areas.

FOR CRACK AND CREVICE TREATMENT:

To kill Ants, Asian Lady Beetles, Banded Garden Spiders, Black Widow Spiders, Bold Jumping Spiders, Boxelder Bugs, Brown Dog Ticks, Brown Marmorated Stink Bugs (BMSB), Bud Spiders, Burrowing Wolf Spiders, Carpet Beetles, Cat face Spiders, Cobweb Weaver Spiders, Cockroaches, Common House Spiders, Crickets, Cupboard Spiders, Daddy-Long-Legs, European House Spiders, Fleas, Funnel Web Spiders, Giant Wolf Spiders, Grass Spiders, Ground Spiders, Marbled Cellar Spiders, Parson Spiders, Scorpions, Silverfish, Southern House Spiders, Sowbugs, Spiders, Stink Bugs, Woodlouse Spiders, and Yellow Sac Spiders: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different interior elements of construction, between equipment and floors, openings leading to voids and hollow spaces in interior walls, equipment legs and bases where these insects hide.

Care should be taken to avoid depositing the product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

Treat surfaces to ensure thorough coverage but avoid runoff.

To treat insects harbored in voids and cracks and crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

Flies and Mosquitoes: Use only outdoors as an aid in reducing annoyance from these insects. Apply as spot treatments to outside surfaces of window and door frames as well as other areas where these pests may enter the home. Also apply as spot treatments to dark corners and localized resting areas (such as under eaves) or porches, patios, and garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed.

[Alternate use directions when using the product as an outdoor spray equipped with streaming spray button and extension tube]

[READ ALL DIRECTIONS COMPLETELY BEFORE USE [Product name] is intended to use as a limited exterior spot treatment on residential structures to keep ants from entering the structure. Direct your application to areas that ants and other listed insects use as common entry points into residential structures. This product is especially useful in early spring when ants emerge and attempt to enter the house. Use it again in the fall when ants attempt to come inside for the winter.

SHAKE WELL BEFORE EACH USE. HOLD CONTAINER UPRIGHT. APPLY IN SHORT BURSTS and always use the attached red extension tube to direct the application. A spare red extension tube is included with each can. For best results, follow directions for specific listed insects and use areas. This product is designed for limited outdoor applications to building surfaces and spot treatments on structures only. Do not apply this product directly to animals. Any liquid may adversely affect some building materials. Always test in an inconspicuous area prior to widespread use.

DO NOT CONTAMINATE FOOD AREAS.

LIMITED OUTDOOR USE: All residential outdoor applications must be limited to building surfaces and spot treatments on structures only. Spray with caution when wind conditions may create a mist that may blow back to applicator. Always attempt to use the attached red extension tube or the spare. When engaged, spray will shoot out a stream 10 to 15 feet long. The liquid will expand upon hitting a target surface and then leave an invisible residual deposit to kill ants. Do not spray this product in and around bodies of water

ANTS: Focus your spot treatments to key areas outside the house, where you suspect ants are entering the structure, such as around downspouts and gutters, near window sills, and door openings. Seal up any visible exterior cracks where ants can be seen entering the home.

SPIDERS: Focus your spot treatments to spiders and webs on the exterior of building surfaces.

CRAWLING INSECTS: Cockroaches, Crickets, Sowbugs, Multicolored Asian Ladybird Beetles. Focus your spot treatments to key areas outside the house where you suspect these insects are entering the structure, such as around downspouts and gutters, near windowsills and door openings. Spray insects directly where possible. Seal up any visible exterior cracks where crawling insects can be seen entering the home.]

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.
Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

PESTICIDE STORAGE

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

PESTICIDE DISPOSAL AND CONTAINER HANDLING

Do not puncture or incinerate!

Non-refillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Do not pour or dispose down-the-drain or sewer. Call your local solid waste agency for disposal instructions.

[Notice Buyer assumes all risks of use, storage or handling of this product not in accordance with directions.]

[Our Guarantee: If for any reason you are not satisfied with this product, mail us proof of purchase to obtain a full refund of your purchase price.]

[The [INSERT COMPANY/BRAND] Guarantee:

if for any reason you, the consumer, are not satisfied with the results after using this product, you are entitled to get your money back. Limitations apply. See terms and conditions at [Insert Company Website]]
