 <p>U.S. ENVIRONMENTAL PROTECTION AGENCY Office of Pesticide Programs Registration Division (7505P) 1200 Pennsylvania Ave., N.W. Washington, D.C. 20460-0001</p>	<p>EPA Registration No. 1021-1706</p>	<p>Date of Issuance: DEC 19 2007</p>
<p>NOTICE OF PESTICIDE: <input type="checkbox"/> Registration <input checked="" type="checkbox"/> Reregistration (under the Federal Insecticide, Fungicide and Rodenticide Act, as amended)</p>	<p>Term of Issuance: Conditional</p> <p>Name of Pesticide Product: AQUAPEL™ 25% DEET Insect Repellent Pump Spray 27411</p>	
<p>Name and Address of Registrant (include ZIP Code): Ms. Julie B. Schlekau, Registration Specialist McLaughlin Gormley King Company 8810 Tenth Avenue North Minneapolis, MN 55427-4319</p>		
<p>Note: Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.</p>		
<p>On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.</p> <p>Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.</p> <p>This action is taken under the authority of section 4(g)(2)(c) of the Federal Insecticide, Fungicide and Rodenticide Act, as amended. Reregistration under this section does not eliminate the need for continual reassessment of pesticides. EPA may require submission of data at any time to maintain the registration of your product.</p> <p>Based on your response to the Reregistration Eligibility Document(s), EPA has reregistered the product listed above provided that the following change(s) is(are) made to the label:</p> <p style="text-align: center;">(continued on page 2)</p>		
<p>Signature of Approving Official: Refer to Page #3. Richard J. Gebken, Product Manager (10) Registration Division, Insecticide Branch</p>	<p>Date: DEC 19 2007</p>	

First Aid statement (table) comment(s):

1. Delete the statement in the 3rd text row starting with "IF YOU SUSPECT A REACTION TO THIS PRODUCT." Per PR Notice 2001-1, this statement should appear in the Directions for Use section (as included in Point #5 below) rather than as part of the First Aid statement.
2. Replace the statement starting with "Have the product container..." with: "Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For additional information on this pesticide product (including health concerns, medical emergencies or pesticide incidents), you may call 1-800-xxx-xxxx or the National Pesticide Information Center at 1-800-858-7378."¹
3. Insert the following text as a new row at the end of the existing First Aid section as follows:

Note to Physician: Probable mucosal damage may contraindicate the use of gastric lavage.

Precautionary Statements section, Hazards to Humans and Domestic Animals subsection comment(s):

4. As required by PR Notice 2001-3, replace the existing section with:

 "Causes substantial but temporary eye injury. Harmful if swallowed or inhaled. Do not get in eyes. Avoid breathing spray mist. Wash hands thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse."

Directions for Use section comment(s):

5. As required by PR Notice 2001-3, replace paragraphs 2, 3 and 4 in the existing section with:

 "Read and follow all directions and precautions on this product label. Use just enough repellent to cover exposed skin and/or clothing. Heavy application and saturation is unnecessary for effectiveness. If biting insects do not respond to a thin film of repellent, apply a bit more. Do not apply near eyes and mouth, and apply sparingly around ears. Do not allow children to handle this product, and do not apply to children's hands. When using on children, apply to your own hands and then put it on the child. Instruct older children in the proper use of this product. Do not apply more than 3 times per day to children ages twelve (12) and under. Never use repellents over cuts, wounds or irritated skin. Repellents should be applied only to exposed skin and/or clothing as directed on this product label. Do not use under clothing. After returning indoors, wash treated skin with soap and water or bathe. This is particularly important when repellents are used repeatedly in a day or on consecutive days. Also, wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect a reaction to this product, discontinue use, wash treated skin and call your local poison control center. If you go to a doctor, take this repellent product with you.

Hold container upright about 4 – 6 inches from skin or clothing. Do not spray in enclosed areas. Avoid breathing a spray product and do not use it near food. When using sprays, do not spray directly into face; spray on hands first and then apply to face. Do not use as a space spray. Spray and spread evenly with your hand to moisten all exposed skin. Also, apply to clothing such as shirts, pants, hat and socks. Heavy application and saturation is unnecessary for effectiveness. For Chiggers and Ticks, apply to shirt and pant cuffs and socks.

