Subject: Label Amendment - Registration Review Mitigation for Esfenvalerate
Product Name: EVERCIDE RESIDUAL SPRAY 27522
EPA Registration Number: 1021-1734
Case Number: 481252
Application Dates: 11/4/2020

Dear Thomas Lennan:

The Agency, in accordance with the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA), as amended, has completed reviewing all the information submitted with your application to support the Registration Review of the above referenced product in connection with the Esfenvalerate Interim Decision and has concluded that your submission is acceptable. The label referred to above, submitted in connection with registration under FIFRA, as amended, is acceptable.

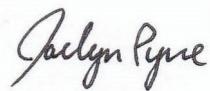

Should you wish to add/retain a reference to the company's website on your label, then please be aware that the website becomes labeling under the Federal Insecticide, Fungicide, and Rodenticide Act and is subject to review by the Agency. If the website is false or misleading, the product would be misbranded and unlawful to sell or distribute under FIFRA section 12(a)(1)(E). 40 CFR 156.10(a)(5) list examples of statements EPA may consider false or misleading. In addition, regardless of whether a website is referenced on your product's label, claims made on the website may not substantially differ from those claims approved through the registration process. Therefore, should the Agency find or if it is brought to our attention that a website contains false or misleading statements or claims substantially differing from the EPA approved registration, the website will be referred to the EPA's Office of Enforcement and Compliance Assurance.

A stamped copy of your labeling is enclosed for your records. This labeling supersedes all previously accepted labeling and must be used at your next label printing. You must submit one copy of the final printed labeling before you release the product for

shipment with the new labeling. In accordance with 40 CFR 152.130(c), you may distribute or sell this product under the previously approved labeling for 12 months from the date of this letter. After 12 months, you may only distribute or sell this product if it bears this new revised labeling or subsequently approved labeling. "To distribute or sell" is defined under FIFRA section 2(gg) and its implementing regulation at 40 CFR 152.3.

If you have any questions about this letter, please contact Carolyn Smith by phone at (202) 566-2273, or via email at smith.carolyn@epa.gov.

Sincerely,

Jaclyn Pyne, Team Leader
Risk Management and Implementation Branch 3
Pesticide Re-Evaluation Division
Office of Pesticide Programs

ENCLOSURE: Stamped label

EVERCIDE® Residual Spray 27522

[] OR () indicates alternate or optional wording

For indoor use only

Controls numerous pests in and around commercial facilities
For Commercial and Industrial Use Only

[For Use in and Around Food and Non-Food Areas of: Warehouses, Food Processing Plants, Food Service Establishments, Truck Trailers, Railroad Cars, and Food Manufacturing and Warehousing Establishments.]

ACTIVE INGREDIENT:

Esfenvalerate [(S)-Cyano (3-phenoxyphenyl) methyl 4-chloro-alpha-(1-methylethyl) benzeneacetate]	0.25%
* OTHER INGREDIENTS.....	99.75%
	100.00%

* Contains petroleum distillate

EVERCIDE® - Registered trademark of McLaughlin Gormley King Company

KEEP OUT OF REACH OF CHILDREN **CAUTION**

A C C E P T E D

01/21/2026

Under the Federal Insecticide, Fungicide and Rodenticide Act as amended, for the pesticide registered under
EPA Reg. No. 1021-1734

FIRST AID	
IF SWALLOWED:	<ul style="list-style-type: none">Call a poison control center or doctor immediately for treatment advice.Do not induce vomiting unless told to do so by the poison control center or doctor.Do not give any liquid to the person.Do not give anything by mouth to an unconscious person.
IF ON SKIN OR CLOTHING:	<ul style="list-style-type: none">Take off contaminated clothing.Rinse skin immediately with plenty of water for 15-20 minutes.Call a poison control center or doctor for treatment advice.
IF IN EYES:	<ul style="list-style-type: none">Hold eye open and rinse slowly and gently with water for 15-20 minutes.Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye.Call a poison control center or doctor for treatment advice.
NOTE TO PHYSICIAN: Contains petroleum distillate – vomiting may cause aspiration pneumonia. Have the product container or label with you when calling a poison control center or doctor, or going for treatment. For information regarding medical emergencies or pesticide incidents, call 1-888-740-8712.	

