U.S. ENVIRONMENTAL PROTECTION AGENCY  
Office of Pesticide Programs  
Registration Division (H7505C)  
401 "M" St., S.W.  
Washington, D.C. 20460

EPA Reg. Number: 1021-1697  
Date of Issuance: JAN 30 1998

NOTICE OF PESTICIDE:  
 X  Registration  
    Reregistration

Term of Issuance: Conditional

Name of Pesticide Product: Evercide  
Roach & Ant Spray  
2622

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):  
McLaughlin Gormley King Company  
8810 Tenth Ave. North  
Minneapolis, MN 55427-4372

Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration/reregistration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.
2. Make the following label changes:
  - a. Revise the EPA Registration Number to read, "EPA Reg. No. 1021-1697".
  - b. Add the statement, "May cause aspiration pneumonia hazard.", to the Statement Of Practical Treatment section of the label.
  - c. Change the Statement Of Practical Treatment for if swallowed to read: "IF SWALLOWED: Call a physician or Poison Control Center. Do not induce vomiting. Do not give anything by mouth to an unconscious person. Avoid alcohol."

Signature of Approving Official:  
*See page two*

Date:  
*January 30, 1998*

2/5

3. Submit two (2) copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

*Joseph M. Tavano*  
for Marion J. Johnson, Jr.

5/5

EVERCIDE® Roach & Ant Spray 2622 contains a combination of ingredients that residually kills [controls] ants, cockroaches, ticks, fleas, carpet beetles and other listed insects. This product contains two highly effective ingredients that provides quick knockdown and kill [long term control] of fleas. Protects the home from flea build-up from existing flea populations. Occasionally adult fleas may be present in treated areas when reintroduced from infested animals.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use EPA registered flea and tick products in conjunction with this application and prior to re-entry. EVERCIDE® Roach & Ant Spray 2622 also effectively controls other insects listed when used as directed.

#### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

#### READ ALL DIRECTIONS COMPLETELY BEFORE USE

#### SHAKE WELL BEFORE USE

For most effective results, follow directions for specific use areas. Do not use this product in or on electrical equipment due to possibility of shock hazard.

Use this spray as a spot or crack and crevice treatment to localized areas where pests are found or may occur to control listed insects. Spray surfaces until wet. Repeat as necessary.

#### FOR SPOT TREATMENT:

**TO KILL COCKROACHES** [Brown Banded Cockroach, Asian Cockroach, German Cockroach, American Cockroach, Australian Cockroach] Water Bugs, Palmetto Bugs, Crickets, Black Widow Spiders, Firebrat, Silverfish, Scorpions, Spiders, Centipedes and Sowbugs: Contact as many insects as possible with this spray in addition to thorough spraying of areas suspected of harboring these pests. Special attention should be paid to hiding places such as cracks and crevices, behind and beneath sinks, stoves, refrigerators, around garbage cans, cabinets, along baseboards, door and window sills, door and window frames and floors, around drains, pipes, plumbing, behind bookcases, storage and other utility installation areas hitting insects with spray whenever possible.

**TO KILL FLEAS AND TICKS:** Prior to application, thoroughly vacuum all carpeting, upholstered furniture, along baseboards, under furniture and in closets. Put vacuum bag into a sack and dispose of in outside trash. Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames and localized areas of floor and floor covering where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. **DO NOT TREAT PETS WITH THIS PRODUCT.**

**FOR USE IN VEHICLES:** If flea infested animals are transported in vehicles, use as directed above to control infestation.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use an EPA registered flea and tick product, pet powder, pet dip, in conjunction with this application and prior to re-entry. As part of a complete flea control program use an EPA registered spray.

**EXPOSED STAGES of Confused Flour Beetles, Indian Meal Moths, Rice Weevils, Sawtoothed Grain Beetles:** Find and dispose of infested packaged goods. Remove all other items from pantry, shelves and drawers and clean thoroughly. Spray into cracks and crevices, shelves, drawers and cabinets and other areas where these insects tend to congregate. Place clean paper on the shelves and return packages after spray has dried.

**CARPET BEETLES:** Directly spray as many insects as possible. Treat shelves, closets, areas under furniture, floors, walls, window sills, baseboards and wherever these insects are seen or suspected.

**ANTS:** Treat doors, around window frames, ant trails and hills, cracks and crevices and other areas of entry. Repeat as necessary.

**FOR CRACK AND CREVICE TREATMENT:** Apply spray in small amounts directly into cracks and crevices, points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where pests may hide.

Care should be taken to avoid depositing this product onto exposed surfaces or introducing the material into the air. Avoid contamination of food or food handling surfaces.

#### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry area away from heat or open flame, preferably a locked storage area.

**PESTICIDE DISPOSAL:** Unused product may be disposed of by securely wrapping container in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Replace cap and discard in trash or offer to recycling program, if available in your area. Do not puncture or incinerate.

Net Weight 1 POUND (16 oz.)