NOTE: Will not damage cotton, wool or nylon. Do not apply on or near acetate, rayon, Spandex or other synthetic fabrics, nylon furniture, plastics (such as eyeglasses and watch crystals), leather and painted or varnished surfaces (including automobiles)."

¹ Please note that the "1-800-xxx-xxxx" number listed must be available twenty-four (24) hours per day, seven (7) days per week for answering and responding to any medical emergencies or health concerns.

Storage & Disposal section comment(s):

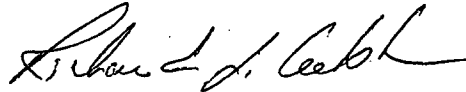

- 6. Add the statement "Do not contaminate water, food or feed by storage and disposal." immediately following the section title "STORAGE AND DISPOSAL."
- 7. Replace the word "STORAGE:" with the words PESTICIDE STORAGE:"

To be eligible for reregistration, aerosol and pump spray formulations must be packaged in containers utilizing a concave trigger to help aim product or other comparable mechanism that will ensure that the product will not be inadvertently sprayed in the eyes.

McLaughlin Gormley King Company should note that the Agency is in the process of developing and improving the current Efficacy Assessment Guidelines for repellent products. The Agency intends to defer the determination of any related efficacy data requirements supporting the claims that may appear on this label until these Efficacy Assessment Guidelines are complete. When the guidelines are finalized, the Agency expects to issue a Data Call-In to address the revised guidelines to all registrants with registrations for personal repellent products that have not previously submitted efficacy data sufficiently consistent with the revised guidelines.

A copy of your label stamped "Accepted with Comments" for this product is enclosed for your records. Please submit two (2) copies of the final printed labeling, incorporating the above changes, before releasing the product for shipment. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA section 6(e). Your release for shipment of the product bearing amended labeling constitutes accepting of these conditions.

If you have any questions about this label review, please contact Mr. Carmen Rodia at (703) 306-0327 or via e-mail at Rodia.Carmen@epa.gov.

PRECAUTIONARY STATEMENTS
 HAZARDS TO HUMANS AND DOMESTIC ANIMALS

WARNING

Causes substantial but temporary eye injury. Harmful if swallowed. Do not get in eyes. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum or using tobacco. Remove and wash contaminated clothing before reuse.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

AQUAPEL™ 25% DEET Repellent Pump Spray 27411 provides up to *8 hours of protection from Mosquitoes and up to 4 hours protection from Black Flies, Stable Flies, Sand Flies, Gnats, Chiggers, Fleas, and Ticks. Convenient, easy to use pump spray allows quick and thorough application to skin, hair, and clothing for maximum protection.

Read and follow all directions and precautions on this product label. Do not apply over cuts, wounds, or irritated skin. Do not apply to eyes and mouth. Apply sparingly around ears. Do not apply to children's hands. Do not allow children to handle this product. When using on children, apply to your own hands and then put it on the child. Use just enough repellent to cover exposed skin and/or clothing. Do not use under clothing. Avoid over application of this product. After returning indoors, wash treated skin with soap and water. Wash treated clothing before wearing it again. Use of this product may cause skin reactions in rare cases. If you suspect that you or your child is reacting to this product, wash treated skin and call you local Poison Control Center. If you go to a doctor, take this repellent product with you.

Hold container upright about 4 - 6 inches from skin or clothing. Do not spray in enclosed areas. If used on face, spray on hands first and then apply sparingly and avoid eyes. Do not spray directly onto face. Do not use as a space spray. Spray and spread evenly with your hand to moisten all exposed skin. Also, apply to clothing such as shirt, pants, hat, and socks. Frequent reapplication and saturation of clothing are unnecessary for effectiveness. For Chiggers and Ticks, apply to shirt and pant cuffs and socks.

NOTE: Will not damage cotton, wool, or nylon. Do not apply on or near acetate, rayon, Spandex or synthetic fabrics, nylon furniture, plastics, watch crystals, leather and painted or varnished surfaces (including automobiles).
