DIRECTIONS FOR USE:

IT IS A VIOLATION OF FEDERAL LAW TO USE THIS PRODUCT IN A MANNER INCONSISTENT WITH ITS LABELING.

The MGK Roach Trap has a house-like shape and comes with an attractant which lures the cockroach inside the trap where they are caught by a special adhesive surface. Once trapped, the cockroach will not escape due to the strong adhesive. Under opened condition, the adhesive remains sticky for approximately one month.

The MGK Roach Trap can be used both as a monitoring device and as a control treatment when used at sufficiently high densities. **FOR MONITORING:** Place traps at a density of 1-2 per 100 sq. ft. **FOR COCKROACH CONTROL:** Place traps at a density of 3-5 per 100 sq. ft.

Instructions:

- Peel off the paper covering the sticky surface.
- Remove the attractant tablet from the foil and place it in the center of the adhesive-coated surface. In the event of contact with skin or clothing, the adhesive can be removed with household cleaners.
- Close the trap to form a "mini-house" shape.
- Do not place traps in areas accessible to children or pets.
- Place the traps in any dark or humid area where cockroaches and other crawling insects are usually found (near plumbing; under and behind sinks; in corners and cracks; behind refrigerators, stoves, dishwashers, etc.; in bathrooms; around laundry machines; in refuse storage areas; etc.). Avoid direct sunlight.
- Do not allow children or pets to play with traps.
- When trap is filled with cockroaches, fold it up, wrap in newspaper, and discard in trash.
- Place out new traps as described above.

Have the product container or label with you when calling a poison control center or doctor or going for treatment.

STORAGE AND DISPOSAL

STORAGE: Store in tightly-sealed container in cool, dry place and out of reach of children.

CONTAINER DISPOSAL: Wrap container in newspaper and discard in trash

CONDITIONS OF SALE

The label instructions for the use of this product reflect the opinion of experts based on research and field use. The directions are believed to be reliable and should be followed carefully. However, it is impossible to eliminate all risks inherently associated with the use of this product. Ineffectiveness or other unintended consequences may result because of such factors as the use of or application of the product contrary to label instructions, which is beyond the control of McLAUGHLIN GORMLEY KING COMPANY (MGK). ALL SUCH RISKS SHALL BE ASSUMED BY THE USER. MGK shall not be responsible for losses or damages resulting from the use of this product in any manner not set forth on this label. User assumes all risks associated with the use of this product in any manner not specifically set forth on this label.

MGK warrants only that the material contained herein conforms to the chemical description on the label and is reasonably fit for the use therein described when used in accordance with the directions for use, subject to the risks referred to above. MGK DOES NOT MAKE OR AUTHORIZE ANY AGENT OR REPRESENTATIVE TO MAKE ANY OTHER WARRANTIES, EXPRESS OR IMPLIED, AND EXPRESSLY EXCLUDES AND DISCLAIMS ALL IMPLIED WARRANTIES OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. BUYER'S EXCLUSIVE REMEDY AND MGK'S EXCLUSIVE LIABILITY SHALL BE LIMITED TO REPAYMENT OF THE PURCHASE PRICE OF THIS PRODUCT. In no case shall MGK or the seller be liable for consequential, special, or indirect damages resulting from the use or handling of this product. The foregoing is a condition of sale by MGK and is accepted as such by the buyer.