Manufactured by

7325 Aspen Lane North
Minneapolis, MN 55428

EPA Reg. No. 1021-1734

EPA Est. No. 1021-MN-2

Net Contents: _____ Gallons (____ Liters)

PRECAUTIONARY STATEMENTS HAZARDS TO HUMANS AND DOMESTIC ANIMALS

CAUTION

Harmful if absorbed through skin. Causes moderate eye irritation. Avoid contact with skin, eyes, or clothing. Wear gloves made of barrier laminate, nitrile rubber, neoprene rubber or viton. Wash thoroughly with soap and water after handling and before eating, drinking, chewing gum, or using tobacco. Remove and wash contaminated clothing before reuse.

When applying dilution indoors as a space spray or fog, wear a minimum of a NIOSH-approved elastomeric half mask respirator with an organic vapor(OV) cartridges and combination N*, R or P filers: OR a NIOSH-approved gas mask with OV canisters; OR a NIOSH-approved powered air purifying respirator with OV cartridges and combination HE filters.

ENVIRONMENTAL HAZARDS

This product is toxic to fish and other wildlife. For terrestrial uses: Do not apply directly to water, or to areas where surface water is present or to intertidal areas below the mean high water mark. Do not contaminate water when disposing of equipment washwaters or rinsate.

PHYSICAL OR CHEMICAL HAZARDS

Combustible. Do not use or store near heat or open flame.

DIRECTIONS FOR USE
It is a violation of Federal law to use this product
in a manner inconsistent with its labeling.

EVERCIDE® Residual Spray 27522 can be mixed with an EPA registered insect growth regulator or pyrethrin-containing product for use in areas where these products can be sprayed. Please check specific product labels for directions before using these products as a tank mix. Do not tank mix this product with products containing dichlorvos (DDVP) insecticide.

USE RESTRICTIONS:

- Do not apply directly to food. Cover or remove all food and food processing equipment during application. After spraying in meat packing facilities, bakeries and other food processing plants, wash all equipment, benches, shelving, etc. where food will be handled with an effective cleaning compound and then rinse with potable water.
- Do not spray plants to be used for food or feed.
- Do not allow children or pets to contact treated surfaces until dry.
- Do not apply to the immediate area of institutions (including libraries, sport facilities, etc.) when occupants are present.
- Do not allow to enter indoor or outdoor drains.. No permita la entrada a desagües internos o externos.

{Note to reviewer: Pictogram must be no smaller than 1.5 cm² or 0.25 sq. in. unless size is greater than 10% of label size}

FOR INDOOR USE:

GENERAL: Use EVERCIDE Residual Spray 27522 insecticide to control the pests indicated in the listed areas as a contact spray by mixing 13 or 26 fl. oz. of product in one (1) gallon of oil and mix thoroughly before use. Thirteen (13) fl. oz. of product per gallon of oil will make a spray solution containing 0.0253% active ingredient; 26 fl. oz. of product per gallon of oil will make a spray solution containing 0.051% active ingredient. For initial clean out of heavy infestations, use 26 fl. oz. of product per gallon of oil; for maintenance control or light infestations use 13 fl. oz. of product per gallon of oil. Use an oil that is an odorless light petroleum hydrocarbon as defined by CFR Title 21, Sec. 172.884 for all food areas and food related applications. For all applications of contact sprays, use at the rate of one (1) gallon of diluted spray per 1,000 sq. ft. of surface area.

For Application ONLY Within Food and Non-Food Areas of Food Service and Handling Establishments (Places Other Than Private Residences) including but not limited to: Restaurants, Grocery Stores, Bakeries, Food Manufacturing and Processing Establishments, and Food Warehousing Establishments. Do not treat establishments where livestock feed is present.

