Subject: Amended Reregistration Label  
EVERCIDE® Microemulsion Pet Pump Spray 2649  
EPA Registration Number: 1021-1726  
EPA Decision Number: 412422, 413869, 414434

Dear Mr. Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide and Rodenticide Act (FIFRA), as amended, has completed reviewing all of the information submitted with your application to support the reregistration of the above referenced product in connection with the Permethrin, Pyrethrins, and MGK 264 REDs, and has concluded that your submission is acceptable.

NOTE: This product is not being reregistered under sections 3(c)5 and 4(g) of FIFRA at this time.

Please note that the record for this product currently contains the Confidential Statements of Formulation (CSFs) listed below. Any previously dated CSFs are superseded.

- Basic CSF, dated 6/17/2011
- Alternate CSF A, dated 6/17/2011

A copy of your label stamped "Accepted" is enclosed along with copies of the acute toxicity and product chemistry reviews completed for the subject product. Products shipped after 12 months from the date of this amendment or the next printing of the label whichever occurs first, must bear the new revised label. Your release for shipment of the product bearing the amended label constitutes acceptance of these conditions. If these conditions are not complied with, the registration will be subject to cancellation in accordance with FIFRA sec. 6(e).

If you have any questions about this letter, please contact Julie Chao at (703) 308-8735 or [chao.julie@epa.gov](mailto:chao.julie@epa.gov).

Sincerely,

 Richard J. Gebken  
Product Manager (10)  
Insecticide Branch  
Registration Division (7504P)

### PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

#### CAUTION

Harmful if absorbed through skin. Avoid contact with skin, eyes, or clothing. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, using tobacco or using the toilet. Remove and wash contaminated clothing before reuse.

DO NOT USE ON CATS OR KITTENS. Use only on adult dogs. Do not apply to puppies under 6 months of age. Consult a veterinarian before applying this product on medicated, debilitated, aged, pregnant, or nursing dogs. Sensitivities may occur after using any pesticide product for pets. If signs or sensitivity occur bathe your dog with mild soap and rinse with large amounts of water. If signs continue, consult a veterinarian immediately.

EVERCIDE® Microemulsion Pump Spray 2649 contains a combination of ingredients that provide rapid knockdown and kill of the listed insects. This highly effective water-based formula can be used on dogs.

The combination of ingredients in EVERCIDE® Microemulsion Pet Pump Spray 2649 kills adult fleas and ticks on contact. The first active ingredient is the botanical, Pyrethrum [an extract of a Chrysanthemum flower], which provides effective knockdown and quick-kill of listed insects. The second active ingredient is Permethrin, a synthetic pyrethroid, which gives residual [long term] control of fleas. The third active ingredient is Nylar®, the insect growth regulator which inhibits the development of the immature stages of the flea for 100 days [14 weeks] [3 months] preventing them from reaching the adult stage. Nylar® is similar to insect growth hormones that occur naturally in insects.

DIRECTIONS FOR USE

It is a violation of Federal Law to use this product in a manner inconsistent with its labeling.

READ ENTIRE LABEL BEFORE EACH USE.

PRECAUTIONS AND RESTRICTIONS

- DO NOT USE ON CATS OR KITTENS
- For indoor use only.
- Do not apply this product in a way that will contact children or adults, either directly or through drift.
- Do not allow children or adults to enter until sprays have dried.
- Do not use treated article until spray has dried.

USE ONLY ON DOGS. DO NOT EXCEED THE NUMBER OF PUMP SPRAY ACTIVATIONS APPROPRIATE FOR THE DOG'S WEIGHT.

Body Wt. of Dog	Maximum Number of Pump Sprays to Apply per Dog
5 lbs.	4
10 lbs.	8
15 lbs.	12
20 lbs.	16
25 lbs.	20
30 lbs.	24
35 lbs.	29
40 lbs.	33
45 lbs.	37
50 lbs.	41
60 lbs.	49
70 lbs.	57
80 lbs.	66
90 lbs.	73
100 lbs.	82

**FOR USE ON DOGS:** Spray animal with spray nozzle about 8 –12 inches from the pet. Start spraying animal at the tail, making sure to spray entire coat of the animal, including legs, tail, and underbody. With your hand, fluff hair against the way it normally lays to ensure the spray penetrates through coat to the skin. Refer to chart above to apply the appropriate amount of product to animal. Do not exceed the maximum number of pump spray applications for animals body weight. Do not saturate the animal and do not spray in face or eyes or on genitals. Repeat as required, but not more often than once every 14 days (2 weeks).

**FOR USE IN DOG AREAS:** Treat dog bedding and other pet resting places, as these are primary hiding areas for fleas and ticks; no need to remove pet bedding after treatment. To reduce infestation, spray around sleeping areas, baseboards, window and door frames, wall cracks, local areas of floors, and other resting places until the surface is slightly moist. Also spray the entire inside surface of dog houses and kennels. Do not allow pets to use treated areas until completely dry.

For best results, to protect your pet against and to minimize reintroduction of adult fleas from outdoors, use EPA registered flea and tick products, ([such as] [brand name] flea or flea and tick collar, [brand name] pet powder, [brand name] pet spray, [brand name] pet dip, [brand name] pet shampoo, flea shampoo or flea and tick pet shampoo.

**STORAGE AND DISPOSAL**

STORAGE: Store in a cool, dry place. Keep container closed.

DISPOSAL:

If empty: Do not reuse this container. Place in trash or offer for recycling if available.

If partly filled: Call your local solid waste agency for disposal instructions. Never place unused product down any indoor or outdoor drain.
