OFFICE OF CHEMICAL SAFETY
AND POLLUTION PREVENTION

Mr. Jeffrey Nelson
McLaughlin Gormley King Company
8810 Tenth Avenue North
Minneapolis, MN 55427

MAR 18 2014

Dear Mr. Nelson:

Subject: Application for Pesticide Notification (PRN 98-10)
Remove "Technical" from Piperonyl butoxide designation,
Add optional marketing statement
Pyrocyde Flea & Tick Shampoo 51921
EPA Reg. No. 1021-1723
Your submission dated January 31, 2014

The Agency is in receipt of your Application for Pesticide Notification under Pesticide Registration Notice (PRN) 98-10 dated January 31, 2014 for the above product. The Registration Division (RD) has conducted a review of this request for its applicability under PRN 98-10 and finds the action requested falls within the scope of PRN 98-10. The label submitted with the application has been stamped "Notification" and will be placed in our records.

Please be reminded that 40 CFR Part 156.140(a)(4) requires that a batch code, lot number, or other code identifying the batch of the pesticide distributed and sold be placed on nonrefillable containers. The code may appear either on the label (and can be added by non-notification/PR Notice 98-10) or durably marked on the container itself.

If you have any questions regarding this letter, please contact Dana Pilitt, Ph.D. at (703) 305-7071 or via e-mail at pilitt.dana@epa.gov.

Sincerely,

A handwritten signature in black ink, appearing to read "Richard Gebken".

**PRECAUTIONARY STATEMENTS
HAZARDS TO HUMANS AND DOMESTIC ANIMALS**

WARNING

Causes substantial but temporary eye injury. Causes skin irritation. Do not get in eyes, on skin, or clothing. Harmful if inhaled. Avoid breathing product vapor. If available, wear protective eyewear such as goggles or safety glasses. Wear gloves made out of any water proof material. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco, or using the toilet. Remove and wash contaminated clothing before reuse.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

5/5

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE. USE ONLY ON HORSES, FERRETS, DOGS, and CATS. Follow all precautions and directions.

[SHAKE WELL BEFORE USE]

For use on Horses, Ferrets, Dogs, Cats, Puppies, and Kittens over the age of 12 weeks for control of Fleas and Ticks. Do not repeat treatment for 7 days. Do not use on puppies and kittens under 12 weeks. Consult a veterinarian before using this product on debilitated, aged, pregnant, or nursing animals. Sensitivities may occur using any pesticide product for pets. If signs of sensitivity occur, bathe your pet with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

HOW TO USE: Wet the animal's coat for 2-3 minutes with warm water. Apply shampoo on head and ears and lather. Then repeat procedure with neck, chest, and middle and hindquarters, finishing legs last and paying special attention to the footpads (between the toes) and underbody areas. Wash the head and ear areas carefully, making sure to keep the shampoo out of the animal's eyes. NOTE: A drop of glycerin in each eye before bathing may prevent or reduce irritation if the shampoo gets in the animal's eyes. Pay special attention to the base of the tail, as it is a place frequented by fleas. Fully lather animal and let lather remain on animal for 5 minutes before rinsing thoroughly with water. NOTE: This final step is an important part of grooming procedure.

For small dogs and cats less than 15 pounds, wrapping the animal in a towel for several minutes to absorb moisture is advised. This also will allow drying fleas and ticks to crawl off animal into towel before drying animal with a towel or blow dryer.

Flea and tick control on the animal is only part of the solution to the problem. The inside of the house and the outdoor area used by the animal must also be treated for complete control.

STORAGE AND DISPOSAL

Do not contaminate water, food, or feed by storage and disposal.

Pesticide Storage:

Store in a cool dry area. Always store pesticides in the original container. Store away from food and pet food.

Pesticide Disposal and Container Handling:

Nonrefillable container. Do not reuse or refill this container.

If empty:

Place in trash or offer for recycling if available.

If partly filled:

Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.

[Optional storage and disposal for containers larger than 5 gallon capacity:]

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage and disposal.

Pesticide Storage: Store in a cool, dry place. Keep container closed.

Pesticide Disposal: Wastes resulting from the use of this product may be disposed of on site or at an approved waste disposal facility.

Container Handling & Disposal:

CONTAINERS LARGER THAN 5 GALLON CAPACITY: Empty the remaining contents into the application equipment or a mix tank. Fill the container ¼ full with water. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.

[For Refillable Containers:]

Refillable container. Refill this container with pesticide only. Do not reuse this container for any other purpose. Cleaning before refilling is the responsibility of the refiller. To clean the container before final disposal, empty the remaining contents from this container into application equipment or mix tank. Fill the container about 10 percent full with water. Agitate vigorously or recirculate water with the pump for 2 minutes. Pour or pump rinsate into rinsate collection system. Repeat this rinsing procedure two more times. Then offer for recycling, if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities. Offer for recycling if available or reconditioning if appropriate, or puncture and dispose of in a sanitary landfill, or by other procedures approved by state and local authorities.

Optional Proposition 65 warning language for distribution in the state of California:

[WARNING: This product contains a chemical known to the State California to cause cancer.]