Food Areas include areas for Receiving, Storage, Packing, Bottling, Canning, Wrapping, Boxing, Preparing, Edible Waste Storage, and Enclosed Processing Systems (Mills and Dairies). Serving areas are areas where prepared foods are served, such as dining rooms, but excluding areas where foods may be prepared or held. Non-food areas include garbage rooms, lavatories, floor drains to sewers, entries and vestibules, offices, locker rooms, boiler rooms, machine rooms, garages, mop closets and storage areas for canned or bottled goods.

As a Surface Spray:

To kill Accessible Stages of Granary Insects: Rice Weevils, Confused Flour Beetles, Rust Red Flour Beetles, Sawtoothed Grain Beetles, Cadelles, Meal Moths (larvae and adult), Cigarette Beetles, Drugstore Beetles, and Granary Weevils: Apply as a coarse wet spray with a low pressure sprayer (less than 20 psi) to surfaces where these pests are normally found, such as floors and baseboards, and around walls, benches, and pieces of equipment. Apply at the rate of one (1) gallon diluted spray per 1,000 sq. ft. of surface. Pay particular attention to cracks and crevices and similar protected locations in floors and walls. Spray thoroughly around and into floor drains, on non-food conveyors, and other areas where granary insects may be found. Do not apply when food-processing facility is in operation or foods are exposed. Do not apply this product to surfaces or utensils that may come into contact with food, as excessive residues may result. Treat surfaces to ensure thorough coverage but avoid runoff.

Repeat application as needed but do not exceed more than one (1) application every fourteen (14) days.

To kill Ants, Centipedes, Cockroaches, Crickets, Earwigs, Millipedes, Psocids, Pillbugs, Scorpions, Silverfish, Sowbugs, Spiders, and Waterbugs: Apply as a coarse wet spray with a low pressure sprayer (less than 20 psi) into all cracks and crevices in woodwork and floors, under sinks, areas behind pipes, in utility service boxes, and in all areas that harbor these insects. Apply at the rate of one (1) gallon diluted spray per 1,000 sq. ft. of surface. Contact as many insects as possible. Repeat applications as needed but do not exceed more than one (1) application every seven (7) days in restaurants and similar food service establishments or more than one (1) application every fourteen (14) days in all types of food handling establishments.

As a Space Spray:

To kill House Flies, Mosquitoes, Gnats, and Small Flying Moths: Close room and turn off air conditioning or ventilating equipment or fans. For space spray applications, use this product undiluted at the maximum level of active ingredient (0.25%). Use in a (brand name) mechanical aerosol fogger or generator that produces particles of thirty (30) microns or less aerosol size. First, direct spray into all cracks and crevices, behind all equipment, appliances, and cupboards, or in any dark harborage areas. Next treat as a space spray, directing the spray towards the ceiling and upper corners of the room. Apply at the rate of one (1) fl. oz. spray per 1,000 cu. ft. of space. Keep areas closed for at least 1/2 hour. Do not remain in treated area. Ventilate area thoroughly before re-entry. Do not repeat application more than once every three (3) days.

To kill Adult and Accessible Forms of Rice Weevils, Yellow Mealworms, Cadelles, Confused Flour Beetles, Sawtoothed Grain Beetles, Angoumois Grain Moths, Mediterranean Flour Moths, Indian Meal Moths, Cigarette Beetles, Grain Mites, and Cockroaches: To treat Warehouses, Storage Rooms, and similar locations: Remove and destroy or fumigate and treat infested stored products (stored in multi-walled cloth or paper bags) with a product approved (labeled) for that use. Use as described above in a mechanical aerosol fogger (brand name) at the rate of one (1) fl. oz. per 1,000 cu. ft. of space. Keep area closed for at least 1/2 hour. Do not remain in treated area. Ventilate area thoroughly before re-entry. Do not repeat application more than once every three (3) days.

