Subject: Label Notification(s) for Pesticide Registration Notice 2007-4

Dear Mr. Ditto:

The Agency is in receipt of your Application(s) for Pesticide Notification under Pesticide Registration Notice (PRN) 2007-4 dated June 16, 2009 for:

EPA Registration 1021-1697

Evercide Roach & Ant Spray 2622

The Registration Division (RD) has conducted a review of this request for applicability under PRN 2007-4 and finds that the label change(s) requested falls within the scope of PRN-2007-4. The label has been date-stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions, please contact me directly at 703-305-6249 or Nicole Williams of my staff at 703-308-8893.

Sincerely,

Linda Arrington

Subject: EVERCIDE® Roach & Ant Spray 2622
EPA Reg. No. 1021-1697
Notification Per PR-Notice 2007-4

Dear Sir or Madam:

By Notification we are changing the storage and disposal language to comply with the Final Rule "Pesticide Management and Disposal; Standards for Pesticide Containers and Containment".

Enclosed are 2 copies of the label. One copy has changes highlighted.

Notification of label change per PR Notice 2007-4. This notification is consistent with the guidance in PR Notice 2007-4 and the requirements of EPA's regulations at 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156. No other changes have been made to the labeling or the Confidential Statement of Formula for this product. I understand that it is a violation of 18 U.S.C Sec. 1001 to willfully make any false statement to EPA. I further understand that if the amended label is not consistent with the requirements of 40 CFR §§ 156.10, 156.140, 156.144, 156.146, and 156.156, this product may be in violation of FIFRA and I may be subject to enforcement action and penalties under sections 12 and 14 of FIFRA.

If there are any questions or you need anything further, please contact this office.

Sincerely,

McLAUGHLIN GORMLEY KING COMPANY

PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if swallowed or absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 130°F may cause bursting. Do not apply this product around electrical equipment due to the possibility of shock hazard.

Residual [long term] control [kill] on contact of insects:

Cockroaches	Firebrats	Brown Dog Ticks
Brown Banded Cockroaches	Spiders	Deer Ticks
Asian Cockroaches	Black Widow Spiders	Other Ticks [that may carry and transmit Lyme Disease]
German Cockroaches	Scorpions	Cigarette Beetles
American Cockroaches	Centipedes	Confused Flour Beetles
Crickets	Sowbugs	Indian Meal Moths
Waterbugs	Carpet Beetles	Flies
Palmetto Bugs	Fleas	Mosquitos
Ants	Ticks	Rice Weevils
Silverfish		Saw-toothed Grain Beetles

For use in non-food areas of:

Apartments, Atriums, Attics, Automobiles, Basements, Bathrooms, Boats, Bookcases, Buses, Cabins, Cafeterias, Campers, Camp Sites, Cat Sleeping Quarters, Chests, Closed Porches, Closets, Condominiums, Credenzas, Crematoriums, Day Care Centers, Decks, Dens, Dog Houses, Dormitories, Draperies, Dressers, Drive-Ins, Drugstores, Dumpsters, Fabric Storage Areas, Factories, Floors, Food Processing Facilities, Funeral Parlors, Furniture, Garages, Garbage Cans, Gazebos, Homes, Hospitals, Hotels, Indoor Eating Establishments, Institutions, Jails, Kennels, Kitchens, Lanais, Living Rooms, Locker Rooms, Mausoleums, Mess Halls, Mobile Canteens, Mobile Homes, Morgues, Mortuaries, Motels, Nursing Homes, Office Buildings, Other Public Buildings, Outdoor Eating Establishments, Patios, Pet Bedding, Pet Carriers, Pet Grooming Parlors, Pet Sleeping Areas, Pet Stores, Play Houses, Play Rooms, Porches, Prisons, Quonset Huts, Railroad Cars, Recreation Vehicles, Restaurants, Rooms, Rugs, Schools, Ships, Solariums, Sports Stadiums, Storage Areas, Sun Porches, Sun Rooms, Supermarkets, Taverns, Theaters, Trailers, Trucks, Utility Rooms, Verandas, Veterinary Clinics, and Washrooms.

Do not use in food/feed areas of food/feed handling establishments, restaurants, or other areas where food/feed is commercially prepared or processed. Do not use in serving areas while food is exposed or facility is in operation. Serving areas are areas where prepared foods are served such as dining rooms but excluding areas where foods may be prepared or held.

