AND POLLUTION PREVENTION

November 7, 2011

Mr. Steve Ditto  
McLaughlin Gormley King Company  
8810 Tenth Avenue North  
Minneapolis, MN 55427

Subject: Amended Reregistration Label  
Product Name: Evercide Roach & Ant Spray 2639  
EPA Registration Number: 1021-1698  
EPA Decision Number(s): 413865

Dear Mr. Ditto:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the reregistration of the referenced product in connection with the MGK-264, Permethrin, and Pyrethrins REDs and has concluded that your submission is acceptable.

**NOTE:** This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on non-refillable containers. The code may appear either on the label or durably marked on the container itself, and can be added by non-notification per PRN 98-10.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 3/25/2011

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Dana Pilitt, Ph.D. at (703) 305-7071 or via e-mail at [pilitt.dana@epa.gov](mailto:pilitt.dana@epa.gov).

Sincerely,

*fr* Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

# EVERCIDE® Roach & Ant Spray 2639

## Contains NYLAR® Insect Growth Regulator

### RESIDENTIAL USE LABEL

( ) [ ] indicates alternate or optional text

- [Water Based Product (Formula)]
- [Kills (Controls) Ants, Cockroaches [Roaches], Fleas, Spiders, and other Listed Pests]
- [Contains NYLAR® Insect Growth Regulator for Months of Roach and Flea Control]
- [Convenient "Do It Yourself" Pest Control]
- [For Use In Homes, Apartments, and Other Listed Areas]
- [Provides Both Fast Knockdown and Lasting Residual Control]
- [A New and Unique Combination of Insecticides]
- [Gives 210 Days (30 Weeks) (7 Months) Control of Fleas]
- [Gives 120 Days (17 Weeks) (4 Months) of Cockroach Control]
- [Breaks the Life Cycle of Roaches and Fleas]
- [Prevents Development of Biting and Reproducing Fleas]
- [Prevents Development of Reproducing Roaches]

<b>ACCEPTED</b>
NOV - 7 2011
Under the Federal Insecticide, Fungicide, and Rodenticide Act, as amended, for the pesticide registered under EPA Reg. No. 1021-1698

#### ACTIVE INGREDIENTS:

Pyrethrins .....	0.050%
Permethrin [* (3-Phenoxyphenyl) (1RS)-cis-trans-3-(2,2-dichloroethenyl) 2,2-dimethyl-cyclopropanecarboxylate] .....	0.200%
** N-Octyl bicycloheptene dicarboximide .....	0.239%
2-[1-Methyl-2-(4-phenoxyphenoxy) ethoxy] pyridine .....	0.020%
OTHER INGREDIENTS .....	99.491%
	100.000%

\* Cis-trans isomers ratio: Min. 35% (+ or -) cis, Max. 65% (+ or -) trans

\*\* MGK® 264, Insecticide Synergist

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

Provides residual (long term) and contact (quick) kill of:

- |                        |                |
|------------------------|----------------|
| Ants                   | Carpet Beetles |
| Cockroaches            | Firebrats      |
| American Cockroach     | Fleas          |
| Asian Cockroach        | Pillbugs       |
| Brown-banded Cockroach | Silverfish     |
| German Cockroach       | Spiders        |
| Oriental Cockroach     | Scorpions      |
| Palmetto Bugs          | House Spiders  |
| Waterbugs              | Black Widows   |
| Crickets               | Sowbugs        |
| Centipedes             | Ticks          |

For Use in Non-Food Areas Of:

Apartments, Atriums, Attics, Automobiles, Basements, Bathrooms, Boats, Bookcases, Cabins, Campers, Cat Sleeping Areas, Chests, Closed Porches, Closets, Condominiums, Credenzas, Decks, Dens, Dog Houses, Dormitories, Dressers, Dumpsters, Floors, Furniture, Garages, Garbage Cans, Gazebos, Homes, Kennels, Kitchens, Lanais, Living Rooms, Mobil Homes, Patios, Pet Bedding, Pet Carriers, Pet Sleeping Areas, Pet Stores, Play Houses, Play Rooms, Porches, Quonset Huts, Recreation Vehicles, Solariums, Storage Areas, Sun Porches, Sun Rooms, Trailers, Trucks, Utility Rooms, Verandas, and Washrooms.