Do not apply when food processing facility is in operation or food is exposed. Do not apply this product to surfaces or utensils that may come in contact with food. Thoroughly clean food contact surfaces and equipment with an effective cleaning compound and rinse with potable water before use.

FOR PREMISE PESTS:

Application within Non-Residential Buildings including Non-Food Areas of Industrial, Institutional and Commercial Buildings, Hotels, Warehouses, Truck Trailers, Theaters, and Office Buildings.

GENERAL: Apply as a coarse wet spray with a low pressure sprayer (less than 20 psi) to thoroughly treat insect hiding places such as cracks, crevices, moist areas around pipes and utility service boxes, under refrigerators, and along baseboards to control insect pests listed below. Apply at the rate of one (1) gallon diluted spray mixture per 1,000 sq. ft. of surface. When possible, spray insects directly. Keep people and domestic animals off treated areas until dry. Do not treat establishments where livestock feed is present. Do not apply to institutions (including libraries, sport facilities, etc.) when occupants are present in the immediate area. To treat insects harbored in voids and cracks-and-crevices, applications must be made in such a manner to limit dripping and avoid runoff onto untreated structural surfaces and plants.

To kill Ants, Centipedes, Crickets, Cockroaches, Earwigs, Millipedes, Psocids, Pillbugs, Sowbugs, Spiders, and Waterbugs: Apply to areas where these pests are found or may hide, including dark corners of rooms, storage rooms and closets, cracks and crevices in floors and walls, between building construction elements, along baseboards, door, and window frames, behind and beneath sinks, stoves, refrigerators, and cabinets, and around garbage cans, bins, dumpsters, plumbing, and other utility service installations. Directly spray pests flushed from hiding. For Ants, spray ant trails, door thresholds, door and window frames (outdoors and indoors), and wherever these pests may find access into the building.

To kill Carpenter Ants: Use 26 fl. oz. of product in one (1) gallon of oil to make a 0.051% active ingredient spray solution and apply as a coarse wet spray using a low pressure sprayer (less than 20 psi). Apply into cracks and crevices, through openings into wall voids, or drill small holes and spray into wall voids where these ants or their nests are found.

STORAGE AND DISPOSAL

Follow proper disposal procedures on this label. Siga las indicaciones del etiquetado para el desecho apropiado del producto.

Do not contaminate water, food, or feed by storage and disposal.

PESTICIDE STORAGE:

Store in a cool, dry area under lock and key. Post as a pesticide storage area. Always store pesticides in the original container. Store away from food, pet food, feed, seed, fertilizers, and veterinary supplies. Place liquid formulations on lower shelves and dry formulations above.

PESTICIDE DISPOSAL:

Do not pour or dispose down-the-drain or sewer. To avoid wastes, use all material in this container by application according to label directions. If wastes cannot be avoided, call your local solid waste agency for local disposal options.

CONTAINER HANDLING:

Non-refillable container. Do not reuse or refill this container.

Triple rinse container (or equivalent) promptly after emptying. Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank and drain for 10 seconds after the flow begins to drip. Fill the container $\frac{1}{4}$ full with diluent and recap. Shake for 10 seconds. Pour rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Drain for 10 seconds after the flow begins to drip. Repeat this procedure two more times. Then offer for recycling if available, or puncture and dispose of in a sanitary landfill or by incineration. Do not burn unless allowed by state and local ordinances.

[] Denotes optional triple rinse instructions for containers with a capacity greater than 5 gallons.

[Triple rinse as follows: Empty the remaining contents into application equipment or a mix tank. Fill the container $\frac{1}{4}$ full with diluent. Replace and tighten closures. Tip container on its side and roll it back and forth, ensuring at least one complete revolution, for 30 seconds. Stand the container on its end and tip it back and forth several times. Turn the container over onto its other end and tip it back and forth several times. Empty the rinsate into application equipment or a mix tank or store rinsate for later use or disposal. Repeat this procedure two more times.]