Non-food/feed areas of commercial food/feed handling establishments where the product can be applied are areas such as garbage rooms, lavatories, floor drains (to sewers), entries and vestibules, offices, locker rooms, machine rooms, boiler rooms, garages, mop closets and storage (after canning or bottling).

In the home, all food processing surfaces and utensils should be covered during treatment or thoroughly washed before use following treatment. Exposed food should be covered or removed.

EVERCIDE® Roach & Ant Spray 2622 contains a combination of ingredients that residually kills [controls] ants, cockroaches, ticks, fleas, carpet beetles, and other listed insects. This product contains two effective ingredients that provide quick knock down and kill [long term control] of fleas. Protects the home from flea build-up from existing flea populations. Occasionally adult fleas may be present in treated areas when reintroduced from infested animals.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use EPA registered flea and tick products in conjunction with this application and prior to re-entry. EVERCIDE® Roach & Ant Spray 2622 also effectively controls other insects listed when used as directed.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ALL DIRECTIONS COMPLETELY BEFORE USE

SHAKE WELL BEFORE USE

For most effective results, follow directions for specific use areas.

Use this spray as a spot or crack and crevice treatment to localized areas where pests are found or may occur to control listed insects. Spray surfaces until wet but not to the point of runoff. Repeat as necessary.

Avoid contamination of food and animal feed. Do not apply in classrooms when in use. Do not apply this product in occupied patient rooms or in any rooms/areas while occupied by patients, the elderly, or infirm. Do not apply in institutions (including libraries, sports facilities, etc.) in the immediate area where occupants are present.

FOR SPOT TREATMENT:

TO KILL COCKROACHES [Brown Banded Cockroaches, Asian Cockroaches, German Cockroaches, American Cockroaches, Australian Cockroaches] Water Bugs, Palmetto Bugs, Crickets, Black Widow Spiders, Firebrats, Silverfish, Scorpions, Spiders, Centipedes, and Sowbugs: Contact as many insects as possible with this spray. Thoroughly spray areas suspected of harboring these pests. Special attention should be paid to hiding places such as cracks and crevices, behind and beneath sinks, stoves, and refrigerators, around garbage cans and cabinets, along baseboards, door and window sills, door and window frames, on floors, around drains, pipes, and plumbing, behind bookcases, and in storage areas and other utility installation areas, hitting insects with spray whenever possible.

TO KILL FLEAS AND TICKS: Prior to application, thoroughly vacuum all carpeting and upholstered furniture, along baseboards, under furniture, and in closets. Place vacuum bag in a sack and dispose of in outside trash. Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards, window and door frames, and localized areas of floors and floor coverings where these pests may be present. Pet's old bedding should be removed and replaced with clean, fresh bedding after treatment. DO NOT TREAT PETS WITH THIS PRODUCT. Also, treat your yard with a product registered for yard application.

FOR USE IN VEHICLES: If flea-infested animals are transported in vehicles, use as directed above to control infestation.

To protect your pet against and to minimize reintroduction of adult fleas from outdoors, use an EPA registered flea and tick product, pet powder, or pet dip in conjunction with this application and prior to re-entry. As part of a complete flea control program, use an EPA registered spray.

EXPOSED STAGES of Confused Flour Beetles, Indian Meal Moths, Rice Weevils, and Saw-toothed Grain Beetles: Find and dispose of infested packaged goods. Remove all other items from pantry, shelves, and drawers and clean thoroughly. Spray into cracks and crevices, shelves, drawers, cabinets, and other areas where these insects tend to congregate. Place clean paper on shelves and return packages to shelves after spray has dried.

CARPET BEETLES: Directly spray as many insects as possible. Treat shelves and closets, floors, walls, windowsills, and baseboards, areas under furniture, and wherever these insects are seen or suspected.

ANTS: Treat doors, ant trails and hills, cracks and crevices, around window frames, and other areas of entry. Repeat as necessary.

FOR CRACK AND CREVICE TREATMENT: Apply spray in small amounts directly into cracks and crevices, points between different elements of construction, between equipment and floors, into openings leading to voids and hollow spaces in walls, and on equipment legs and bases where pests may hide.

Take care to avoid depositing this product on exposed surfaces or introducing this product into the air. Avoid contamination of food or food handling surfaces.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage

Store in a cool, dry area. Keep container closed. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling

Nonrefillable container. Do not reuse or refill this container.

Do Not Puncture or Incinerate!

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.
