Office of Pesticide Programs  
Registration Division (H7505C)  
401 M St., S.W.  
Washington, D.C. 20460

EPA Reg. Number:  
**1021-1723**

Date of Issuance:  
**FEB 15 2000**

## NOTICE OF PESTICIDE Registration

Term of Issuance:  
**Conditional Registration**

Name of Pesticide Product:  
**Pyroicide® Flea and Tick Shampoo  
51921**

(under FIFRA, as amended)

Name and Address of Registrant (include ZIP Code):

**McLaughlin Gormley King Company  
8810 Tenth Avenue North  
Minneapolis, MN 55427-4372**

**Note:** Changes in labeling differing in substance from that accepted in connection with this registration must be submitted to and accepted by the Registration Division prior to use of the label in commerce. In any correspondence on this product always refer to the above EPA registration number.

On the basis of information furnished by the registrant, the above named pesticide is hereby registered/reregistered under the Federal Insecticide, Fungicide and Rodenticide Act.

Registration is in no way to be construed as an endorsement or recommendation of this product by the Agency. In order to protect health and the environment, the Administrator, on his motion, may at any time suspend or cancel the registration of a pesticide in accordance with the Act. The acceptance of any name in connection with the registration of a product under this Act is not to be construed as giving the registrant a right to exclusive use of the name or to its use if it has been covered by others.

This product is conditionally registered in accordance with FIFRA sec. 3(c)(7)(A) provided that you:

1. Submit and/or cite all data required for registration of your product under FIFRA sec. 3(c)(5) when the Agency requires all registrants of similar products to submit such data; and submit acceptable responses required for reregistration of your product under FIFRA section 4.

2. Make the following label changes:

a. Revise the EPA Registration Number to read, EPA Reg. No. 1021-1723.

b. As outlined in a previous October 1998 Agency letter to MGK the signal word must be changed to **WARNING** rather than CAUTION. The Agency may allow for some additional statements regarding the lack of eye irritation potential of the diluted product, provided specific dilution instructions are added to the Directions for Use.

### c. PRECAUTIONARY STATEMENTS:

Causes substantial but temporary eye injury. Harmful if inhaled. Do not get in eyes or on clothing. Avoid contact with skin. Avoid breathing spray mist. Wear goggles or face shield. Wash hands before eating, drinking, chewing gum, using tobacco or using the toilet. Remove contaminated clothing and wash clothing before reuse."

### d. STATEMENT OF PRACTICAL TREATMENT (SOPT):

**IF SWALLOWED:** Call a physician or Poison Control Center. Do not induce vomiting. Drink promptly a large quantity of milk, egg whites, gelatin solution, or if these are not available, drink large quantities of water. Avoid alcohol.

Signature of Approving Official:

*[Handwritten Signature]* / PM/IB/RD

Date:

**FEB 15 2000**

**IF ON SKIN:** Wash with plenty of soap and water. Get medical attention, if irritation persists.

**IF INHALED:** Remove victim to fresh air. If not breathing, give artificial respiration, preferably mouth-to-mouth. Get medical attention.

**IF IN EYES:** Hold eyelids open and flush with steady, gentle stream of water for 15 minutes. Get medical attention. If product, diluted in accordance with the directions for use, gets in eyes, medical attention is not required.

Probable mucosal damage may contraindicate the use of gastric lavage.

3. Submit two copies of the revised final printed label for the record.

If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e). Your release for shipment of the product constitutes acceptance of these conditions.

A stamped copy of the label is enclosed for your records.

Sincerely,

Marion Johnson  
Product Manager 10  
Insecticide Branch  
Registration Division (7505C)

KEEP OUT OF REACH OF CHILDREN

## CAUTION

### FIRST AID

IF IN EYES: Flush eyes with plenty of water. Get medical attention if irritation persists.  
IF ON SKIN OR CLOTHING: Wash off with soap and water. Get medical attention if irritation persists.

### PRECAUTIONARY STATEMENTS

#### HAZARDS TO HUMANS AND DOMESTIC ANIMALS

## CAUTION

Harmful if inhaled, or absorbed through the skin. Avoid breathing vapors. Avoid contact with eyes, skin or clothing. In case of contact, immediately flush eyes or skin with plenty of water. Get medical attention if irritation persists. Wash hands thoroughly after using.

For information on this pesticide product (including health concerns, medical emergencies, or pesticide incidents) call the National Pesticide Telecommunications Network at 1-800-858-7378.

### DIRECTIONS FOR USE

It is a violation of Federal Law to use this product  
in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON DOGS AND/OR CATS. Follow all precautions and directions.

For use on Dogs, Cats, Puppies and Kittens over the age of 12 weeks for the control of Fleas and Ticks. Do not repeat treatment for 7 days. Do not use on puppies and kittens under 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant or nursing animals. Sensitivities may occur using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

HOW TO USE: Wet the animal's coat with water. Apply shampoo along the back of the animal, working it into a lather. Apply more shampoo working down the legs, paying attention to the foot pads (between the toes) and the underbody areas. Pay special attention to the base of the tail, as it is a place frequented by fleas. Wash the head and ear areas carefully, making sure to keep the shampoo out of the animal's eyes. NOTE: A drop of glycerine in each eye before bathing can prevent or reduce irritation if the shampoo gets in the animal's eyes. Once the animal is "fully lathered", let stand for 5 minutes before rinsing thoroughly with water.

For small dogs and cats under 15 pounds, it is advisable to wrap animal in a towel to absorb moisture for several minutes. This also will allow dying fleas and ticks to crawl off pet into towel before drying further with a towel or blow dryer.

Flea and tick control on the pet is only part of the solution of the problem. The inside of the house and the outdoor area used by the pet must also be treated for complete control.

### STORAGE AND DISPOSAL

**STORAGE:** Store in a cool, dry place, preferably a locked storage area. Store at temperatures above 32° F.

**PESTICIDE DISPOSAL:** We encourage you to use this product completely. If you cannot use it up, give it to someone who can. Otherwise, unused product can be disposed of by wrapping in several layers of newspaper and discard in trash.

**CONTAINER DISPOSAL:** Triple rinse container and offer to recycling program, if available in your area. If recycling is not available, triple rinse container and reclose with cap and discard in trash.