EVERCIDE® Roach and Ant Spray 2639 with Nylar® contains a unique combination of ingredients to provide rapid [quick] knockdown and kill of the listed pests as well as an insect growth regulator which prevents immature cockroaches and fleas that are sprayed or that contact the spray residue from becoming adults. By preventing the development of adult cockroaches and fleas, the life cycle is broken and reproduction will not occur. In the case of fleas, biting adult fleas will not result from treated immature fleas and the reproductive life cycle is broken. Treatment will last for 210 days [30 weeks] [7 months] for fleas and 120 days [17 weeks] [4 months] for cockroaches.

SHAKE WELL BEFORE USE

USE RESTRICTIONS:

- Do not enter or allow others to enter until sprays have dried.
- Do not apply when food is present.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces, or wash them before use.
- Do not wet articles to the point of runoff or drip.
- Do not use treated article until spray has dried.
- Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application.
- Not for broadcast use on indoor residential surfaces.
- Avoid contamination of food and feedstuffs.
- Read entire label and follow all label directions.
- Use this product as a spot or crack and crevice treatment to localized areas where pests are seen or suspected.
- Do not allow adults, children, or pets to enter the treated area until sprays have dried.
- Do not apply this product in a way that will contact adults, children, or pets, either directly or through drift.
- Remove pets, birds, and cover fish aquariums before spraying.
- Remove or cover exposed food and drinking water before application.
- Remove or cover dishes, utensils, food processing equipment, and food preparation surfaces or wash them before use.

Read entire label and follow all label directions.

ANTS, COCKROACHES, CRICKETS, CENTIPEDES, FIREBRATS, PILLBUGS, SILVERFISH, SPIDERS, AND SOWBUGS: Spray pests when they are seen and spray areas suspected of harboring these pests. Spray for 14 seconds to cover 100 square feet of area. Spray ant trails and spray cracks and crevices and points of entry into the house. Pay special attention to areas behind and beneath sinks, stoves, refrigerators, garbage containers, inside cabinets, along baseboards, in cracks and crevices in walls and floors, door and window sills and frames, around drains, pipes, plumbing, bookcases, storage and utility areas, and utility installation areas. Application is prohibited directly into sewers or drains, or to any area like a gutter where drainage to sewers, storm drains, water bodies, or aquatic habitat can occur. Do not allow the product to enter any drain during or after application. Retreatment for roaches should not be needed for 120 days. Do not apply more than 1 time per day.

CARPET BEETLES: Thoroughly vacuum rugs and carpets before treatment. Remove the vacuum bag and place it in a separate bag and dispose of in outside trash. This helps prevent reinfestation from eggs and larvae vacuumed up. Spray for 14 seconds to cover 100 square feet of area. Spray backing of carpet and rugs, focusing on low traffic areas and areas under furniture. When dry, replace on floor and spray surface of carpet and rug, focusing on low traffic areas and areas under furniture and corners of rooms. Also spray baseboards. Do not apply more than 1 time per day.

FLEAS AND TICKS: Thoroughly vacuum all carpeting and fabric covered furniture, along baseboards, under furniture, low traffic areas, and areas where pets normally rest. Pet bedding should be removed and laundered. Replace pet bedding after treatment dries. Put vacuum bag in a separate bag and dispose of in outside trash. Apply as a spot treatment to cracks and crevices, along baseboards, pet resting areas, and localized areas of floors and floor coverings where the pests are suspected. Spray for 14 seconds to cover 100 square feet of area. Do not treat pets with this product. Do not apply more than 1 time per day.

If flea and tick infested animals are transported in vehicles, use as a spot treatment to carpets and upholstered areas, paying attention to cracks and crevices.

5/5

To further protect your pet and your home from continuing reinfestation by fleas, you should use an EPA registered (labeled) product to treat the animal(s), such as a dip product, a dust product or spray-on product, before the animal is allowed back into the house. You should also treat the area in the yard where the pet typically spends time with an EPA registered (labeled) product for yard flea control. The pet, home, and yard should be treated at the same time.

**STORAGE AND DISPOSAL**

Do not contaminate, water, food, or feed by storage and disposal.

**Pesticide Storage**

Store in a cool, dry area. Always store pesticides in the original container. Store away from food and pet food.

**Pesticide Disposal and Container Handling**

Do Not Puncture or Incinerate!

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions.
